

American Manchester Terrier Club

Newsletter

August 2020

Phyllis Andreasen died this past July 10. She was 87 years old. Despite the fact that she had pretty much stopped breeding and showing, she will be greatly missed, especially by those of us who knew her and loved her. She was a very, very special lady.

Phyllis and her husband Carl were breeders of collies until necessity made them buy a Toy Manchester Terrier. They had moved to a new house whose property was overrun with critters. They needed something small to rid the land of its varmints. They met Ellie Puleo at a dog show, and she suggested that they take one of her Toy boys. That was it.... they were hooked. They got a dog they named Golden Scoops Lord Nelson. The rest is history.

Under the kennel name of Busy Bee Phyllis produced some awesome dogs, including the dog who was at that time top stud dog – CH, Busy Bee Lord Byron, aka Rambo. Phyllis' dogs contributed to the Toys of today, and Phyllis contributed to the dog world. She was president of the AMTC, and AKC delegate. For years she was the secretary/treasurer of the Delaware Manchester Terrier Club. She was also active in her local all-breed club Trenton Kennel Club and Hunterdon Hills Collie Club, a proud member of her local

Phyllis Joy Andreasen

Busy Bee Manchester Terriers

December 30, 1932 ~ July 10, 2020

chapter of the Lions Club and an incredibly active member of the Eastern Stewards Club. She was obedience chair for Trenton, and she was showchair for at least one AMTC national held in New Jersey.

Phyllis would go to a dog show, and after showing her dogs, she would steward. As many of you know it is a thankless job, but one without which no dog show can function. She was generous with her time and her knowledge, always kind and always available when needed.

Sitting and talking to Phyllis was something I always looked forward to when I went to a show. She was a good friend, and an exceptionally fine person. I will miss her,

Roberta Berman

President's Message

Susan Thrasher, AMTC President

I hope this message finds everyone safe and well. As you probably know, we have had to cancel our plans for our National Specialty in Lexington in late August this year. We are now working on our 2021 National to be held in Kalamazoo, Michigan over Memorial Day week-end.

Our show committee is working hard.

We have very few dog related activities going on at present due to this pandemic, and I'm sure all of you miss them , as well as seeing all our friends

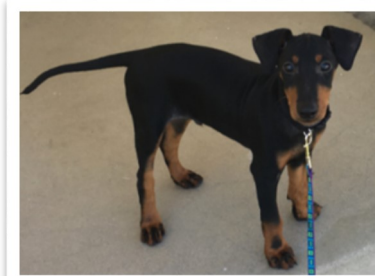

at shows, trials, etc. Hopefully, we'll be able to return to our usual activities sometime soon. Please take care of yourselves, your loved ones, and all your furry friends.

Notes from the Editor

Sam Hessel

1891 was an interesting year. It is the first year that the "Cruft's Greatest Dog Show" —was held at the Royal Agricultural Hall, Islington. It is also the year that the American Book of the Dog was published. It took a different approach to writing and used many considered experts of the different breeds to write about the dogs they knew best.

This issue features articles written about and by Dr. H.T. Foote of Rochelle Kennels during the year of 1891.

The Black and Tan experts at the time as noted in Field and Stream were — in England, T. Ellis and W. Adams. In America, Dr. H. T. (Hubert Townsend) Foote and J. F. Campbell.

Dr. H.T. Foote

Dr. Foote wrote the section on the Black and Tan Terrier for the American Dog book 1891, and The dog and how to breed, train and keep him 1894.

Dr. Foote, was a successful physician, veterinarian, AKC delegate for the Toledo KC, Atlanta KC, and Scottish Terrier Club of America, A member of the AKC Executive Board and Chairmen of Membership (1898), and a noted breeder of Wires and Manchesters. At the time he was a strong supporter of the Black-and-Tan Terriers (Manchester) for approximately 20 years.

"It was not until Dr. Foote of New Rochelle took up this breed that we got a fancier with the necessary persistence. For it is one of the hardest to breed to perfection... Dr. Foote stuck with it for twenty years until Mrs. Foote took

Approved Events

District 2 Specialty

Friday, December 11,
2020

Orlando, FL

Event# 2020058617

Judge: Mr. Brian Meyer (15140)

Closes: November 25, 2020

No Sweeps

The vacancy of AMTC District 2 Governor is now filled by the appointment of Wendy Schober.

While new to the AMTC, Wendy brings experience from her time in Shar-Peis and horse shows. She brings fresh, new ideas and is very enthusiastic to learn all about Manchesters. Please be sure to welcome her.

Thank you Wendy for volunteering. If the above listed Specialty is held she will be mentored by Ms. Robin Gates, before and during the show.

To learn more about Wendy, see page 49

2021 Membership Dues change

The Board has approved a slight increase to the Dues beginning in 2021

Please fill out
the **NEW** dues renewal form
which can be found on page 54

Notes from the Editor—Continued

CH. BRUNSWICK DUCHESS (49391)
Sir Alfred II ex West End Maiden
Dr. H. T. Foote, owner

up Scottish Terriers and he fell victim to their enticing qualities.”

It is written that the breed fell on hard times in the US after he and his wife switched to Scottish Terriers. As late as 1901~1902 Dr. Foote was the Honorary President of the newly formed Black and Tan Club of America and Fred “F.C” McLean “King of the Manchesters” was President. Dr. Foote, George G. Mitchell and R.J. McGaughey donated a silver cup called The International Cup which was valued at the time to be \$100 to the newly formed club.

Dr. and Mrs. Foote continued to show Black and Tans. In 1902 there are mentions of Rochelle’s Ringcraft, Ticket, Clicker, Blinker, Winker and Brunswick Dutchess. They were also showing Scottish Terriers and Fox Terriers (smooth). They won the Ladies Kennel Association of America the Best Brace (dog and bitch) for Black and Tan Terriers. Mrs. Foote was a member of this association. It is around this time that Dr. Foote contracted

Tuberculosis, which would trouble him for the next ten years.

By 1906 Dr. Foote was the Vice President of the Scottish Terrier Club of America and is still showing Black and Tan Terriers.

In the Dog Book, 1906; V.I - Dr. HT Foote is noted for the unique kennels he used:

“Perhaps the most unique kennel is that Dr. Foote recently had at New Rochelle, consisting of rows of

Dr. H.T. FOOT’s KENNELS FORMERLY AT NEW ROCHELLE

The dogs were kenneled in the petroleum barrels and their chains attached to rings sliding on wires which extended to another row of spruce trees

empty kerosene barrels and about thirty yards of galvanized wire strung from a tree behind each barrel to a tree in a parallel line. About twenty dogs were so kept summer and winter, the barrels being sheltered from the sun by the evergreen under which it was placed, and a sack over the entrance in winter be-

ing all that was necessary for the occupants, which were mainly fox-terriers, smooth and wire-coated. Dr. Foote's black-and-tan terriers, of which breed he was a leading exhibitor at that time, were not constitutionally strong enough to stand that style of kenneling in the winter. This is simply carrying out the method of chaining a dog to an overhead wire as suggested for the watch-dog, and applying it to a number of dogs. In this case there was the starting-point of two rows of trees a suitable distance apart."

and in V.II is mentioned in the table of contents:

"Black and Tan Terriers: Early Descriptions of its Exclusive Characteristics—The Large or Manchester Variety—First American and Canadian Importations—Mr. Lever the First Systematic Supporter of the Breed —Dr. Foote's Long Connection with the Rochelle Dogs—Now an Almost Exclusively Canadian Dog."

Dr. Foote was reputed to be a man of considerable wealth, partly inherited -from his father who was a well know Doctor, Dr. EB Foote, who wrote a number of books including Medical Common Sense and founded the Thomas Paine National Historic Association.

The Foote ancestry can be traced back through Captain John Foote who fought in the American Revolution and to Nathaniel Foote who born in England settled in the colonies in 1633.

Dr. Foote, married Annie Elroy (Thomas) Foote. Her father was the press agent

for the Barnum and Bailey Circus. Annie at the age of 14 would be the first female to ascend in a hot air balloon over Madison Square garden and her pilot safely landed them in New Haven.

Together H.T. and Annie had two daughters Elroy and Irene. Irene would go on to be a famous lady of fashion and ballroom dancing and lead the craze for ragtime with her husband Vernon Castle Blythe. She is known as Irene Castle.

A film was made about her and her first husband Vernon which feature Ginger Rogers and Fred Astaire. Irene would late go on to found Orphans of the Storm, a refuge for stray dogs, which is still in business today.

Irene wanted to be know for her work with animals rather than dancing.

Dr. Foote died on May 18, 1912 at the age of 53 after his long battle with tuberculosis.

Irene was in Europe at the time of her father's death and traveled by Steam Ship back to the USA just over one month after the Titanic sunk.

Take care, stay safe and healthily

BLACK AND TAN TERRIERS, ONE MONTH OLD, BY "CHAMPION BROOMFIELD SULTAN."

The Illustrated American January 1896

THE BLACK AND TAN TERRIER *The American book of the dog*, Edited by G.O. Shields ("Coquina") [and others] 1891

By H. T. Foote, M. D., W. S.

THIS breed has the distinction, if previous writers are correct, of being the source of nearly or quite all breeds of Terriers. According to the earliest history of the dog, there existed in England a rough-haired Black and Tan Terrier thicker in skull, shorter in head, and stockier in body. The tan of these dogs was extensive, and of a lighter shade than that usually seen on modern specimens. They went to earth after game, and had great stamina and courage. According to Youatt, smooth-coated Terriers came from crossing these dogs with Hounds, and long-coated Terriers from crossing with curs. From crossings with other pure breeds, the various fancy breeds of Terriers have been established.

So far as the Black and Tan is concerned, he has, during the past few centuries, evolved into a more delicately and gracefully built animal, with short, fine, smooth, and jet black coat over the greater part of the body, and with a small amount of much darker tan. The thumb-marks, pencilings, and "kissing-spots" have been developed, the head has lengthened, and, like his body, is narrower than formerly. With this change in his physical make-up, it is not surprising that he has, at the same time, lost some of his combativeness and courage; yet one now occasionally sees a specimen that manifests all the fighting qualities and Terrier instincts that the early Terrier was so famous for, and, as a whole, no breed can surpass the modern Black and Tan for natural rat-killing abilities. He gives a sharp

nip, and turns from one rat to another without delay.

Early in 1889, a great rat-baiting contest was held in Antwerp. The rats came from the sewers of Paris, and were large and ferocious. The Black and Tan won, killing the most rats, and in the shortest time. The competition was large, pretty much all breeds of Terriers being represented. What the best record is for killing rats I do not know, but an example of the rapidity of movement of a Black and Tan Terrier is shown in the record of Shaw's Jacko, who killed one hundred rats in less than seven minutes.

It is as a clean, alert house-dog and a bright, handsome companion that the Black and Tan Terrier has gained a reputation equaled by no other breed; and this is one of the few points upon which all authorities on doggy matters seem to agree.

It is as a clean, alert house-dog and a bright, handsome companion that the Black and Tan Terrier has gained a reputation equaled by no other breed; and this is one of the few points upon which

all authorities on doggy matters seem to agree. His color and shortness of coat render the few hairs he may leave about unnoticeable. He is quickly house-broken, and as a burglar-alarm no modern electrical contrivance can compare with him. He is not quarrelsome, and avoids trouble with other dogs or people so far as possible; but once he is aroused, the instinct of his ancestry gives him all the necessary courage and cunning to stay in the fight to the finish. In the kennel, a number of this breed can be kept together regardless of sex, and it is rare that any ill-nature crops out.

(Continued on page 11)

On the bench, length and narrowness of head and correctness of markings have had great weight, and perhaps not enough attention has been given to other points, especially to Terrier character in expression, and to good legs and feet. The specimen I have selected for illustration, Meersbrook Maiden (13744), is strong in these particulars, and has not the extreme of length and narrowness of head. She

has twenty wins to her credit in England, and during 1887 and 1888 competed successfully with the best specimens of the breed in that country.

Since coming to America, she has added to her list of wins, and recent criticisms in our

sporting papers, giving reports of shows, are to the effect that she outclasses all other specimens in this country at present. This bitch has improved wonderfully since she came here, and I do not believe that she was ever shown in as good form when in England as she is now in, although at the time this photograph was taken she was too fat.

Kaiser, owned by John F. Campbell, of Montreal, and his litter sister, Rochelle Lass, are next in order of merit among those in this country. Both have manifested excellence in competition on the bench, and are important acquisitions to the breed. Edward Lever was one of the earliest to

introduce the breed here, and the blood of his Champion Vortigern flows in the veins of about all the good home-bred ones that have been seen. Vortigern was a thoroughly game dog, and he held in no fear the drawing of a badger or a tussle with a Bull Terrier. Now that more perfect specimens are being imported, we may look for marked and rapid improvement in this breed, and

it is to be hoped they will receive the recognition that they so much deserve.

There have been but few successful breeders, and among those most prominent in England was Mr. Samuel Handley, of Manchester. He devel-

oped the most perfect specimens of the breed in his time, and his kennels became so noted that the breed has since been known in England as the "Manchester Terrier." As, however, it was known as the Black and Tan Terrier for a long period before Mr. Handley became prominent, it would be better to go on with the breed with its original name. Among later breeders and exhibitors, Mr. Henry Lacy and Mr. Thomas Ellis have been prominent.

Among noted dogs that can be found in the pedigrees of most good specimens of the present day,

(Continued on page 12)

BLACK AND TAN TERRIER PUPPIES.

By Dick ex Meersbrook Maiden. Owned by Dr. H. T. Foote, 120 Lexington avenue, New York City.

THE BLACK AND TAN TERRIER – 1891—Continued

(Continued from page 11)

are Saff, Belcher, General, Sir Edward, Burke, Wallis, and General III., and the most noticeable of our present specimens are Lord George, Prince George, Kenwood Queen, Broomfield Turk, Pearl, Vesper, and the subject of my illustration, Meersbrook Maiden.

The idea that cropping is essential to the breed has done much to retard its way into popular favor. Breeders have given no attention to natural ears, and have rather developed coarse ears that would carry well when cropped. There is no more reason for cropping the Black and Tan than there

is for cropping the Fox Terrier, Pug, Bulldog, and other breeds that not many years ago were considered unsightly with their natural ears. It will take some time to breed the natural ears on the Black and Tan, but there will be every inducement for breeders to strive in this direction if owners will be satisfied to put up with and accustom themselves to the uncropped ears, and bench-show judges will follow the example set by the judge of this breed at the New York show of 1890, in giving the uncropped dogs an equal chance, and perhaps showing them more favor than he did the cropped dogs. At all events, a Black and

Tan with good natural dropped ears, similar to those of a Fox Terrier, is just as sprightly in appearance as is this Terrier; and once the cropped ears go out of fashion, we will wonder why cropping was ever tolerated.

It is not surprising that in a breed that has depended so much on marks as has the Black and Tan, it is difficult to approach the goal of perfection

BLACK AND TAN TERRIER—MEERSBROOK MAIDEN.
Owned By Dr. H. T. Foote, 120 Lexington avenue, New York City.

Few specimens develop with anything like perfect marks. The tendency is to one or more of the following faults: Too much tan, too little tan, indistinctness of outline between the tan and the black, tan on the outside

of the hind quarters, tan on upper surface of the ears; and while tan may be too extensive on some parts, it may be wanting in others. Another, and perhaps worse fault, is white under the breast; and in spite of all efforts to breed them without such markings, it will appear on about one puppy in every six or eight. Some puppies will show it when first born, and it will disappear with surprising rapidity within a fortnight, while others are thus blemished for life. It is a fault that is considered fatal to bench-show form; and although I think too much stress is laid upon this point, it is

(Continued on page 22)

Kathy Nissen, Secretary

AMTC May 27th, 2020 Teleconference Board Meeting Minutes

The May 27th, 2020 AMTC teleconference board meeting was brought to

order at 7:33 p.m. CDT by President, Susan Thrasher.

Roll Call: Present: Pres., Susan Thrasher; 1st V.P., Christina Caridis; 2nd V.P., Roberta Berman; Secretary, Kathy Nissen; Treasure, Dianna Texter (late); Board Members: Beverly Leidner, Patrick Mackesey, Ellen Murtagh. Absent: Jean Good. A quorum was in attendance to conduct official business.

President's Report: Susan Thrasher - none

1st V.P. Report: Christina Caridis addressed later in to the meeting

2nd V.P. Report: Roberta Berman addressed her receipt of two nominees for the Outstanding Sportsmanship Award – Christina Caridis and Kathy Nissen noting their hard work on behalf of the club and our breed. Roberta requested board votes for their choices be sent directly to her for results to be noted later.

Secretary's Report: Kathy noted we have two new applications for publication in the August issue of the newsletter.

Treasurer's Report: Dianna noted since the club is incorporated in Washington State, a state ID

number is not necessary for California, therefore, Dianna will contact the State of California to remedy this matter.

Dianna presented her report on the financial status of the club which will be uploaded to the website at a later date. Dianna also presented information pertaining to additional insurance coverage for potential theft, fraud, etc. and quoted coverage and pricing. While it is realized, an occurrence of theft of club monies, properties, etc. would likely never take place, in this day and age of computer hacking, etc.; it was felt the club did need to protect its assets. Two options were presented -one covering basic theft with a premium of \$394.00/year, and the second covering six potential options, noted below, with a premium of \$491.00/year. Following several questions by the board and all information being presented by Dianna and taking the cost of broader coverage into consideration, the board suggested we go with the second option. Where stated in the policy in reference to employees, this will be revised, as suggested by the insurance agent, to club officers and volunteers. Areas covered would be:

1. Club Officer/Volunteer Dishonesty
2. Forgery or Alteration
3. Inside the Premises – Theft, Disappearance, Destruction
4. Outside the Premises – Theft, Disappearance, Destruction
5. Money Orders and Counterfeit Paper Currency
6. Computer Funds and Transfer Fraud

A motion was made by Christina Caridis to approve Treasurer, Dianna Texter's, contacting the

Reports from the Secretary—Continued

club's insurance company to add the additional broad coverage as noted above. Patrick Mackesey 2nd the motion. All in favor. Motion carried.

UNFINISHED BUSINESS:

***2021 AMTC National:** Christina presented the board with information regarding the schedule of events and noted she is currently working with the host hotel in regard to clarifying pet fees. Once more information is gathered regarding the host hotel's pet fee, Christina will report to the board.

***2020 AMTC National:** As the membership has been informed, the 2020 AMTC National event has been canceled due to the hosting clubs, Bluegrass Cluster, canceling their events due to the current pandemic. Prior to the board meeting, the board had discussed possible options for holding this national and all its events at a different location and date. Orlando in December was one of the options discussed. With the uncertainty of the current pandemic and the unknown of if other considered events would take place, the time frame and expense to organize, distance needed traveled, 2021 being only 5 months away from this event, the board was in agreement not to hold 2020. Members were notified by email and the club's Facebook group. It was brought to the attention of the board what to do about the 2020 Annual General Membership Meeting. More information pertaining to this is found under NEW BUSINESS.

***Transport of Archives** – due to the current pandemic, this has been put on hold until such time

as it is felt safe for organizing volunteers for organizing and packing of the club's archives.

***Survey Monkey** – Christina noted Jessica Walker, Sherrill Printemps and Gary King have offered to volunteer to draft various club/breed related surveys for the membership to participate. Since a member of the board needs to be on this committee, President, Susan Thrasher, suggested and asked Christina to chair this committee. The board concurred and Christina agreed to chair this committee.

***Breeder Education Committee** – tabled to a later time.

***Newsletter Cost** – no costs submitted at the time of this meeting.

***Report Regarding License Plate Frame Fund Raising Project** – Christina noted there is a lot of interest in this project and a great amount of interest from those wishing to donate funds toward receipt of this frame gathered from the Am. Manchester Terrier Fans page alone. Pricing for approximately 60 frames will be looked into and information presented to the board at a later time.

NEW BUSINESS:

***With the 2020 AMTC National event being cancelled as noted in OLD BUSINESS, the board discussed, at great length possible options for holding our 2020 Annual General Membership Meeting.**

Our By-Laws state: Article II Meetings Section

1. Annual Meeting: “The Annual Meeting of the Club shall be held in conjunction with the Club’s annual National Specialty Show, if possible, at a place, date and hour designated by the Board of Directors.” Our National event was canceled due to the pandemic which had been declared a National Emergency at the time of these meeting minutes. It still exists, thereby negating the possibility of holding our Annual Meeting during this event.

Further discussion ensued with concerns as to how to set a new location in a timely manner for the membership to consider physically attending a meeting only event. Would enough members travel to attend a physical location, would another venue be canceled due to the pandemic.

The board noted there is no old business to carry over nor pending crucial new business to necessitate holding an annual meeting for 2020.

Utilizing Zoom was also discussed. In order to do so, members would need to download the program to their computer, smartphone, tablet, etc. and become familiar with the program and in addition, it would take a great deal of time for all ‘attending’ members to log in and become familiar with and organized in order to conduct business. Again, would enough members attend utilizing this venue? The club does have members that do not utilize the various forms of social media.

Following a great deal of discussion, the board agreed that cancelling our 2020 Annual General

Membership meeting would be in the best interest of the membership and club. Roberta Berman made the motion, with no business needing carried over from 2019 to 2020 for discussion and no business currently on the proposed tentative 2020 annual meeting agenda, the 2020 Annual General Membership meeting shall be canceled until our 2021 event/annual meeting, and in light of the current pandemic and future unknowns.

Beverly Leidner, 2nd.

All in favor, motion carried.

***The board received a request from Karen Langlois, Agility Chairperson**, for a budget of up to \$400 to restock ribbons for upcoming agility trials. Karen also requested she be able to order ribbons from Stineman. A motion was made by Dianna Texter to provide the requested amount of \$400 contingent on Karen contacting Hodges and Stineman for a cost comparison as discussed. Motion 2nd by Patrick Mackesey. Dianna will notify Karen informing her of the board’s request and approval upon her comparing costs with Hodges since they have our die on hand, and with Stineman for a cost with the addition of the latter creating a die for these ribbons and submits her findings to the board.

***Late Dues Renewals:** Dianna noted several members paid their dues past the March 1st grace period as noted in our Governing documents, however, due to circumstances noted by lapsed members, late fees were waived by the board. **Please note: Dues are payable on or before the first day of January of each year.**

During the month of November, the Treasurer shall inform each member of dues for the ensuing

Reports from the Secretary—Continued

year by mail or email statement or notice in the club newsletter. Without exception, voting powers shall be denied members whose dues are unpaid as of the date of any club balloting. If dues are not paid by the March 1st grace period, all lapsed members shall be considered terminated and must submit a letter requesting reinstatement of their membership along with the \$10 late fee.

***2022 AMTC National Possibility** – 1st V.P. Christina Caridis, provided information submitted to her by Dist. 4 Governor, Robin Gates as a possible location for our national event in 2022. Information provided lists the possibility of our event being held in conjunction with the Lone Star Classic (Greater Collin KC, Texas KC, Trinity Valley KC) with the location being Dallas Market Hall in Dallas, Texas and held July 7-10, 2022. There are no companion dog events at this site but a potential companion event site may be “What a Great Dog”. The cluster would be willing to use our judge to offset costs. Onofrio would be the Superintendent. More info will be submitted by Robin at a later date.

***Manchester Terrier Database Team** – Christina reported to the board that a team has been set in place to form a worldwide database for the Manchester terrier. The team consists of: Michele Barlak, Christina Caridis, Sam Hessel, Donna Young, Amanda Kelly, Carolyn Inch, Jodi Whitehead and Samantha Avenall. All are currently in the process of merging approximately three databases each containing approximately 30,000 entries. Christina also informed the board the team had discussed setting up an unlimited use Zoom

account that would allow the team to work together for consistency of the database. The Canadian club would be willing to go in half for its cost, however, with our club’s business and discussions already utilizing the use of email, official website, social media venues, etc., it was agreed that perhaps the AMTC should pay the entire annual cost of \$149.00. It was suggested our monthly board meetings could utilize the program and in the future the club could possibly realize other options for its use. The hard work and dedication of this team creating this wonderful database will be an extremely useful tool for our club members. Donna Young is currently looking for a web interface that will contain the database for access. A motion to approve the AMTC paying \$149.00 for a year of use of the unlimited Zoom program was made by Dianna Texter and 2nd by Ellen Murtagh. All in favor, motion carried.

***District 2 Governor** – Christina noted a new applicant located in District 2 has expressed interest in the open Governor position for that district. The applicant has several years of experience putting on horse shows and is currently showing two manchesters. Prior to considering this applicant for the position, 1st VP, Christina Caridis will email all members of District 2 and ask if anyone is interested and will report her findings to the board at the next meeting in June.

***The board discussed a letter submitted by Gary King** which is now archived in the AMTC Members Only Facebook Group’s document files. Mr. King presented some excellent thoughts of concern: 1) Breed Genetic Diversity being critical for breed health. 2) Strategies for increasing the MT

Reports from the Secretary—Continued

population. 3) Increasing the number of responsible breeders. 4) Building resources for addressing challenges.

***Various types of 501c3 status offered by the AKC were addressed by the board.** The board was in agreement not to pursue this status as it is not financially beneficial to our club nor the welfare and preservation of our breed.

Please see Page 19 for an excerpt from the Dog Press regarding 501c3 Dog Clubs

*A matter of concern was brought to the board's attention, discussed and resolved.

***No further business.** Motion to adjourn the May 27th teleconference board meeting made by Dianna Texter. 2nd by Ellen Murtagh. All in favor, motion carried. Meeting adjourned at 9:17 p.m. CDT.

Respectfully,
Kathy Nissen
AMTC Sec'y

June 24, 2020 AMTC Board Meeting Minutes

The June 24th, 2020 monthly teleconference board meeting was brought to order by President, Susan Thrasher, at 7:36 p.m. CDT.

Roll Call: Pres. Susan Thrasher, 1st V.P. Christina Caridis, 2nd V.P. Roberta Berman, Secretary Kathy Nissen. Board members: Jean Good, Bev Leidner,

Patrick Mackesey. Absent: Treasurer, Dianna Texter and board member Ellen Murtagh. A quorum was present to conduct business.

President's Report: Nothing to report.

1st V.P. Report: Christina Caridis provided information regarding the proposed contract from the host hotel (4 Point Sheraton Marriott) for our 2021 AMTC National in Kalamazoo, MI. The hotel proposed an extreme cancellation stipulation that could possibly cost the club a large sum of money should the AMTC need to cancel utilizing the hotel for any reason, including the current pandemic. The board was in complete agreement the hotel's cancellation stipulation was excessive, not to sign the contract and look into another hotel for 2021. Christina will report back to the board at the July meeting.

AMTC 2022 National proposal – nothing formal has been presented, however, Dist. 4 Governor, Robin Gates, is currently in the process of drafting one for a location in or near Dallas, Texas.

Secretary's Report: Kathy requested the board vote to approve three new member applicants as published on the AMTC website and in the May Newsletter: Mary Gordon Guthrie, Michael and Wendy Schober and Julie Longshore (Junior). Roberta Berman made a motion to approve the three applicants. Patrick Mackesey 2nd. All in favor. Motion carried. Kathy will notify the new members and send out their membership packets.

Kathy also noted we have two new pending family

Reports from the Secretary—Continued

applicants. They are currently listed on the AMTC website in the members' only section.

Treasurer's Report: Dianna Texter was absent.

Old Business:

- Report on possible survey utilizing Survey Monkey – nothing new to report
- Report on cost of May issue of our newsletter – Dianna absent – nothing to report.
- Update on license plate frame fund raiser for AMTC – nothing new to report.
- Karen Langlois, Agility Chair, request for \$400 to replenish trial ribbons contingent on cost comparison as noted in May's meeting minutes – nothing to report at this time.
- District 2 Governor Vacancy – The board previously requested 1st V.P. Christina Caridis, send a letter to the members of District 2 to see if any member in the district is interested. Christina will send the members of District 2, the board approved letter immediately.
-

New Business: None

Motion to adjourn the June 24th, 2020 AMTC Board meeting made by Bev Leidner. 2nd by Jean Good. All in favor. Motion carried. Meeting adjourned at 7:52 p.m. CDT.

Respectfully, Kathy Nissen AMTC Sec'y

July 29, 2020 AMTC Board Meeting Minutes

There was not a quorum of the Board in attendance to conduct official business at the July 29th, 2020 teleconference AMTC Board meeting.

The next teleconference Board meeting will be held August 26, 2020.

Respectfully Submitted,
Kathy Nissen
AMTC Sec'y

When a dog club chooses to convert to a tax exempt *charity*, unforeseen effects can destroy the club's purpose and the preservation of purebred dogs.

Mar 2015 | TheDogPress.com | Copyright © TheDogPress.com
J. Byer, Jr., Research Editor

Becoming a 501(c)(3) tax exempt charity it is very much like the fellow who found it difficult to remember his initial objective was to drain the swamp when he was up to his arse in alligators.

Organized religion was coerced into a corporate changeover that moved it under I.R.S. controls. Prior to 1954, there was no such thing as a 501(c)(3) church. Then in 1954, Senator Lyndon Baines Johnson (D Texas) sponsored legislation which brought churches under the new 501(c)(3) section of the Internal Revenue code. As a part of this legislation, churches would incorporate thus subjugating their God-given mandate to the authority of the federal government. Do you still believe in separation of church and state? Did the dog world also sell its soul to the devil for a tax exemption?

Perhaps you have noticed that in the past decade AKC parent clubs have been converting to tax-exempt charity organizations? Did you join your National Parent Club for personal prestige?

Education? To help out? In short order you discovered that it's a 501(c)(3) run by a board; a board that accepts little, if any, input from members.

As a 501(c)(3) you are no longer a dog club dedicated to the preservation of one breed; your breed. Instead your club is lumped in with a whole host of divergent organizations such as HSUS, Black Panthers, the Royal Order of Jesters, the Citizens Opposing Nuclear Arms, the Oddfellows, the International Association of Machinists and Aerospace workers, etc. With this in mind 501(c)(3) dog clubs often end up supporting diametrically opposed

philosophies which results in deep divisions within the club, and it is the breed that suffers!

David Horowitz, editor of FrontPage Magazine, and director of Discover the Networks described

501(c)(3) not-for-profits thusly, "*Oh, yeah, the foundation for every criminal organization.*"

As a further example of the degradation process, let's examine the first parent club to become a 501(c)(3); the Doberman Pinscher Club of America (DPCA). Since converting in 2001 the approximately 2000 members of this parent club NEVER, in some 14 years, had a budget, NEVER had a forensic audit, and NEVER had properly maintained club records REQUIRED of a 501(c)(3) organization.

In fact some DPCA members contend that there was no constitutionally required vote to foment the actual change over and club leadership has not yet been able to present such proof of a membership approval.

With the change to a public charity comes the loss of control of both the future of, and the specificity of club funding to benefit the breed. Instead, IRS obligations require your club to constantly direct funds to a general public benefit and while your breed may benefit, it is NOT the sole focus anymore. The registry through its charitable status no longer promotes purebreds, instead they promote themselves as a humane society for all dogs. The registry is not only concerned with purebreds but Mixed Breeds that the AKC has labeled as the "ALL AMERICAN DOG" (mixed breed) that serves as a profitable registration promotion while your club suffers. We've got to get our priorities straight.

You have to ask yourself, are our breed clubs representing a breed or do they represent an AKC agenda of funneling moneys through 501(c)(3) projects like ...

- AKC Political Fund
- AKC Humane Fund
- AKC Health Foundation
- AKC National Breed Club Rescue
- AKC/Eukanuba National Championship (Meet the Breeds)
- AKC Penn Vet Working Dog Conference
- AKC recommended Scientists & Researchers
- AKC Reunite (former AKC CAR)
- AKC Canine Support and Relief Fund
- AKC DOGNY
- The NAIA founded by former AKC Director Patti Strand
- NAIA Conferences (see AKC connection above)

Seeing red yet? I'm sure it is clear that the majority of benefits from the 501(c)(3) accrue NOT to your breed or club but to the registry (AKC).

As described by a Doberman Pinscher Club of America Past-President on the occasion of achieving 501c3 tax-exempt status, "We have transitioned from a breed club to an education, health and rescue entity and the show raises funds to support these activities."

If your dog club is anything like the DPCA, the sole source of outside monies come from a dog food company; they are not club-supporting incomes and they are NOT regular annual donations. So the premise of "tax-deductable" is illusive and misleading as to having a financially healthy club.

Further, here is a reality check to apply to your 501c3 club:

- * Has the club membership increased?
- * Is your breed more populous or less?
- * How is the health of your breed? Improved or the same?

WE ARE NO LONGER IN THE PROCESS OF EVOLVING OUR PUREBRED DOGS - RATHER WE ARE IN AN AGE OF PRESERVING THEM.

I hope you have come to the reasonable conclusion that 501(c)(3) parent clubs are businesses about and for people and not dogs. The national dog organizations have moved past purebred dogs and directly to the business of making and redistributing money.

Those of us who have the passion for purebreds can no longer dismiss the shenanigans of the dog world as harmless and annoying political misbehavior.

We must help 'man's best friend' escape the web of corruption and lies. We must reject this faulty business model imposed upon us and use our collective power to recapture the artistry, history and excitement that is the PUREBRED dog.

Black and Tan Terrier -1891 Continued

Continued from page 12)

undoubtedly right to consider the lack of proper tan markings a serious defect.

Much has been said and written about the faking practiced with the Black and Tan, but so far as I can observe, there is no more of it done in this breed than in most others. Of course, where correctness of markings is so essential, the closest scrutiny must be exercised by the judge to detect fraudulent practices. I have referred in this writing to the Black and Tan Terrier proper, whose weight ranges from about seven to twenty-two pounds.

The following is the latest standard of points of the Black and Tan Terrier, as set forth by the Black and Tan Terrier Club of England:

Head.—Should be narrow, almost flat, with a slight indentation up the forehead; long and tight-skinned, level in mouth, with no visible cheek muscles; it should be slightly wedge-shaped, tapering to the nose, and well filled up under the eyes with tight-lipped jaws.

Eyes.—Should be small, bright, and sparkling, set moderately close together, as near black as possible, oblong in shape, slanting upward on the outside;

they shall neither protrude nor sink in the skull.

Nose.—Should be perfectly black. Ears.—Should be button, small, and thin; small at the root, and set as close together as possible at the top of the head.

Neck and shoulders.—The neck should be slim and graceful, gradually becoming larger as it approaches the shoulders, and perfectly free from throatiness, slightly arched from the occiput. The shoulders slope off elegantly.

Chest.—Narrow between the legs, deep in the brisket.

Body.—Short, with powerful loin, ribs well sprung out behind the shoulders, the back being slightly arched at the loin, and falling again to the joining of the tail to the same height as the shoulder. Legs.—Perfectly straight, and well under the body, strong, and of proportionate length.

Feet.—Compact, split up between the toes, and well arched, with jet-black nails; the two middle toes of the front feet rather longer than the others, and the hind feet shaped like those of a cat.

Tail.—Should be moderately short, and set on where the arch of the back ends, thick

where it joins the body, and gracefully tapering to a point, and not carried higher than the loin.

Coat.—Close, short, and glossy, not soft.

Color.—Black and tan as distinct as possible; the tan should be a rich mahogany color; a tan spot over each eye, and another on each cheek, the latter as small as possible; the lips of the upper and lower jaws should be tanned, the tan extending under the jaw to the throat, ending in the shape of the letter V; the inside of the ear is partly tanned; the fore leg is tanned to the knee, with a black patch (“thumb-mark”) between the pastern and the knee; the toes have a distinct black mark running up each, called the “pencil-mark;” the tan on the hind legs should continue from the penciling on the feet up the inside of the legs to a little below the stifle-joint, and the outside of the legs should be perfectly black. There should be tan under the tail and on the vent, but only of such size as to be covered by the tail. In every case, the tan should meet the black abruptly.

Weight.—A medium-sized dog should not exceed fourteen pounds, and a large-sized twenty-two pounds.

BLACK AND TAN TERRIERS.

(Manchester.)

DR. FOOTE'S SANITARIUM.

A Short History of the Rochelle Kennels at New Rochelle, N.Y.

Correspondence Baltimore Telegram.

Dr. Foote, who adds D. V. S. to his M. D., has established at Brookside a veterinary sanitarium, and everything around certainly conduces to successful progress in his profession and its practice. At present there are thirteen dogs as "boarders," ranging in size from the huge mastiff to the tiny Yorkshire terrier, as well as a number of horses. To each one he gives his personal care and attention. Dr. Foote's own private kennel though — the Rochelle Kennels — is devoted exclusively to black and tan terriers of the purest and most aristocratic breed. Each dog has a brilliant record as a prize winner.

The bench record of the Rochelle Kennels is unequalled. From January 1, 1889, to May 1, 1891, the stock from this kennel had been exhibited in America sixty-one times, resulting in forty-one first prizes, sixteen second, four third and twenty specials. Many of the second and third prizes resulted from making two or more entries in one class, bringing the dogs of this kennel into competition with

one another. These kennels have led all others in this breed for the past two years, and at New York, 1891, won the special prize for the best kennel of four black and tans in the show.

Meersbrook Maiden, who was seen at the first bench show of the Maryland Kennel Club last year and carried off first prize, has a litter of puppies, exact counterparts of herself, not one among them being in the least off color or possessing the smallest undesired mark. Broomfield Madge also has six puppies, each one perfect in every detail. I can imagine no puppies more lovely than these twelve that look like bits of sable plush. The "crack" dog is Broomfield Sultan, who stands unequalled at the head of his class. Sultan can trace his ancestry back to great-great-grandparents on both sides, and

is of noble blood and descent. He is a beautiful dog, affectionate and demonstrative. If it were possible to create a favorite among so many attractive dogs, I think I would choose Sultan.

BLACK AND TANS.—SHOW RESULTS

Kaiser won in the challenge class for dogs over the Senator, who is rather weak in the behind. Meersbrook Maiden was alone in the bitch class. In open dogs Broomfield Sultan beat Beaconsfield in head and color. The latter is better in body but shows his age. Frank, third, is a fair dog, spoiled in cropping, which causes his ears to hang.

Broomfield Madge won easily in the bitch class from Desdemona, who while she is better in color, loses in head to the winner. Meersbrook Empress, third, is weak before the eyes but good in body, color and markings. She shows signs of age. Rochelle Grit, reserve, is a nice bitch with badly carried ears.

Box 862, New Rochelle, N. Y.

ANOTHER SPECIALTY CLUB.

120 Lexington Avenue, New York.

the Word Where Rats Are Concerned.

Editor Forest and Stream:

Editor Fanciers' Journal.

I have sent the following circular to those black and tan breeders whose addresses I know, but to give it greater publicity would you kindly publish it as well?

It is proposed to call a meeting of all interested in the black and tan terrier on the second day of the New York show, which will be Wednesday, February 25. During the last two years this breed has made rapid strides in public favor and popularity. Quite a number of the very- best specimens in England have been imported, so that now is the time to form a specialty club, and New York is the place to organize. All interested should write Dr. H. T. Foote, 120 Lexington Avenue, New York City.

Sir : I cut the following paragraph from the "Dog Chat" column of Forest and Stream :

"During the past two years the black and tan terrier has made rapid strides in public favor and popularity. Other breeds, less suited to fill the requirements that the black and tan meets, have been greatly aided by cooperation on the part of their breeders and admirers.

"In a rat-pitting contest at Newark recently a fox terrier, domestic cat and black and tan terrier were tried on a big rat. The rodent bit the cat twice, and she retreated. The fox terrier played with the rat for a time and finally nipped it from behind, but couldn't be persuaded to shake the rodent. The black and tan gave one bound, nipped it by the head, gave a shake and the rat was dead. Dr. Foote would have walked a good way to see that bit of fun. The black and tan is always a terrier where rats are concerned."

The time has arrived when much can be done for this smart and handsome terrier by organizing a specialty club under the name of the Black and Tan Terrier Club of America. Will you lend your support and become a charter member provided the initiation fee is not made over \$5 and the annual dues the same?

ROCHELLE KENNELS' black and tan terrier bitch Champion Messersbrook Maiden (13,744) whelped three dogs and three bitches to their Broomfield Sultan (20,668), July 8.

This breed has suffered much through incompetent judges, misrepresentation, and the lack of support such as only a specialty club can afford it.

ROCHELLE KENNELS' black and tan terrier bitch Broomfield Madge (20,010) whelped two dogs and four bitches to their Broomfield Sultan (20,668), July 1.

It is proposed to call a meeting of all interested, on the second day of the New York show, which will be Wednesday, Feb. 25, 1891. Can you attend? If not, and yet are willing to join the movement, send me your acknowledgment to that effect and I will present your name as a charter member. I will consider it a personal favor if you decide favorably." H. T. Foote.

BLACK AND TANS AS RAT-KILLERS.

The Fanciers' journal. Devoted to dogs, poultry, ... v.6 1891.

I have owned and bred black and tan terriers for twelve years. The best ratter I ever saw was of this breed. She weighed sixteen pounds when in condition — I mean in condition for the rat pit, not the show bench. Lilly II (that was her name) at one time killed fifty rats in a round pit, five feet across, without stopping to sponge her. Her time in killing them was not taken, but she has on several occasions killed eighteen rats in a minute. Although not in good condition, being due to whelp in two weeks, at a match held in this vicinity some years ago she defeated eight

A Terrier In the True Sense of

Black and Tan Terriers—Continued

dogs. Each contestant was to kill five rats; she did hers up in thirteen seconds.

Lilly II came from Truro, in Cornwall, England, in 1882, and had the reputation of being the best ratter in that vicinity. She was by Old Champion Cupid out of Burton's Lilly. Her former owner, Mr. Thomas Trenerry, wrote me that I could match her with anything her weight living. While I owned her I bred four litters of pups and never heard of one that would not kill. She was the dam of the following prize winners, well known to our old exhibitors: Vortex, Lady, Nanon and Brilliant.

I sold Lilly II to Mr. A. W. Smith, of Buffalo, N. Y. She died shortly after wards, and I never expect to see her like again. In the pit she was chained lightning at rats.

I wish to have a few words on the dogs they are now importing. I think they are sacrificing terrier character and game-ness in the craze for long heads, color and markings. I like to see a well-marked dog as well as anyone, but I prefer more terrier and less color and markings.

Yours truly,

Edward Lever

Philadelphia, February 11

The long-looked for publication, the American Book of the Dog, edited by G. O. Shields, and published by Rand, McNally & Co., is now out. It is a handsomely gotten up book of over 700 pages and contains 85 illustrations.

We acknowledge the receipt of a copy, which, as yet, we have not had time to peruse. A cursory "glance at the pages show, as must be expected in a work of this kind where each breed is discussed by a different person, much unevenness in literary merit. Some of the writers have made the mistake of lauding their favorites and making extravagant claims for them.

The publication as a whole is an invaluable one for American dog fanciers, and we do not propose to slight its importance. After a thorough examination we will give a more extended criticism.

ENGLISH TERRIERS.

The English terrier, whether the black and tan, formerly called the Manchester terrier, or the pure white, is always a slimmer dog than any terrier yet referred to, of decidedly elegant shape and who has much attention paid to the cropping of his ears, and too often destroys a delicateness of constitution and a barrenness of hair about the chest, neck and head. These terriers vary very much in size from the little nursling toy of three pounds weight up to one of thirty pounds or more, which many notable prize winners have been, although those from ten pounds to twenty pounds are probably on the whole the most in favor.

In a rat-pitting contest at Newark, recently, a fox-terrier, domestic cat, and black and tan terrier were tried on a big rat. The rodent bit the cat twice, and she retreated. The fox terrier

played with the rat for a time, and finally nipped it from behind, but couldn't be persuaded to shake the rodent. The black and tan gave one bound, nipped it by the head, gave a shake, and the rat was dead. Dr. Foote would have walked a good way to see that bit of fun. The black and tan is always a terrier where rats are concerned.

A SULTAN COMING.—New Rochelle.— Editor Forest and Stream:

I have purchased from Mr. Ellis, of Manchester, Eng., the best of his superb collection of black and tan terriers, Broomfield Sultan,

for the Rochelle Kennels. He is only 16 months old, yet he has made a remarkable record on the bench, his greatest triumph being at the recent Crystal Palace show, where there was the unprecedented entry of 59 black and tans. Sultan, under the fudging of Geo. Raper, won first in open dog class, first in junior class, and capped the climax by winning the special for the best of the breed in the show, and defeated the strongest dogs now on the bench in England. His sire was Broomfield Turk, be by Sir Edward, he by Burke; and his dam, Broomfield Belle, was by Whitehead's Prince, he by Sir Edward. It will be noted that Sultan on both sides

of his ancestry is rich in the blood of England's most noted show and stud black and tans, hence there is every reason to believe that he will prove an exceptional sire and perpetuate his superior type. He should arrive on the Wyoming on the 18th inst., and I shall send him to the principal shows. — H. T Foote

Takes Exception. — New York.— Editor Forest and Stream:

I must take exception to your statement in last issue, that Beaconsfield led the black and tan breed in England both on the bench and as a sire. He was certainly one of the best show dogs, but his bench record hardly entitles him to unquestionable superiority. As a sire, his get can probably be figured to a larger number than any dog of this breed in England, but as quality and not numbers make the reputation of a sire, the names of a few of his get that have attained marked distinction on the bench would not be out of the way. As he is in his seventh year they should not be difficult to find.— H. T. Foote. [Will Dr. Foote please read the Canine World report of the Oldham show, Oct. 10, 1890, and Fanciers' Gazette report of Crystal Palace show, Oct. 31, 1890.]

The protest which Dr. Foote entered against the black and tan terriers Beaconsfield and Em-

Black and Tan Terriers—Continued

press owned by Mr. Symonds, at the Baltimore show, has been overruled by the M. K. C. We are told that Dr. Foote entered four black and tans and then was informed by the committee that his dogs were the only entries. Not wishing to rush his dogs too much, he sent his second string — The Senator and Bloomfield

Madge. When, however, the classes were judged, Mr. Symonds' two dogs turned up and won. They had been entered in the Clydesdale class and we are told were so entered on the entry blank received from the Salem kennels. The outcome of the protest is unsatisfactory to Dr. Foote and he will very likely appeal the case. It was a very unfortunate go for him, for on the journey down The Senator caught cold and this, developing into pneumonia, carried him off during the show week. We know that it is customary to transfer dogs wrongly classified, at the same time this is a peculiar case, and though there is no rule under which the protest would hold, still justice seems to lean toward Dr. Foote's side of the case.

Some good black and tans are being dispersed throughout the country, evidently proving that this smart terrier is gaining ground in public favor. Dr. Foote writes us he has sold Rochelle Knickerbocker, winner of second, Boston and New York,

and first, Buffalo, 1890, to Mr. Michel Hilgert, St. Joseph, Mo. That nice-looking daughter of Meersbrook Maiden. Rochelle Nady, second, Detroit; third, Toronto; first, Ottawa, and first Danbury, finds a home with Mr. Joseph J. Lang, of Buffalo, N. Y.

In connection with this sale it may be noted that these terriers are from the first litter of black and tans Dr. Foote ever bred. They are by champion Vortigern out of champion Meersbrook Maiden.

BLACK AND TANS AT CHICAGO —Buffalo, N. Y. — Editor Forest and Stream: You are right when you say that black and tan terrier men surely cannot grumble at the Chicago show. As this club has been liberal enough to give us

four classes, besides three specials, they certainly deserve a large entry, and I hope they may have at least 20 entries. — A.W. Smith

Thanks to Dr. Foote and the enthusiasm he has displayed in their interests, black and tans are "away up." Though several importations have been made during the past year, yet Meersbrook Maiden still holds her own over those that have been shown, and it was a bold venture of her owner to send her back to England purposely to mate her to Broomfield Dick, his pluck being rewarded last October with seven youngsters. Many of the new arrivals have not yet graced the bench, so that

As a new member we would like to invite you to volunteer in the club. Our club can always use additional volunteers to help on committees and for events. Please contact Your District Governor or Kathy Nissen to volunteer.

New Member Applications

PLEASE NOTE: New AMTC members are approved by the AMTC Board. As the Board is seldom familiar with applicants, they rely on current members for input into their decision. Applicant information is printed in the Newsletter to solicit comments, positive and negative, regarding each applicant. Please help by sending all comments in writing (email is fine) to the Secretary Kathy Nissen to be received within 30 days of the postmark on this newsletter.

Re: Scott and Jamie Becker Letter of Introduction

Manchester Terriers

Currently we have the following Manchester Terriers:

Standard - GCH CH Medley's Frida Kahlo, RN32647806 Toy - Gottabe's Black Velvet If You Please At Medley, RN33354301 Standard - Jetcity Walking On The Moon, RN33736104

Currently all 3 dogs are co-owned with the breeders.

Scott and Jamie

We have been married since 2005 and prior to getting involved with Manchester Terriers, we have had several rescue dogs and the last dogs we had were 2 Chocolate Labs that we got at 8 weeks in 2007 and had them until they passed away at 10 and 11 years of age. Jamie is a Nurse at Kaiser here in the Sacramento area and has over 20 years of experience. Scott works in the Telecommunications

New Member Applications —Continued

industry and for over 35 years, starting with 4 years active duty in the United States Air Force. We are both active in local rose societies including being American Rose Society Judges for Horticulture Rose Shows.

Jamie and Tammi Meyers are co-workers at Kaiser and one day they were talking, and Tammi mentioned that she has MT pups. We went to Tammi's residence in October 2018 and fell in love with who is now known as Frida. We picked up Frida in early November of 2018, agreeing to let Tammi show her to become at least a Champion. We have since taken in Velvet, April 2019 and Sting, October 2019. All the dogs get along very well and when the girls are in heat, we have accommodations made for Sting to be cared for outside of our home.

Frida has become quite the show dog, having attained her Champion status at 11 months and her Grand Champion status at 14 months. She has taken NOHS Group 1, three times by the age of 15 months, while being shown by Scott. Also, during the AMTC National held in Boise Idaho in October 2019, Frida was awarded Best in Breed by Mr. Michael Canalizo, during the Sunday competition. She was the only Standard Bitch to win that weekend.

Up until Frida completed her Championship, Tammi was the person who was showing her. But since then, Scott has taken over bringing her into the ring and at the beginning it was not pretty. Scott started taking handling classes at Sycamore Kennels in Lodi California in early August and their fortune took a 180-degree turn.

We tried showing Velvet, but she does not have any interest in being in the ring. Sting was showing before the Pandemic hit us hard here in California and has accumulated 8 points towards his Champion status. Once the shows start back up, we will have both Frida and Sting in the ring.

Lisa Nonog

I am happy to be sponsoring Scott and Jamie Becker for membership in the AMTC. I have know them for a little over a year. In that time they are doing a great job showing their standards. They attend handling class and have really picked it up. They have 2 standards and a toy. Like many, I can't wait for us to get back to a more normal schedule and see everyone at the shows.

~Lisa Nonog

To Whom It May Concern re: AMTC Membership;

I would like to introduce myself and our family. I am Angela Chamberlain, wife to Jeremy, and mom to Lucas (20), Ashtyn (19), Ethan (15), Isabella(12) , Lilyana (11), Mason (9), Elijah (8), Wyatt (5), and Magdalena (2). We live in the Missouri Ozarks, in a small town outside of Fort Leonard Wood, called Waynesville.

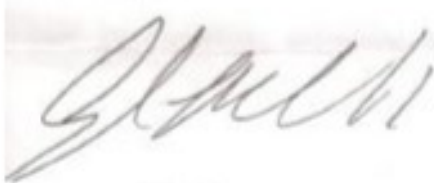

My husband works full time as an Environmental Tech on FLW. I am currently finishing my PhD in Psychology. We homeschool the 7 children that are still at home. Our oldest two are currently in college. Dogs are a huge part of our life.

I am a certified professional dog trainer (CPDT-KA). My husband and I run a dog training business and train, compete with/show, and breed Belgian Malinois. Our oldest two children work for the company training dogs but also have their own jobs. Lucas was Best Junior at the American Belgian Malinois Club National Specialty @ Purina a few years ago. Lucas and Ashtyn have aged out of juniors but both regularly show in breed and have finished dogs for me. Isabella was #1 Junior Handler of a Malinois for the first 6-9 months of 2017 or 2018. She finished her first dog "Imma" for me and is currently handling our "Jax" in BOB and sometimes a bitch of mine, as well as handling for people in other breeds when they need her. She has shown Star in juniors. Elijah recently made his debut in the Manchester ring with Star with awards both days. Magdalena made her debut in the plush puppy contest held at a show. Lily would also like to begin showing. As you can see – dogs are a family hobby!

Elijah chose the Manchester as his breed but we all quickly fell in love with her and I am dedicated to helping preserve this breed and to support the AMTC club. I have a wide range of experience in volunteering for other clubs over the last 15 years and am happy to volunteer for AMTC in some capacity.

Thank you for considering our application.

Warmly,

New Member Applications —Continued

The Chamberlain Family—application continued

To Whom It May Concern,

David and I are writing to give our endorsement to the Chamberlain family. They are a very active in the dog world and would be wonderful assets to our breed. They have two juniors that are already showing a Manchester Terrier, and Star has quickly stolen their hearts.

Thank you for your consideration,

Rachel and David Jonas

Black-and-Tan Terriers—Continued

(Continued from page 27)

a best on record in the open classes next month may be confidently anticipated.

May 16, 1891

Dr. H. T. Foote, proprietor of the Rochelle Kennels, writes that he has found it absolutely necessary to withdraw from the fancy. As will be seen in our advertising columns he offers his grand kennels of black and tan terriers for sale without reserve. This affords an excellent opportunity for those desirous of purchasing good show specimens of this popular breed of terriers.

Editors Note: Dr Foote continued to breed for the next ten years and remained showing Black and Tans at least through 1906. We cannot locate any information that would have caused Dr. Foote to write to the editors or to place the ad he did to sell all Dogs. In the AKC Stud book V, 15 1898 He is listed as the breeder of 2 entries Rochelle Spray (49,378) by Perfecto and Scalchi (48,461) by Broom Field Sultan.

FOREST AND STREAM

March 12, 1891

DEATH OF THE SENATOR.— New York.— My black and tan terrier, The Senator, (19,654), winner of five first, three sec-

ond, and many special prizes, died on the 6th inst, as a result of a severe cold contracted while in transportation to the Baltimore show. As there were few better in this country, I keenly feel his loss.— H. T. Foote.

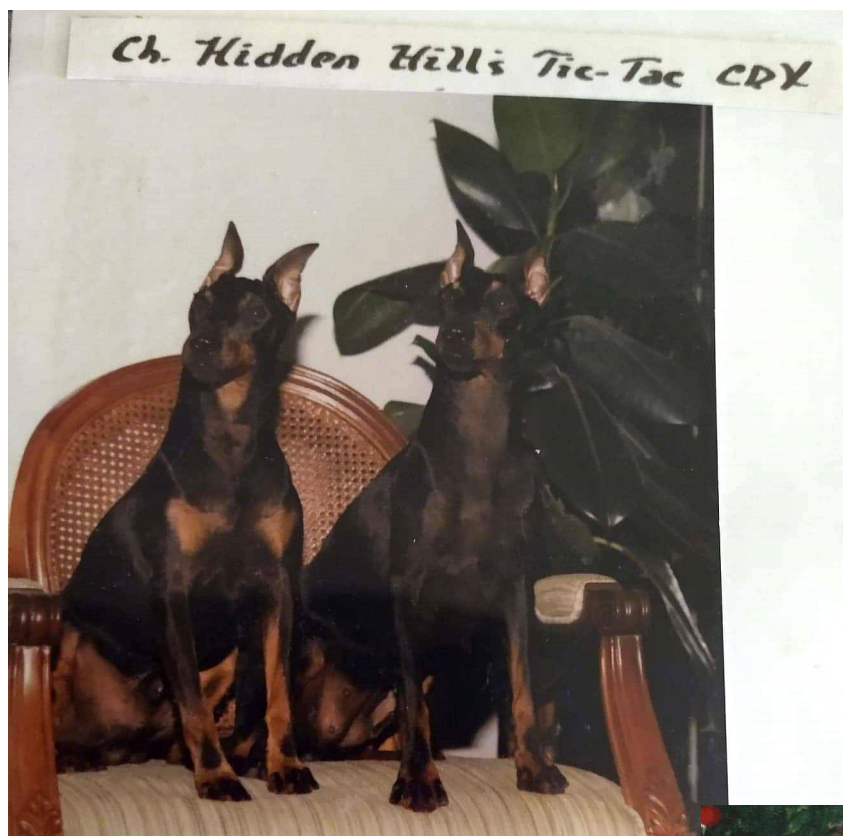

We are sorry to learn from Dr. H. T. Foote that his black and tan terrier The Senator died March 6, from a complication of diseases resulting from a cold contracted while being transported to the Baltimore show. The Senator had won five first, three second and many special prizes and was highly valued by his owner.

Hidden Hills Tic-Tac and his three half brothers

Jo Ann Emrick

Left:

**Ch. Hidden Hill Tic Tac, CDX, TT,
HOF, ROM**

DOB May 6, 1983

Standard Manchester Terrier

- Ch. Hidden Hill's Bartley Do-Baine CD, HOF ex Ch. Hillary of Hidden Hill
- Bred by the late Jeanne Dalesky of Hidden Hill fame.
- Owned by the late Susanne and the late John Moodie of Invermood Farms.
- A very prolific stud dog, producing 17 Champions.
- Of the 17 Champions Tic Tac produced, three were half brothers.

Right:

Ch. Invermood Gunpowder, CD, HOF, ROM

DOB October 14, 1987

Standard Manchester Terrier

- The first of three half brothers is
- Ch. Invermood Gunpowder, CD, HOF, ROM
- Ch. Hidden Hill's Tic Tac CDX, ROM, RA ex CH Amity Hill High Tea, CDX
- Bred by Invermood Farms, Susanne and John Moodie.
- Owned by the late Bill and Jo Ann Emrick of Wilane fame.
- "Gunner", a prolific sire also produced 17 Champions.

Hidden Hills Tic-Toc and his three half brothers—Continued

Ch. Clary's Feisty Kieran Patrick, HOF, ROM

DOB July 24 1987

Standard Manchester Terrier

- The third half brother is Ch. Classy Feisty Kieran Patrick, HOF, ROM
Ch. Hidden Hill's Tic Tac, CDX, HOF, ROM, RA ex Ch. Terra's Happy Talk, HOF, ROM
- Patrick, also a prolific producer, has produced 17 Champions.
- I had the pleasure of following these four stud dogs throughout the years in and outside of the ring.

Ch. Victoria's Lord Percival, UD, CGC, HOF, ROM

DOB December 4, 1985

Standard Manchester Terrier

- The second of three half brothers is Ch. Victoria's Lord Percival, UD, CGC, HOF, ROM
- Ch. Hidden Hill's Tic Tac CDX, HOF, ROM, RA ex Ven. Ch. Victoria's Charlie's Angel
- Owned by Virginia Antia of Inkwood fame.
- Tate, a prolific sire produced 17 Champions.

Amrick's Foolarian

DOB April 1, 1986

by CH Amick's Cella-Zepher
x CH Amick's Waltzn-Raven

Throughout the years, many have asked about Ch. Amick's Foolarian aka "Topper."

More recently, someone asked, "where do we go when you're not here any longer?" Which got me to thinking about getting things on paper, as I know it.

Topper, for me, came on the scene when Myrtle Klensch, "Salutaire" fame, used him for stud on Ch. Salutaire Most Likely to bring in markings. Out of this breeding comes the infamous Salutaire Signature aka "Mark." He was campaigned quite heavily by Myrtle and Peter Rank. shortly after Myrtle passed on in August of 2000, Mark went to Nancy Elliott.

Little was known about "Topper" until his breeder, Laura Manuel, "Amick" took an ad out stating (and I'm paraphrasing) do you wonder who produced the dog that's been doing all the winning? With that, the following picture in the ad came out introducing Mark's sire, Topper, or as some of us continue to call him, "Foolarian."

A very popular stud dog, especially after he was collected. Some rushed to by this frozen semen at any cost.

It was said Foolarian was vWD CLEAR using the old ELYSSA test.

Not until a breeder decided to use him on her CARRIER bitch, and after testing her litter, found one puppy to be vWD Affected. Foolarian couldn't possibly be a CLEAR for vWD with this result.

After reading the announcement on an old Manchester Terrier list, I immediately contacted another breeder that was going to use Foolarian's frozen semen he had purchased. His bitch was CLEAR, that wasn't the issue. After reading the announcement to him, I suggested having the semen tested for vWD status and letting the previous breeder that used him know the results. Testing was completed and confirmed, CARRIER.

Just a little insight and history on a popular Standard Manchester Terrier stud dog.

This picture I took from the Hall of Fame album for those of you that have had an interest.

Toy Manchester Terriers—a look back in time to some very nice TMT's.

The following is a look back at some very nice Toy Manchester Terriers. JoAnn Emrick enjoyed talking with Breeder and Judge Rodney Herner from Renreh Kennels.

Depicted below is Terry with Ch. Charmaron Cheddar of Toy.

Ideal presentation of a very superior Toy Manchester Terrier. Professional handler Terry Lazzao with her charge alertly at attention for the eyes of the judge. Excellent handling here, every foot placed to perfection, head held high, expression alert.

CH. Renreh Loreli of Charmaron
Delaware County K.C. 06/02/1968
Judge—William Kendrick
Handler J. Monroe Stebbins

Toy Manchester Terriers—Continued

Above: A Brace with Mari-Beth O'Neill (Ch Renreh Melissa, a Group winning bitch and Ch Renreh Lorelei of Charmaron) won best toy brace at Westminster 1968).

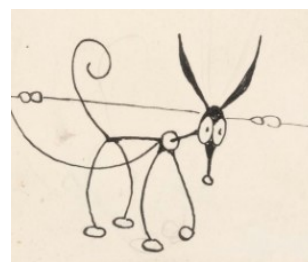

Left: Lakes Region: Judge Beatrice Godsol and Mrs. Brownlee McKee give BIS to CH. Renreh Lorelei of Charmaron, J.M. Stebbins handler. *From the AKC gazette v.85 Sept.—Dec. 1968*

Toy Manchester Terriers - Continued

Ch. Renreh Lorelei of Charmaron was BOB at Westminster 1967 from the classes under Alva Rosenberg and Group 4 under Bill Kendrick, at 9 months of age. In 1967 she won the Toy Group there under Anna Katherine Nicholas, the only Toy Manchester ever to have won the Group at the Garden.

Editors Note: from the Pure Dogs AKC Gazette v.85 Manchester Terrier Column: *“as of July 30th, 1968:Ch. Renreh Lorelei of Charmaron 3 BIS in June, 12 Grp. I, 11 Grp. II. 12 Grp. III. 8 Grp. IV, and a total of 71 times Best of Variety”*

Fifi

Toy Manchester Terriers - Continued

Right: A typical and very outstanding Toy Manchester Terrier, Ch. Dunmere Demeter, owned by Mrs. Fred Hanbury and handled by Jane Forsyth.

Color and markings are of prime importance in this breed, the tan being a rich deep mahogany and the black thumbmarks and penciling clearly defined.

This bitch has a marvelous head, with beautiful eye and well set ears.

Depicted Mari-Beth O'Neill with Ch. Renreh Diamond Jim at Westchester 1973.

Judge Romona Van Court.

Below: Janie has Demeter. Very nice bitch. BIS winner and won the Toy Group at Westchester, as did my Ch Renreh Diamond Jim, handled by Mari-beth, some years later.

Demeter's head was more toyish (rounded skull and eye) than Lorelei. Lori won the breed over her at the Garden (1968) and went on to Toy Group 4 under Bill Kendrick, who later gave Lori her first BIS.

Of course, she won the Westminster Toy Group the following year (1969) under Anna Katherine Nicholas.

Committee Reports

AKC Delegate's Report

Roberta Berman

Thanks to Covid-19, this June's delegate's assembly was held via Zoom. Needless to say, being a total computer idiot, this didn't work for me. I am not genetically programmed to work or understand these modern technologies.

Hopefully, I'll try to do better in September.

Yours in complete confusion,

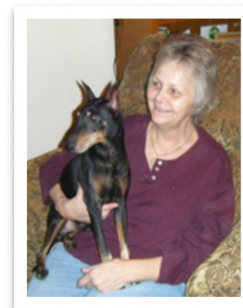

Roberta Berman

Your friendly, neighborhood, computer challenged AKC delegate

Stay well, hug your pups and be thankful for all your healthy friends and relatives

Breed Standard Committee Report

Jo Ann Emrick, Breed Standard Committee Chair

The discussion phase of the Proposed Revisions to our Breed Standard on Members Only American Manchester Terrier Facebook page is going smoothly.

Thank you for your participation. We have received many excellent comments, some very descriptive.

The committee appreciates the input and we look forward to incorporating some of your suggestions into our Standard for your review.

Our secretary will keep you informed through AMTC club emails as we move forward.

Thank you and please stay safe and healthy through these difficult times we are experiencing.

Yours truly in Manchester Terriers,
Jo Ann

DENTITION SURVEY

The results of the AMTC/CMTC joint dentition survey have been published

The goal of the survey was to examine the incidence of genetically missing adult teeth in both varieties. As a survey like this has never been done before, we have no way to compare with dentition found in previous generations, however, future surveys may help us to observe trends in subsequent generations.

The results were announced with a webinar hosted on ZOOM, during which CMTC Health Chair Amanda Kelly and I presented the findings.

Attendees were able to participate in a Q&A at the end. This was recorded so if you missed it, you can view the results and watch the recorded webinar by visiting the following link:

<http://www.canadamt.com/dentition.html>

Our hope is that we can continue to construct health surveys and webinars like this and I welcome your suggestions on future topics.

Michelle Barlak, Health Committee Chair

Genetic Disorders

Several breeders have grown concerned about a genetic disorder that causes poor balance and coordination in SMTs, called cerebellar abiotrophy. Puppies can appear normal and not develop symptoms until they are in their new homes.

It is a degenerative disease so it may not be apparent in early puppy hood. There are some tests for the gene mutation that causes this disease, however, it's only available for specific breeds. It's not known whether these tests would detect the gene mutation in our breed and the AMTC and CMTC are working with an owner in the USA and an owner in Canada to have the Embark DNA panel run on their affected SMTs so we can examine the results.

Interestingly, I recently had a toy puppy born (the litter is 4 weeks old as I write this) who was showing poor balance, coordination and had a head tilt as soon as he was old enough to start toddling around.

My vet and I chose to start him on clavamox, though he felt it was likely a cerebellar disease called cerebellar hypoplasia, which is similar to what I described above in the SMT.

I took him to a neurologist who agreed he was displaying symptoms of a neurological problem. Now, after a week on antibiotics, he appears completely normal and we will follow up with the neurologist in two weeks to see what he thinks.

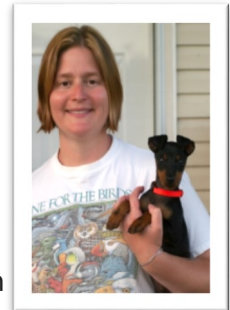

He certainly would not have improved so dramatically if he had a cerebellar disease so our theory right now is that he had some kind of inner ear infection, but it's difficult to diagnose a puppy

so small and young that we may never know. The neurologist advised me to have him on the clavamox for 3 weeks. I just wanted to publish this experience here as a learning opportunity for others. If you've had a similar experience, I would like to hear about it. I think it is important to learn from each other. While I may use your story as an educational opportunity, I will always keep your privacy if you wish it.

Agalactia in the Bitch

Regina R. Allen DVM

Agalactia is defined as the failure to produce or secrete milk. Primary agalactia, lack of or non-functioning mammary tissue, is fortunately very rare. There is no treatment, and the puppies must be hand-raised, because the bitch cannot produce milk. Secondary agalactia, known as poor milk let-down, is usually what we see in our dams when they cannot produce milk or do not have enough for the puppies to thrive. It can be caused by poor nutrition, stress, premature delivery, progesterone therapy, or illness such as mastitis or uterine infection. Treatment depends on the underlying condition and may be successful, or the breeder will have to supplement or hand-raise the puppies.

The bitch and her litter should be in a quiet, calm environment without other dogs around. Oxytocin is a hormone that can increase milk let-down by stimulating release of milk from the mammary gland. One injection may be enough, or she may need repeated injections at every nursing, which is undesirable and may add to her stress. Oxytocin will not work if there is no milk to release. Another potential treatment is Metoclopramide (commonly known as Reglan) orally, which caus-

Health Committee Report—Continued

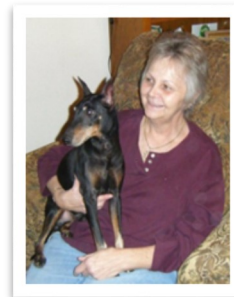

es release of prolactin, another lactation hormone that actually stimulates the gland to produce milk. It can be given up to three times daily, and typically works within a few doses. Metoclopramide is commonly kept at Veterinary practices due to its usefulness in treating vomiting and nausea, and is available in tablet and liquid form. Whether these drugs work or not, it is extremely important for breeders to weigh the puppies at least once daily to make sure they are getting enough nutrition and supplement them if needed.

Judges Education Committee Report

Jo Ann Emrick, Judges Education Committee Chair

Dear AMTC Members,
Happily reporting the Greenville, SC Seminar was a huge success.

Our presenter, Carolyn Horowitz did a wonderful job for The Carolina Dog Judges Study Group, headed up by Cindy Lane. July 23 - 26, 2020.

A huge Thank you to Carolyn and to all that provided their dogs for the Hands on Workshop portion of the Seminar. Specifically to Wendy Schober, Renae Blankenship, Taylor, Rachel Jonas, and Gabriel.

A most important part of the presentation for the aspiring Judges to be able to go over dogs and be accredited by AKC Judges Education.

We are in preparation for the Orlando, FL Seminar in December, 2020. Tim Thomas has personally reached out to me as well as AKC Judges Education coordinator.

An update will follow as soon as I have more information.

Thank you one and all.

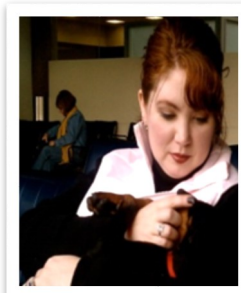

PLEASE stay safe! Mask up, sanitize/wash hands frequently and keep your social distance. Protect each other. ♡

Yours truly in Manchester Terriers,

Jo Ann Emrick
AMTC Judges Ed Chair

Public Education Committee Report

Rachel Jonas

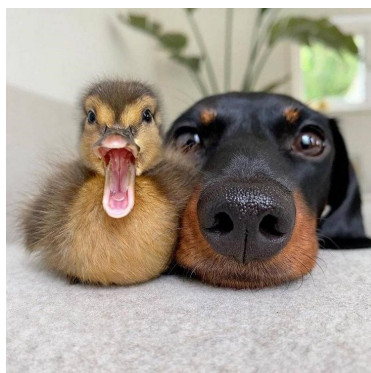

If it looks like a duck, it's not always a duck.

My friends on Facebook know my lament over the recent influx of many mislabeled faux Manchesters that have popped up due to our

public education campaign.

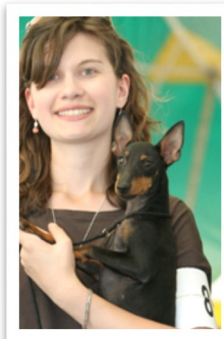

It is a blessing and a curse that we should be happy to have. It means the Manchester is growing in popularity and public recognition as frustrating as it is, something we need for our breed to survive. It is beyond frustrating to have someone argue with us about what their dog is because a "more knowledgeable person" told them so, those who have dedicated our lives to the Manchester know otherwise.

It can wear us down to bear the brunt of their ire when we seek only to provide education. As frustrating as it is, we all, myself included, need to take a breath, count to ten and remember that these folks in the future will want another dog that is just like their "Faux-Chester" and will look to us to fill that void. This will allow another generation to enjoy the Manchester and carry them forward into the future.

Rescue Committee Report

Michelle Barlak

I am pleased to report that both Stella and Macho, who I shared in my last report, have been adopted out to wonderful homes. We currently do not have any dogs in rescue. There are two female TMT in a Min Pin rescue in North Carolina, however, they will not consider out of state adopters or homes with men. Please feel free to send any interested adopters who meet their criteria my way for referral.

Sunshine Committee Report

Rachel Jonas

Fortunately, the Sunshine Committee has nothing to report. However, I would like to share the lovely artwork I commissioned from Jessica Lyn Stover for a series of cards for the committee's use.

The artwork is on page 46

Sunshine Committee Report—Continued

Treasurer's Report

Diana Texter, Treasurer

Dear All,

Greetings from Montana!

Catching up was a daunting task with all that went awry with my move, But I am finally there.

Wanted to take a few moments again to recognize Michelle Barlak for her efforts in rescue. For those of you who aren't aware she took the time to apply for one of the few grants AKC issues each year and the club was in fact awarded a 1500.00 Grant from them for our rescue program! Great Job Michelle!

Couple quick items for financial business: We still have several winners of sweepstakes checks who have not cashed their checks. If not cleared by the end of Sept I will be placing a stop payment on them and adding back to the District 4 fund. We have 2 checks in the amount of 7.20 that were not cashed as of this time.

Also the Board has voted to slightly increase to the Dues for 2021 be sure to fill out a new application. We also had a very large number of members who paid late last year. The board has noted that any future dues received late will no longer receive a waiver of the 10.00 late fee. We offer both electronic and snail mail options to renew your dues so please try to get

them in on time this year. Also please note that when paying by PayPal you either need to send "friends and family" or pay the fee. The net amount the club receives should cover whatever you are paying for.

Reminder My New address is:

196 Edgewater Drive
Libby MT 59923

I also thought it would be good to give an overview of the year and breakdown of the dedicated funds. The club overall general fund is still very low in comparison to the earmarked funds, so please consider a donation to the general fund if you are planning on donating.

One last shout out to Sam Hessel for an awesome job as our new editor. (thank you!!)

If you have any questions please do not hesitate to call me.

925-382-1050 Cell
925-521-5421 Desk

Bev Leinder, Governor, District 1

District 2

Meet—Wendy Schober, Governor, District 2

Meet our new District 2 Governor Wendy Schober.

Wendy began showing Chinese Shar-Pei in 1990 and finished 3 Champions and 6 bred by champions. She showed actively in the New England and Texas areas from 1990 – 2004, then took some time off to focus on her daughter’s Equestrian career. Wendy is also a member of the AKC, the International All Breed Canine Association and UKC.

Wendy got a Toy Manchester Terrier (from Pat Hall and Dee Becker) as a pet in 2012. She acquired her first Standard Manchester (from Arvind and Joyce DeBraganca) in 2015 and Toy from Carolyn Horowitz in 2018. She began showing both dogs by the end of 2018.

She finished her first Manchester in April 2019, was Top 10 in NOHS and Top 15 in Breed (SMT) for 2019, her first year showing in our breed. For the past two years, Wendy has volunteered and jumped in as need to help with AMTC and Junior Events. Recently she attended the Carolina Dog Judges Study Group, headed up by Cindy Lane and Carolyn Horowitz, July 23, 2020

Wendy and her Standard, Ryder, Westminster 2020

We know our members in District 2 will help Wendy with her activities in District 2. Welcome Wendy!

Sabra Weeks, Governor, District 3

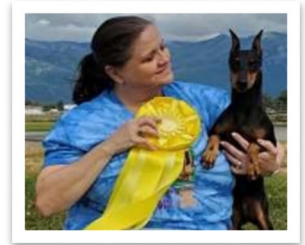

District 4

Robin Gates, Governor, District 4

I hope everyone is staying cool and enjoying the summer. It is hard to believe our final summer month is already here and many of us long for some cooler Fall temperatures.

I wanted to bring news of District Specialties and upcoming shows with this report but not much has changed. These unusual times continue to bring show cancellations even into 2021. The District Specialty in Palm Springs in January 2021 has already been cancelled due to COVID-19 and the future uncertainty of large gatherings. The good news is there have been a few shows testing the waters in Oklahoma, South Carolina, Alaska and Ohio. They have been successful in holding shows with the state guidelines well respected. This gives us all hope that shows will return again.

The AKC National Championship is still on for December 2020 and I am the show chairman for the District 2 specialty. I am holding out hope that we can keep this one going.

If anyone in the district has news of shows they have attended or insight into how the shows played out, please drop me an email or give me a call. I would love to add a first hand account to my next report.

Please everyone stay safe out there and best of luck to all of you as we continue to navigate 2020.

The Quarterly Report

AMTC District 5

Dear Fellow AMTC members;

2020 has proven to be a year full of challenges for everyone. I hope this report finds you all well and healthy.

Since the last newsletter in May, we had to cancel the 2020 National. There were many discussions on whether we should hold a National at a different location. But with the unpredictability of the COVID situation the National was canceled entirely by the Board. It was a tough decision that wasn't an easy one to make. These are unusual circumstances and probably unprecedented.

District 5 has submitted an application with funds forwarded from this year to the 2021 D5 Woofstock Specialty. At the moment, I'm unsure about the judge lineup but Ms. Robin Gates will judge sweeps for us. Let's stay positive this will be behind us by then.

We will get through this.

Please take care and stay healthy.

Christina Caridis
District 5 Governor

District 5 Brags:

This past weekend at the Lost Coast Kennel Club's FastCAT trials, CH Gottabe's The Devine Ms M, CA, FCAT, "DeeDee" unofficially finished her 500 required points for her DCAT title.

Di Bragano's Starz & Stripes 4Ever, CGC,TKI, FCAT, "Ms Cloe" is close behind her with 467 points after this running 8 runs this weekend. Though she is slowing down a bit, she is still game.

I'm very proud of my girls!

- Lori McClelland

How the PPCP Program Works

- **Members of Purina Pro Club must declare participation in the Purina Parent Club Partnership (PPCP) program and designate their national parent club. The parent club also must be enrolled in the PPCP program.**
- **Pro Club members earn Purina Points by purchasing qualifying Purina pet foods and submitting proof of purchase.**
- **Purina donates 10 percent of qualifying points earned by Pro Club members who participate in the PPCP program. An annual distribution is made by Purina, with half of the distribution going to the designated breed club and the other half to the club's Donor Advised Fund at the AKC Canine Health Foundation to support canine health research.**
- **To begin earning Purina Points for your breed club, log on to your account at purinaproclub.com and make sure your profile shows you are participating in PPCP. If you are not yet a member, you also can join Pro Club at that website. For information about using Donor Advised Funds at the AKC Canine Health Foundation, call 888-6829696 or contact chfgrants@akchf.org.**

Journey of the Chip Bag

Where Bags Were Found When Pets Suffocated:

In or near the garbage	25%
On a coffee or side table	22%
On the counter	13%
Outside/In the yard	6%
On the kitchen/dining table	6%
In or near the recycling bin	3%
Other (e.g., backpack, car, pantry)	20%
Don't know	5%

A PET CAN LOSE THEIR LIFE IN UNDER 5 MINUTES

39% of people were HOME when it happened
Of those who were out, 18% were gone less than 15 minutes.

Bag
TIGHTENS
when pet
inhales

MYTH BUSTER:

Doesn't Only Happen to Small Pets

More than 55% of the dogs who suffocated weighed OVER 30 lbs.
17% weighed OVER 60 lbs!

DOGS and CATS suffocated in:

- Chip (snack) bags 72%
- Pet food/treat bags 11%
- Cereal box liners 6%
- Bread bags, plastic containers, and more 11%

SOLUTIONS

PreventiveVet.com/pet-suffocation

Store in plastic containers

with an opening that your pet can't stick their head into

CUT all bags TWICE

It'll save your pets – AND strays and wildlife, too!

Serve snacks in a bowl

Never eat out of a bag

SHARE!!!

87% of pet owners didn't know about the dangers of suffocation in food bags and containers until it happened to their pet. This has happened to experienced, loving pet owners.

AKC Stud Book Certification

AKC STUD BOOK CERTIFICATION AND ACKNOWLEDGMENT – PARENT CLUB MEMBER

By signing this AKC Stud Book Certification and Acknowledgment – Parent Club Member (“Certification”), I certify that the information provided by me in this Certification is true and accurate. I certify that I am a member in good standing of the _____ club, an AKC national parent club; and that I am in good standing with the American Kennel Club. I have requested from my club access to the _____ breed portion of the American Kennel Club Stud Book Register (“AKC Stud Book”) for a period of _____ month(s), and in any event not for a period of time to exceed one year. If thereafter I desire to continue to receive the AKC Stud Book, I agree to make another request and execute and deliver another Certification in the form then provided by AKC before receiving the AKC Stud Book. As a condition of use of the AKC Stud Book, I certify that I will use the AKC Stud Book for noncommercial research or scholarship purposes only; that I will not make or allow to be made any commercial, for profit, business or marketing use of the AKC Stud Book or any information from the AKC Stud Book; and that I will not, and will not allow others to, sell, trade, share, distribute, make available, make copies of, or publish in any form whatsoever specifically including, but not limited to, any electronic, email or “online” form, the AKC Stud Book or any information from the AKC Stud Book without the prior, written consent of AKC. I acknowledge that AKC is the owner of the AKC Stud Book and that I claim no rights in and to the AKC Stud Book or to any information contained therein. I further agree to credit AKC on works using the AKC Stud Book pursuant to the terms of this Certification in the following format: “Source: The American Kennel Club. Used with permission.”

I understand that AKC makes no express or implied warranties or representations with respect to the AKC Stud Book. The information is provided “AS IS,” with no warranties of any kind, express or implied. In addition, I understand that AKC makes no representation that the electronic transmission of the AKC Stud Book will be uninterrupted or error-free, and AKC will not be liable for the consequences of any interruptions or errors.

I understand and agree that AKC shall not be liable for indirect, special or consequential damages, or any loss of revenue, profits or data arising in connection with this Certification or the AKC Stud Book. I agree to indemnify the AKC, its officers, directors and employees for any loss, damage, claim or expense arising out of or related to my breach of the provisions of this Certification.

I understand that my breach of this Certification shall result in immediate and irreparable damage to AKC. I also understand that money damages may not be an adequate remedy for such breach. Accordingly, in such event, I agree that

AKC shall be entitled to injunctive relief to enforce or prevent any violation or threatened violation of this Certification. I agree that such remedy shall be in addition to and not exclusive of any other remedy available to AKC at law or in equity.

I understand and agree that any cause of action, controversy or claim arising out of or related to this Certification or as to the construction, interpretation and effect of this Certification shall be settled by arbitration pursuant to the applicable rules of the American Arbitration Association, except that equitable relief may be sought from any court of competent jurisdiction. The place of arbitration shall be New York, New York. The laws of the State of New York, without regard to provisions regarding conflicts of law, shall apply.

I understand and agree that once submitted, this Certification becomes the property of AKC. I further understand and agree that my receipt of the AKC Stud Book is not guaranteed, may be revoked at any time if given, and is subject to AKC's sole discretion. I understand and agree that any error, omission or misrepresentation of this Certification may result in the cancellation of access to the AKC Stud Book, and/or the loss of AKC privileges. I further state that I have read and understand the contents of this Certification and have been, or have had the opportunity to be and have elected not to be, advised by counsel.

Applicant please note: You must **sign both pages:** The application and Code of Ethics, and submit with your **entrance fee/dues, a sponsor letter from Sponsor #1** indicating their personal knowledge and qualifications for membership, a **personal statement** indicating your reason for applying for membership and any other information you may wish to present for consideration. All items must be received before any consideration will be given to your application.

Action by Board of Directors: _____ Date: _____

American Manchester Terrier Club Code of Ethics

Membership in the American Manchester Terrier Club (AMTC) is a privilege. In return for acceptance into the AMTC, I promise to abide by the following Code of Ethics and to submit to the enforcement of this Code by the AMTC Board of Directors.

GENERAL

I pledge as an owner of Manchester Terriers to be responsible for the dogs in my care. My responsibilities include providing proper shelter which is clean, dry and warm; appropriate veterinary care and inoculations; emergency veterinary care when needed; quality food and water; adherence to local and state animal control and licensing laws.

BREEDING

I pledge:

1. To accept and uphold the Standard of the Manchester Terrier as developed by the AMTC and approved by the AKC.
2. To breed only physically and mentally sound Manchester Terriers in order to maintain or improve the qualities of the breed as set forth in the Standard. I will not participate in the indiscriminate breeding of studs or bitches with no regard to quality.
3. To screen or obtain proof of screening of breeding stock for communicable diseases, hereditary faults or defects, either active or dormant. Questionable animals will not be used in my breeding program.
4. To forego breeding unless financially capable and willing to responsibly and caringly maintain whelped puppies until placed in their new homes.
5. To maintain complete and accurate breeding records in accordance with AKC regulations.

SELLING

I pledge:

1. To in no way misrepresent any Manchester Terrier for sale.
2. To provide all buyers with:
 - A. AKC individual registration application or certificate properly filled out by seller.
 - B. Minimum three-generation pedigree.
 - C. Record of inoculations, worming, etc.
 - D. Provide instructions for feeding and care.
 - E. Be available for guidance and questions.
3. Not to sell, give, trade, abandon or in any manner transfer litters or individual Manchester Terriers to pet dealers, pet wholesalers, auctions, laboratories, raffles, pet stores, puppy mills, animal shelters, or any source for resale. I will not knowingly transfer ownership or provide stud service to anyone who intends to breed Manchester Terriers for any of the above listed purposes.
4. To take back any Manchester Terrier I bred if the current owner of the dog can no longer keep him or her. I will evaluate the dog as to whether or not s/he is suitable for placing in a new home. In the very unfortunate circumstance that the dog is not suitable, I will either keep the dog myself or provide proper veterinary euthanasia. In the rare event that I cannot take back a dog due to current personal circumstances, I will place the dog in AMTC rescue. I, the breeder, will reimburse any and all reasonable expenses incurred on behalf of a dog in this unusual situation to AMTC rescue.

EXHIBITING

I pledge:

1. To serve as an example of good sportsmanship in any aspect of the sport of dogs, assisting and befriending newcomers to the best of my ability.
2. To show only those Manchester Terriers which deserve to be champions in light of the Standard and which are in proper condition.
3. Not to kennel pack for points in conformation or to engage in any other unfair practices in competition.

PENALTIES

I acknowledge and accept for disciplinary purposes a sliding scale of penalties based upon the seriousness of the deviation from this Code of Ethics. The Board of Directors will apply penalties equally to any and all offenders after a proper review of the evidence. Penalties include but are not limited to: reprimand from the Board; temporary suspension from AMTC membership; permanent suspension from AMTC membership; reporting offenders to the AKC; withholding AMTC awards. I have read and I promise to abide by the above Code of Ethics as set forth by the AMTC.
