On The Cover

The Toy Manchester Terrier “Sir William” is a graphite pencil with prisma color accents portrait by Pamela S. Creamer a very gifted artist in Maine.

As she put it of ‘Sir William’...so darn cute.

Sadly Pamela was stricken with neurological Lyme disease and

as of 2014 was in the late stages. I do not believe she draws any longer.

This portrait is of my dog William when he was a very young puppy. Sadly he passed away prior to Christmas 2020 at the age of 16 years and 9 months.

SIRE: PORICIAS STUART LITTLE OF RAZDAZ

President's Message

Susan Thrasher, AMTC President

February, 2021

We have a new year, and a new Board. Hopefully, our lives will find a new normal, and we will be able to resume our usual activities with a feeling of safety.

Plans for our 2021 National are proceeding, and we will all be together in Michigan in the Spring. Information for the National and for the host hotel is on our website.

Congratulations to all our winners in Orlando, and the winners at the shows everywhere else. I'm so happy that some of us have been able to attend these shows.

I'm looking forward to seeing all of you in 2021! Please stay safe.

REMINDER!!

We still have Manchester Terrier 2021 Calendars available for sale to support our AMTC Juniors.

See the Junior Showmanship page for additional information

Notes from the Editor

Sam Hessel

This issue of the AMTC Newsletter is dedicated to the TOYMAN

My Dog: "Archie"

A very special thanks to the English Toy Terrier (Black & Tan) Club

in England, and their ETT Archive Project on Facebook, for the use of their photographs, media articles and images, John R. F. Richardson (Reeberrich Kennels) for the Article "The Evolution of the English Toy Terrier (Black & Tan) The Perspective of History" and Amanda Kelly and the Canadian Manchester Terrier Club for the use of their historical materials and photographs, Rachel Jonas for the use of materials from her private collection.

As always the newsletter is not complete without the wonderful things we get from Jo Ann Emrick (Wilane).

GM King has a follow-up for us on the first Fast-Cat Invitational.

In this issue is a word search puzzle on TMT Kennels of our current members plus a few additional terms. Enjoy!

Reoccurring Notices

Financial Reports and New Titles are posted and available on the AMTC club website

Letters to the Editor

Please send any questions or comments about the newsletter to:
amtcnewsletter@outlook.com

Mentors Needed

Our club needs more Mentors – you may qualify and not know it! Please contact your District Governor or Jo Ann Emrick, **MANTERRJ@aol.com** to learn more.

Newsletter contributions

All members are invited to contribute to the Newsletter, it is only as good as you make it!

Volunteers wanted: Our club can always use additional volunteers to help on committees and / or events. Please contact Your District Governor or Kathy Nissen to volunteer.

Webmaster Comments

Jo Biasi is the Webmaster for our website. Please send any suggestions & / or additions to her at **cybernewt2@gmail.com**.

There is a members' only section where AMTC documents and the AMTC online Newsletters can be accessed. Contact your District Governor if you do not have log-in information.

AMTC Website: www.americanmanchester.org

A Toast to the TOYMAN

Here's to the toyman,
So shiny and sleek,
In loving, so strong,
In meanness, so weak,
Always so ready
To romp and to play,
Altho' on command
He loves to obey.
His habits are clean
When left in the house,
And you can be sure
Of no rat and no mouse.
His greatest delight
Is to crawl into bed,
And under the covers,
You'll feel his soft head.
Curled close to your feet
Or just by your side,
He'll stay until morning
As tho' he had died.
He follows your footsteps
All thru' the day,
Watching and list'ning
For some word you say.
He jumps off your lap
At the sound of a bell,
For one that's so small,
He sure can raise Hell.
With his ears standing high,
He will go to the door,
And will only stop barking,
When you order, 'NO MORE.'
Yes, the house would be lonely
And folks would be blue
Without such a toyman
To carry them thru!
We would miss his devotion
That he gives to the end,
So Here's to the TOYMAN.

MAN'S GOD-GIVEN FRIEND.
By EDITH NEVILL NACHOD

Breeder Sets Record With Dog Champions

Five years ago, Edith Nevill Nachod's pet toy Manchester won best of breed in a local show. Edith has taken puppy love seriously ever since.

The Nevjoy toy-Manchester family recently finished its 22nd champion, a record unparalleled by any breeder in the country.

The Nevjoy champions get their name from a combination of Edith's maiden name and her daughter's given name, Joy. The "joy" of the family at the moment, however, is Edith's nine-month-old granddaughter, who is staying with her while her daddy is in the service in Japan.

"I used to never miss a dog show," laughed Edith, 'but since Joy has been here with Delores, I can't stop being a grandmother. She's a chip off the old block, too. A dog lover if there ever was one."

Bring Back Two

A few years ago after Edith won her first trophy, the Nachods visited England and brought back two English toy Manchesters for breeding a better blood line. Edith said that, for some reason, possibly the climate, English dogs have better coats

DOG BREEDER, Mrs. Edith Nevill Nachod, holds her nine-month-old granddaughter and her toy Manchester, Nevjoy's Dark Star.

and coloring.

Edith's imports, together with several choice American dogs, resulted in her 22 finished champions in the short span of four years.

Edith's pride is her champion Nevjoy's Evangeline. During the past four years, the champion produced a total of 15 puppies, 11 of which are now finished champions. Two have never

(Continued on page 9)

been shown and another isn't quite finished. Only one failed to make the grade.

The toy Manchester according to Edith, is an ideal, all-around dog.

"It's a very hardy dog despite size," she enthused. It has a sweet disposition, which makes it an excellent pet for children. It's a perfect house dog, small and clean, and the alertness and intelligence of the breed make it reliable watch dog."

'Rat Dog' at First

Edith informs us that the toy Manchester was originally raised in England as a rat dog. "No rats will live where there is a toy Manchester," she said. "In some parts of the country, they still hold rat contests and the toy Manchester is bred for this purpose."

Edith said she hasn't *lacked for comedians in her litters, either.*

"We had one pup that was forever climbing trees after birds," she laughed.

Another time, a handler who was taking one of my pups around the circuit began missing his pet bantam fighting cocks, one by one. A little detective work proved that my pup was scaling an extremely high fence, killing the bantams and depositing them neatly on the window sill.

I'll have to admit, the handler differed on the pup's sense of humor.

The Evolution of the English Toy Terrier (Black & Tan) The Perspective of History

John R. F. Richardson (Reeberrich)

Fashion, Art, Literature, but primarily Social History. Researching the history of breeds I owned was always a natural 'follow on'.

I began to research the background of the ETT even before I decided to have them. Once I was 'in' the breed, as time went on, other breed aficionados became cognisant of my interest, and thus correspondence and copies of articles & documents were forwarded on to me. Correspondents included Frank Palmer, Dorothy Hammett, Kitty Voce, Zoe Plowright, Colin Zarifi and Petronelle Kitson, all people with a long association with the breed, thus helping me link the past with the present.

So.....where did it all begin!

I will commence by providing some of my own background on this subject, as I will be not known, these days, to most exhibitors, and to certainly ever fewer as the decades roll by! Although at University I read English, history has always been a real passion of mine. Architectural, Political (NOT dog politics, I've never got involved in those),

There isn't, of course, a true beginning; certainly, not yet definitively proven.

Ratting dogs, will have been in existence ever since a need was identified to control rats. These dogs would have been selected only on their rat-

ting ability. Colour, size etc. would not have been a deciding factor until it was found over time that certain traits produced a better ratter.

Society became much more open with the rise of the ‘middling’ classes, and the explosion of the industrial revolution in Georgian England.

There is documented evidence that small ratters were carried in leather or canvas pouch bags. Some of the dogs are alleged to have followed the hunt, though it is difficult to imagine what their function would be (they may have flushed out rabbits etc.). As yet we have not reached the point where there is any resemblance to an ETT. Ratters, certainly, were kept in stables to keep vermin under control, some will have been small and even black and tan in colour, although not exclusively.

Regency dandies DID carry small Terriers in the ubiquitous leather satchel, along with the more generally associated swaggering stick (a short cane) carried to strike finger-smiths, undesirables

& ne’er do wells). These diminutive dogs were regarded as a delightful fashion accessory. Colour again would be at the whim of each particular dandy.

Before this era, the only kept records on the breeding of dogs was by hunting kennels – Greyhounds, Deerhounds, Wolfhounds etc. It was the Victorians who would lead us into a more structured form of dog breeding and pedigree record keeping and into the evolution of the ETT (please note I’m using this monicker throughout for ease of identification).

The 18th century saw a dramatic shift in the populated landscape of Britain, England particularly. In 1714 we imported a non English speaking German king from Hanover, which would result in a change to universal suffrage, the Rights of Man, and in the power of Parliament (George I, spoke virtually no English, nor George II who preferred being in Hanover, to which he travelled frequent-

(Continued on page 12)

The Evolution of the English Toy Terrier (Black & Tan) - Continued

ly). On a domestic level the Industrial Revolution saw a dynamic shift by the population from a pastoral lifestyle to city dwellers.

Shuffling on rather hurriedly we come to the 19th century. By now cities are vastly overcrowded, short on accommodation, prone to outbursts of cholera, due to impure water supplies contaminated by sewage etc. Country folk had not anticipated the downside ramifications of becoming city folks, where they had arrived under a delusion of making one's fortune on streets paved with gold. It would have been the more successful integrators who, with a yearning for their rural past and with the financial wherewithal and facilities, could recreate a small corner of the English countryside in their back yard. Chicken keeping, gardening (of sorts) and the breeding of domestic livestock could be indulged (rabbits, dogs, etc).

Through the Georgian/Victorian period, England was a bloodthirsty nation with a penchant for 'blood' sports; bull baiting , bear baiting, dog fighting, cock fighting, and the bizarre sport of duck baiting. Even public hangings drew large crowds of men, women and children who would bring a picnic and make a day of it! Into this mix came a vogue for organised rat-pitting. An entirely legal pursuit which was encouraged by Government to involve the public in assisting with vermin control. It was much followed by aristocrats and the poor alike.

By now it was common practice for the upper echelons to mingle more easily with the down at heel, particularly where sport and gambling might be involved. Rat pits evolved in the back room of public houses. Therefore ladies were not present. Ladies, used a ' parlour' to rest and refresh on their journeys. Women described as 'followers of Venus' did frequent a certain type of drinking establishment away from polite society. The most celebrated example of a painting of a Rat Pit, is that attributed to the Society Beau, spectacularly named, Alfred Guillaume Gabriel Grimrod, Count D'Orsay (nb. no familial connection to the D'Orsay Musee, Paris), in which he includes himself as one of the spectators. Although he was somewhat more infamous for his scandalous private life, living in a ménage a trois with Lord and Lady Bless-

ington, which was no secret, and his reputation further compounded when he wed Lady Blessington's 15 years old daughter from a previous marriage!

I don't think there is a need here to describe the construction of a rat pit, as I'll assume everyone already understands that. An aspect worth mentioning though, and often overlooked, is that these rooms were usually quite dimly lit due to what was available to use as lighting, there being no electric lighting as yet.

The Rat

It is a common misconception that these rats were gathered up from any old place, not true. Only brown ' barn' rats were used. These were transported from the countryside in wooden crates by a supplier who was paid by number supplied. The brown rat is larger than the black rat, and the black rat was associated with disease (plague).

The Dog

Originally it was any sort of dog that showed some aptitude for ratting. Billy, a hefty 26 pounder, made something of a name for himself in the pit. He wasn't black and tan, and one might imagine progress in the rat killing was a lugubrious affair. Tiny, The Wonder Dog, is the specimen most akin to the breed as it looks today. As the sport further developed, speed and efficiency and an increase in rat numbers provided, called for a more challenging type of dog. And NOW we have arrived at the small Black and Tan Terrier. So we come to the breed development proper.

Most Breeds followers seem to like to pinpoint a name on which they can attribute the development of their breed, eg, Amice Pitt CKCS, Captain John Edwardes the Sealyham Terrier, Parson John Russell, the PJRT, etc. The root for the Manchester Terrier is given to Mr John Hulme. Although it's doubtful any of these people would be developing their breeds in isolation. One needs enthusiasts working alongside you, as much for your own impetus as theirs. Hulme, rather stating the obvious, was in Manchester, and developed a breed of that name.

History has always indicated the ETT being the diminutive of Hulme's Terriers. I was therefore considerably excited, during on-going researches to discover tantalising references that the diminutive black and tan, was being developed more in the south of England (London) rather than in Manchester, and with no connections to Hulme's Manchester Terrier! This surprised me considerably as it was previously not something I'd given much thought to, tending to go with the promulgated Manchester area theory.

I cannot recall, now, whether any individuals were named in these documents I found. It does seem though that the smaller Black and Tan was preferred 'darn Sarth', whilst the bigger Manchester was more popular 'oop North'. I read enough articles etc to believe this now to be true. This may mean that originally there was no direct genetic link in the ETT to the Manchester. Although I should point out that as things progressed there was 'cross pollination' between the two, which would today show up in DNA.

We have to bear in mind, until the advent of the railway, travelling was far more complicated, via stagecoach, horseback or just walking. Most people, during their lifetime, never went further than 16 miles from their place of birth (a day's ride on horseback – if you were lucky enough to own one). You may notice that most towns in Britain are about 16 miles apart. To give this more perspective, Jane Austen, a product of the middling classes, had such peripatetic fortunes as a spinster, with no personal fortune, that on occasions in her life, her family couldn't afford to run their own carriage!

The Miniature Black and Tan Terrier

The development of the miniature black and tan came about as rat-pitting as a sport demanded a more evenly matched competition between dog & rat. It was the custom to bet on the outcome, so it needed to look feasible either dog or rats could be the victor. The dog needed to be swift and a lightly built terrier fitted that requirement. All Black and Tan breeds of dogs mark in much the same way. Kissing spots, spots above the eye, tan legs, tan

cheek spots, tan on the vent etc

This was seen as advantageous in the pit as it confused the Rat. Rats bite, and they'll hang on like glue. Therefore, the dogs needed some protection. With the tan spots far brighter than the requisite 'black' eyes, these would be the focus for attack by the Rat, thus affording the dog some protection from being blinded, making it useless for further sport.

A narrow head meant the eyes were obliquely set; again a protection. This head shaping discouraged the dog wasting valuable time chewing at a rat as it's jaw scissors action was better equipped to dispose of a rat in one bite, thanks to unpronounced zygomatic arches in the skull. Ears well back on head and erect kept them out of harm's way. (often the ears were cropped).

Even before the dog was placed into the pit, the rats would be scurrying about seeking means of escape. Once the dog was introduced you can imagine the mayhem both in AND out of the pit as betting became more animated.

Sometimes two dogs were placed in the pit and having successfully despatched the rats, they would then turn on one another in a killing frenzy. This wasn't always discouraged or intervened, unless the dogs carried a certain value and reputation as a renowned ratter.

Dog Showing

We are now at the juncture where dog showing proper is in swing. Rat-pits by the late 19th century, had fallen into decline, as a more humane attitude towards canines developed, much of it thanks to the efforts of the RSPCA, and was replaced by the somewhat more refined hobby of dog exhibition. (Although most blood sports became illegal as the Victorian era progressed, rat-pitting didn't become illegal until 1911. The last known event was at Leicester in 1912, where the promoter was prosecuted and fined).

The late Victorian & Edwardian ladies had a pas-

(Continued on page 14)

The Evolution of the English Toy Terrier (Black & Tan) - Continued

sion for tiny dogs and the ETT came under their scrutiny. This resulted in tiny, effete specimens with apple heads and the resulting round, large eyes that are traits of dwarfing down breeds. They lacked vigour and frequently succumbed to diseases, distemper etc. Markings and size became the most desirable attributes. Soundness of wind or limb was fairly much overlooked. The late Victorians also had developed a morbid fascination with taxidermy (one I share with them!).

Stuffy

When I used to give lectures on the breed, as well as bringing along live specimens, I also took Stuffy. Stuffy was, as her name implies, a taxidermy ETT dated the beginning of the 20th century. Diminutive in size, and a better head than the two I

shall comment on below, and from the photographs you can see how through half a century the head was developed and refined.

Stuffy gives a fascinating insight to how small the breed became, almost driving it to extinction. A common practice by taxidermists was to stitch together deceased puppy skins to create an alleged 'tiny' specimen and pass it off as having been a living example.

There are just two examples extant(plus, of course, Stuffy),of small genuine ETTs, which makes them of great value both as an historical and commercially valuable asset. These are in the museum at Tring, Hertfordshire. I have visited and seen them on display and discussed them with the curator. They are definitely authentic and correct. As indeed is Stuffy.

The Breed Club

In 1938 a dedicated band of breed enthusiasts gathered at the Crufts breed benches and formed the Breed Club, with the name Miniature Black & Tan Terrier. On April 1st 1960, the breed and the Club were renamed the English Toy Terrier (Black & Tan).

Late 20th Century

In the late 20th century as the world seemed to grow smaller, there was an uptake in ETTs being exported, particularly to Finland (late 1980s, early 1990s). In the 1960s a Toy Manchester Terrier, (Eaglespur) Bummet Brook Ol' Angus was imported into Britain from the USA, but he was not well received by British breeders, virtually unused, and sired only a handful of litters. Although he does appear back in some Brit-

ish bloodlines pedigrees.

There was nothing new in some of the British breeders exporting specimens to Europe etc, but no one sent stock to America for many decades, as at that time the Toy Manchester Terrier was held to be a different breed from the ETT. In 1991 I found myself breaking ranks with British breeders, resulting in much controversy, when I exported an ETT to the Velvet Firefly's kennel in the USA where he made a significant impact as a sire, winning his own title and siring 11 champions.

Eventually some British breeders came to terms with it and looked into the merits of bringing imports into Britain to open the rapidly decreasing gene pool here. The first came in 1995 from Australia and then in the 2000s from the USA.

The ETT, originally a gentleman's dog, as is evidenced by the rat pit photographs (no women are present) has never achieved tremendous populari-

The Evolution of the ETT - Continued

(Continued from page 14)

ty, but a core of dedicated enthusiasts, now both men and women, have over the decades ensured the continuance of the breed with a number of notable specimens distinguishing themselves in the ring, the whelping box and/or as stud dogs.

Vulnerable Breed Watch List

Breeders, aware of the ETT being currently Kennel Club listed as a vulnerable breed due to their comparatively low number of registrations, in the main, continue to share their good stock with each other for further enrichment of the breed as a whole.

Patricia Littler Dresser
4/15/1929 to 1/2/2021

My Mom, Pat Dresser, passed away this morning at the age of 91. Her health had been failing in the past few months due to a number of health-related issues. She recently said she had lived a full life and was ready to go. She leaves behind my older sisters Elizabeth and Christine Dresser, and me, and a wealth of friends and memories. I believe it was mom's wish to forgo a formal funeral, but I feel the need to eulogize her, for myself, and for those who would care to read about her life.

Mom grew up in Westchester County, NY, near New York City. She had an

older brother, Dr. Ellsworth Littler, with whom she shared a birthdate, and who passed away in 2017. Mom always referred to her brother, our Uncle Bud, as "the funny uncle." She was exactly two years younger than Uncle Bud, and their birthdate of April 15 was always easy to remember. Mom's next-door neighbor growing up was Peter Tork's Aunt. As a young girl growing up watching "The Monkees," I always thought that was pretty cool!

Mom met Dad after he served a stint in the Navy at the end of WW II. She was working as a secretary in New York City, and he was just beginning

his studies at Princeton, where he majored in English. My parents shared a love of musical theatre, opera, music, and books, which they later instilled in my sisters and me. When they were dating and as a young married couple, they would go into the "City" and get discount day-of-show tickets for Broadway shows. They saw the original productions of classic Rogers and Hammerstein, Lerner and Lowe, and other musical productions. As my sisters and I were growing

up, Mom and Dad took us to many theatrical productions, including performances of Gilbert and Sullivan operettas by the D'Oyly Carte Opera Company, one of their (especially Dad's) very favorites. On the weekends, recordings of D'Oyly Carte's "Mikado" and "H.M.S. Pinafore"

were often playing on the old record player.

One of Mom's best friends in her NYC days was Anne Rogers, before she was Anne Rogers Clark. Annie Clark was one of Mom's bridesmaids when she and Dad married (in the photo of her wedding day, you can spot her as the very tall bridesmaid. . .). Mom once told me that Anne offered Mom and Dad a dog as a wedding gift—if memory serves me it was a Cocker Spaniel. They declined her offer at the time, but I believe Anne was instrumental in fostering my mom's initial and lifelong foray into dog shows,

which would become her passion starting around 1963.

In their early years together, Mom and Dad moved for Dad's job with Dow Chemical Company --from Princeton, NJ (where my sister Liz was born), to Pontiac, MI (where my sister Chris was born), to various locations in NE Ohio (where I was born). The family moved to our home in Granger Township in 1969, which is where my parents would spend and end their lives.

Treasured memories from my early years revolved around holidays—especially Christmas. Mom would take us to downtown Cleveland every Christmas to see the department store animated window displays, and then take us to lunch at Higbee's. She was a great shopper (something I inherited) and managed to find interesting gifts for us all. However, she was a last-minute wrapper, and was holed up for hours in the bedroom on Christmas Eve, as she said, "throwing wrapping paper on gifts." She also didn't like to waste the wrapping paper and gift tags, and on Christmas morning she would fold up the paper and save the tags to re-use the following year. On those Christmas mornings in Granger, she would be taking care of the dogs in the kennel, while we three girls waited impatiently for her to finish and come in the house so we could "plunder" the tree (as we referred to it in our home).

When we were growing up, the family would travel every summer to Southbridge and Falmouth, MA, to visit my paternal Grandfather and sail on his boat. The trip would always involve lobsters, fishing, and digging for clams, but Mom would have none of that. She was not particularly fond of sailing, and despised all forms of seafood. Sometime after Dad passed, however, the entire family discovered the pleasure of cruising. Mom cruised a number of times with sisters

Liz and Chris, and several times all of us cruised together. We shared a very memorable cruise to Alaska to celebrate Mom's 80th birthday, when we daughters split the cost of a huge balcony suite on a Holland America ship, where we shared many laughs together. Highlights of our shipboard activities were the daily trivia and "Name that Tune" contests, which we often won, as we all have sharp

"Dresser" minds.

By the time we moved to Granger, my mom was firmly entrenched in the dog show world. Her first show dogs were a pair of Bloodhounds named Beauty and Slurp. Mom was able to get Beauty to slop her way around the obedience ring to a C.D. degree, and Slurp became a champion. The Bloodhounds were followed by Whippets Icky (Ichabod), Honey, and Hawk, before Whippets were fashionable. Hawk, Ch., Bettebrook Benchmark, who was sired by Peggy Newcombe's

(Continued on page 18)

famed Westminster BIS dog, Ch. Courtenay Fleetfoot of Pennyworth, became my Mom's foundation Whippet stud dog, and achieved his R.O.M. Her Kennel name became Dress Circle after she imported a Yorkshire Terrier from Daphne Rossiter in England, who named the Yorkie "Yorkfold Dress Circle." For those of you who are theatre buffs, you may know that the Dress Circle seats in a theatre are some of the best in the house. The name stuck as the family kennel name.

During Mom's "Whippet years," in the early 1970's, our non-dog show weekends often involved trips to Hamilton, Ohio, near Cincinnati, for informal Whippet races with Whippet fanciers including Louis Pegram, Doug and MaryBeth Arthur and Bud Gutilla. Mom was a long-time member of the American Whippet Club, and served as the editor of the "Whippet News" for many years. This was before printing became an automated process, and I remember being pressed into service for collating, stapling, and stamping the publication, after the individual pages had been printed at Repro Depot in Medina.

Mom also became deeply involved in both the Western Reserve and Medina Kennel Clubs. She was a lifetime member of the latter club. Back in the day, I remember her hanging out with Maxwell Riddle, Frank Oberstar, Ruth Terry and others. Ruth was the person who introduced mom to Chihuahuas, which would eventually be one of her (and my) favorite breeds. Mom was an AKC delegate over the years, and often flew to New York City, for the day, for meetings.

I was lucky enough to travel with Mom several times to NYC to attend Westminster Kennel Club when I was a teen. On one particular trip, she

was attending a corporate party in the penthouse of the hotel, when she called on the house phone (I was ready for bed) and said, "Get dressed and get up here. Richard Thomas is here!" Yes, THE Richard Thomas (John Boy of the Waltons—I was a big fan and I believe his parents raised and showed Brussels Griffons back then). Thanks for looking out for me, Mom, but my teenage self was unfortunately too slow in applying makeup, and John Boy headed down in the elevator as I was heading up. I think this was the same year Mom took me to "Grease," which was a new show on Broadway at the time. She was horrified that she had taken me when one of the characters walked on stage and delivered the line, "What the F**k is going on??"

After my teen years I drifted away from the Dog Show world, until the last 8 years or so, but Mom continued on with her best friend, my sister Chris, over the decades. Mom had a number of toy breeds she owned and showed over the years, but she achieved the most success with her beloved Best In Show Toy and Standard Manchester Terriers, Tina and Johnny, bred by her friend Myrtle Klensch of Salulaire kennel. Over the years, Denny Kniola, Jerry Rigden, and Tom Glassford handled some of Mom's dogs, but her greatest wins were with Tommy Glassford handling Johnny. Mom was thrilled to see Johnny get Best of Breed and "make the cut" in the groups one year at the Garden. During the televised event, the camera panned to her (in her prized and long held box seats) in the crowd, and the announcer pointed her out and commented "Doesn't she look happy?!?!"

Mom loved traveling to dog shows, and she loved traveling to London and attending

Crufts. In 1985, during my last year of law school, I saved up enough money to travel to England with Mom and Dad and go to Crufts. We also attended several shows at London's West End—theatre always being one of my parents' passions. I remember one night we had tickets to "Cats," a show that is not everyone's cup of tea. It certainly wasn't my Dad's, as he stood up at intermission and said, "This is terrible. I'm going back to the hotel." Mom and I stuck it out till the end of the show. . .but we secretly agreed with my Dad's critique.

In recent years, Mom attended dog shows with Chris. Mom was on oxygen, and used her motorized cart to get around. She attended shows to visit with her many friends, and to cheer on Chris with her Pugs, and me with my Chihuahuas and Pomeranians. In the past few months, during the pandemic, her travel was completely curtailed. I would visit her at home, and she talked about how content she was with her books and her radio, which was always on and tuned to public radio 24 hours a day, so she could hear her beloved classical music and opera. She proudly told me several times over the past months that she sent in a \$365 donation to public radio because she enjoyed the programming so much. But Mom did like other music too. Back in the day, she would be lined up and ready to buy tickets for us to see Neil Diamond when he came to town at the former Coliseum in Richfield, Ohio. When the show sold out and they scheduled a second show for the following night, Mom got tickets to take us to that show, too. She would also make reservations for dinner at the Coliseum's restaurant, and we would get to hear Neil sing while doing his sound check performance while we ate dinner.

Mom loved going to and browsing through the

books at the Half-Priced Book Store, although in recent years we weaned her off hard copies of books, and to a Kindle. She also marveled at her TV and DVR, and happily told me, every time we talked, that she could record 5 programs at once. She liked to read through the tv program guide each morning and find shows to record, but her DVR would get so full she would have to go through and delete recordings periodically. She would call me and tell me about shows I should record—Trevor Noah, whom she thought was very clever; Roy Orbison concerts for my husband Bill; old movies, etc. Until her final days, when I would visit, Mom would always be sitting in a wheelchair in her kitchen, surrounded by the things that mattered most to her: Her classical music, her Kindle with her books, her last Manchester Pixie and friend Lorinda's Pomeranian Hubie, whom she liked to talk to and look at. Photos of her family and bits of important papers are attached with magnets to her refrigerator, which was next to her, so she could see them easily.

My Mom lived a very full life. My sisters and I all have shared her interests, including her love of dogs, travel, music, theatre. . . . Rest well as we carry on, Mom, until we meet again. You live in the hearts and memories of the many people whose lives you touched.

AT YOUR SERVICE!

- An organization functioning solely to attain those benefits which can be achieved only through the combined efforts and voice of a truly representative majority of the fanciers of our breed.

Our first year's achievements include:

- (1) A membership of 64 fanciers in 16 States "from Coast to Coast";
- (2) Acceptance as a member club of the American Kennel Club;
- (3) A vast amount of favorable breed publicity in all types of media;
- (4) Offering specials for annual competition at all A.K.C. Licensed Shows;
- (5) Personal service to many fanciers and prospective owners of our breed;
- (6) Approval by the A.K.C. of a New Standard revised to accord with the desires of a majority of the fancy;
- (7) Other matters too numerous to mention here, but not forgetting;
- (8) THIS - the first National Specialty Show ever benched for the Toy Manchester Terriers;
- (9) A sound treasury balance sheet to carry out;
- (10) Future work, already being planned and developed and which should achieve still greater benefits.

◇

- We cordially invite every reputable fancier of Toy Manchester Terriers to become affiliated with us, and to have an equal voice with every other member, in determining Club policies and efforts. Annual dues are but \$5.00 per year. Address correspondence to the officers.

◇

**AKC Gazette 1953 February,
Toy Manchester Terrier Club Column**

“FOR THE FOUNDERS of the American Toy Manchester Terrier Club there is no one with greater admiration and deeper respect than myself,” writes our president, Howard B. Ramsey. “The conception and bringing forth an organization of this character is a task to try the patience and test the tempers of the most balanced of minds. In sequence, the same emotion is maintained for those who have carried on year after year, undaunted and unafraid to assume the responsibility of official function; unswayed by adverse and unwarranted criticisms either personal or otherwise; determined that, with a singleness of purpose, this Club should prosper and continue to pursue the purpose for which it was created. In coordinating the diverse opinions, after the process of screening the ‘individual likes and dislikes,’ it was only natural that feuds would be generated. In carrying these feuds down through the years much has been lost in sage counsel and experienced guidance . . . to the

newcomers. “Upon entering the show season for this year let’s try to understand our competitors; let’s really enjoy the companionship of the others in the Toyman fancy. Stand behind the one chosen best of breed. Stay for the group and really boost the Toyman striving for recognition.

AKC Gazette March 1953

“the subject of our first ‘sketch’ is an amazing person,” writes our president, Howard B. Ramsey. “At an age most of us consider past the time of physical activity this lady travels thousands of miles . . . by bus . . . to attend the yearly business meeting of the Club. This loyalty to a club, this devotion to a breed, these unflagging and determined efforts to improve and promote Toy Manchester Terriers over a period of 35 years can merit only our deepest respect, sincerest admiration and gratitude. We present Mrs. Annice L. Helfrich, in point of years the oldest Toyman breeder in the country; oldest active charter member of the ATMTC; member of the Old-Timer’s Club . . . and with little fear of contradiction, the tartest tongue, bluntest speech and the hottest firebrand in all the Toyman fancy! In 1880 Charlie Campbell, her uncle, pro-

cured two Black and Tans in London . . . Martha and Yorkshire Pat. Martha was bred there and had a litter of six. These were the first to be imported into the United States. They were presented to his daughter, G. Nellie Campbell, later to become Mrs. G. Campbell-Schmidt. “In 1917 Mrs. Helfrich received two females from Mrs. Campbell-Schmidt the second of which was bred to Ch. Campbell’s Booster. Breeding consistently within her own kennel and that of Mrs. Campbell Schmidt the ‘apple-heads’ were eliminated and the small Toyman maintained. Our Mrs. Helfrich produced that great winning female, Ch. Helfrich’s Lonesome-O-Girl, undefeated in classes, always placing second in groups, and always shown without a lead. In speaking of the trials and tribulations, the disappointments and the discouraging periods, Mrs. Helfrich writes simply: ‘I have had a lot of hardships to get my dogs up where they are but it was a pleasure to me.’ She has witnessed the beginning and ending of many . . . but she has held steadfast in the belief that the Toyman would again be second to none. She has spoken forth for the right as she knows the right . . . she has fought val-

(Continued on page 22)

iantly for those friends who left the fancy for one reason or another . . . she has never deviated from her love for, interest in, and responsibility to the Toy Manchester. She has implicit faith that the officers and members of the Club can and will work in harmony for the advancement of the breed. She requests that all dogs be registered when the litters are registered and deplors the fact that so many are being sold without papers. When this club was formed there were 98 members. It is her ambition to have more honest breeders join forces with the present members and forge ahead. "Mrs. Helfrich possesses that element 'sincerity of purpose' to the point of its becoming a virtue . . . and to sit with her awhile just listening to her enthusiasm is indeed an encouragement for anyone to attain the same. To YOU, Mrs. Helfrich, the Purple and Gold rosette!" Thank you, Mr. Ramsey

AKC Gazette June 1953

OUR PRESIDENT, HOWARD B. RAMSEY, writes: "There is nothing I could say at this time that would be more inspirational, more gratifying to the entire membership of this club than the following letter written by A.

J. Rolf, founder of the ATMT Club. It is a letter worthy of deep study because it is the most sincere presentation of facts I have ever read! Mr. Rolf writes: "Personal conditions have not permitted me to breed, or even to keep, any Toy Manchester Terriers for about ten years. During that period I have lost contact with many of the old-timers; have not had the pleasure of meeting many of the newer fanciers such as President Ramsey of the ATMT Club. I do, however, get a great deal of pleasure from reading Rosedith Drane's Toy Manchester Terrier notes in the American KENNEL GAZETTE each month. I was especially impressed with President Ramsey's comment as quoted in the opening paragraphs of the February notes. How well he described what a few of us went through in the formation and early development of the ATMT Club when he referred to it as 'a task to try the patience and test the tempers.' Some of the newer members not being conversant with how Club was developed, perhaps a bit of reminiscing would be in order. "It was at a Detroit Show that I first met Mrs. Vernona Dell Thorndike. At that time I was primarily showing Fox Terriers and German Shepherds, but having a real nice Toy Manchester bitch as our house dog I natural-

ly made Mrs. Thorndike's acquaintance. As we discussed the bane of the bandy-legged, bat-eared, apple-headed, almost hairless specimens so prevalent at that time and masquerading—yes, and winning — as Toy Manchester Terriers, I spoke a few times of what a strong club, on a national level, could do toward restoring both breed character and popularity. Knowing that I had had a great deal of successful organizational experience with poultry and livestock, I was repeatedly urged to undertake the organization and development of a Toy Manchester Club which could, and would, speak authoritatively for the breed and its fanciers. "Finally, although I then owned but one bitch and bred only occasional litters I gave in to Mrs. Thorndike's pleas. At the time I approached the organization of the Club, I had met no Toy Manchester Terrier breeders other than Mrs. Thorndike; I had corresponded with only two or three from whom I had previously purchased stock. I was, therefore, not in position to 'pick and choose' members according to my preconceived idea of who might, or who might not, make good members. Consequently, I sought the membership and support of every Toy Manchester owner and/or fancier I could

(Continued on page 23)

contact. And: even though it did bring to the surface some of the feuds— some of the adverse . . . criticisms to which President Ramsey refers, I feel that actually it proved the soundest basis on which the Club could have been developed. It gave every school of thought a chance to be heard and considered. “For example: when I wrote, and obtained official AKC approval of, the then new Toy Manchester Terrier Standard, I had the benefit of the ideas and desires of all groups; those who felt that size was of major importance— some feeling ‘the smaller the better’ while others abhorred the really little ‘uns; those who could see only Manchester type without regard to size so long as it did not actually get up into the Standard Manchester weight range; those to whom color and markings were of primary interest and who were willing to overlook much for an approach to color perfection; those who

went all out for the nice, naturally erect ears and those who would permit anything so long as they could be trimmed; those who felt that our disqualification for excess white was too severe and those who wanted to go ‘full sled length’ in the opposite. Yes, truly, we had I believe every possible idea among our early membership. While I know that Standard was far from perfect, I do feel that the very, very minor revisions made in it to date speak well of the wisdom of basing it upon a careful evaluation of the ideas expressed by all of our then-generalized membership rather than drawing it up just to fit the ideas of a ‘selected few’ as has so often happened with other breeds, “Among the earlier members who proved to be ‘towers of strength’ in developing the Club I recall such as: that sterling character, Stuyvesant Peabody, the extent of whose financial contributions to the work of the Club in its early

days he would never permit me to make known but without which progress would have been greatly slowed down; Russell D. Clark, Richmond, Va., whose bloodlines unquestionably did more than those of any contemporary breeder to help restore breed type and character to our breed in its time of greatest need; the one and only Judge Enno Meyer of Ohio, gifted not only as a judge, but an able artist whose contributed illustrations so materially enhanced our earliest club brochure on Standard qualifications; Miss Janet Mack, a true enthusiast and probably the first to recognize the real worth of Russell Clark’s breeding accomplishments; Father McKavney of Pittsburg whose inspiring and confidence restoring letters kept me from quitting more than once because of discouragement from what I felt was a too-burdensome load of unjustified criticism from disgruntled members; Dr. Sergeant Martin who was responsible for what I believe is the largest entry of Toy Manchesters ever benched; and . . . I cannot take the time to dwell at length on all of the others, but there parades before my mind such names as Laura Kenkle, Mrs. Ruby Owens, Dr. Viergutz, Mrs. Mader,

(Continued on page 24)

Helfrich, Campbell, Swarr, Strayer, Davis, McLean, and numerous others whose faces I well recall, but whose names escape me. "Some of these pioneers have passed on to their final reward; the present day American Toy Manchester Terrier Club, and its accomplishments, stand as a memorial to the unselfish service they rendered in its cause. With several I was involved in 'feuds' which I sincerely regretted, and which I often could not understand; in some cases the misunderstandings even developed to a point where there was a marked feeling of animosity towards yours truly. In each such case I can sincerely say I was merely trying to live up to my honest convictions and, in every case I also gave other parties full credit for doing likewise. It is such honest differences of opinion which make horse races . . . and dog shows . . . and successful breed clubs. I did put in many, many hours and days of hard work while organizing the ATMT Club, and during the years I served as its secretary and then its president. But: as I see the good work the Club has already done; as I see the good work it continues to do; and as I see the great opportunities it has for further good work . . . then I do not regret one single moment or bit of effort I gave to it.

On the contrary, it is with a feeling of pride that I recall the small part I had in making it possible. "In closing, may I say that as one of the old timers I certainly trust that the Club will take seriously the admonition of President Ramsey when he wrote: 'Let's try to understand our competitors; let's really enjoy the companionship of the others in the Toyman fancy.' " "My deepest thanks to you, Mr. Rolf, and our warmest welcome to this column." . . . Howard B. Ramsey.

the 'Standard of Perfection'

"for those who profess difficulty in interpreting the 'Standard of Perfection' for the Toy Manchester Terrier it might be well to quote it completely," writes our president, Howard B. Ramsey. " 'Shape and color make the breed; vigor and vitality make the dog.' In any breed it is not too difficult to pick the better dogs of a class as they are gaited about the ring. However, if a breeder has not

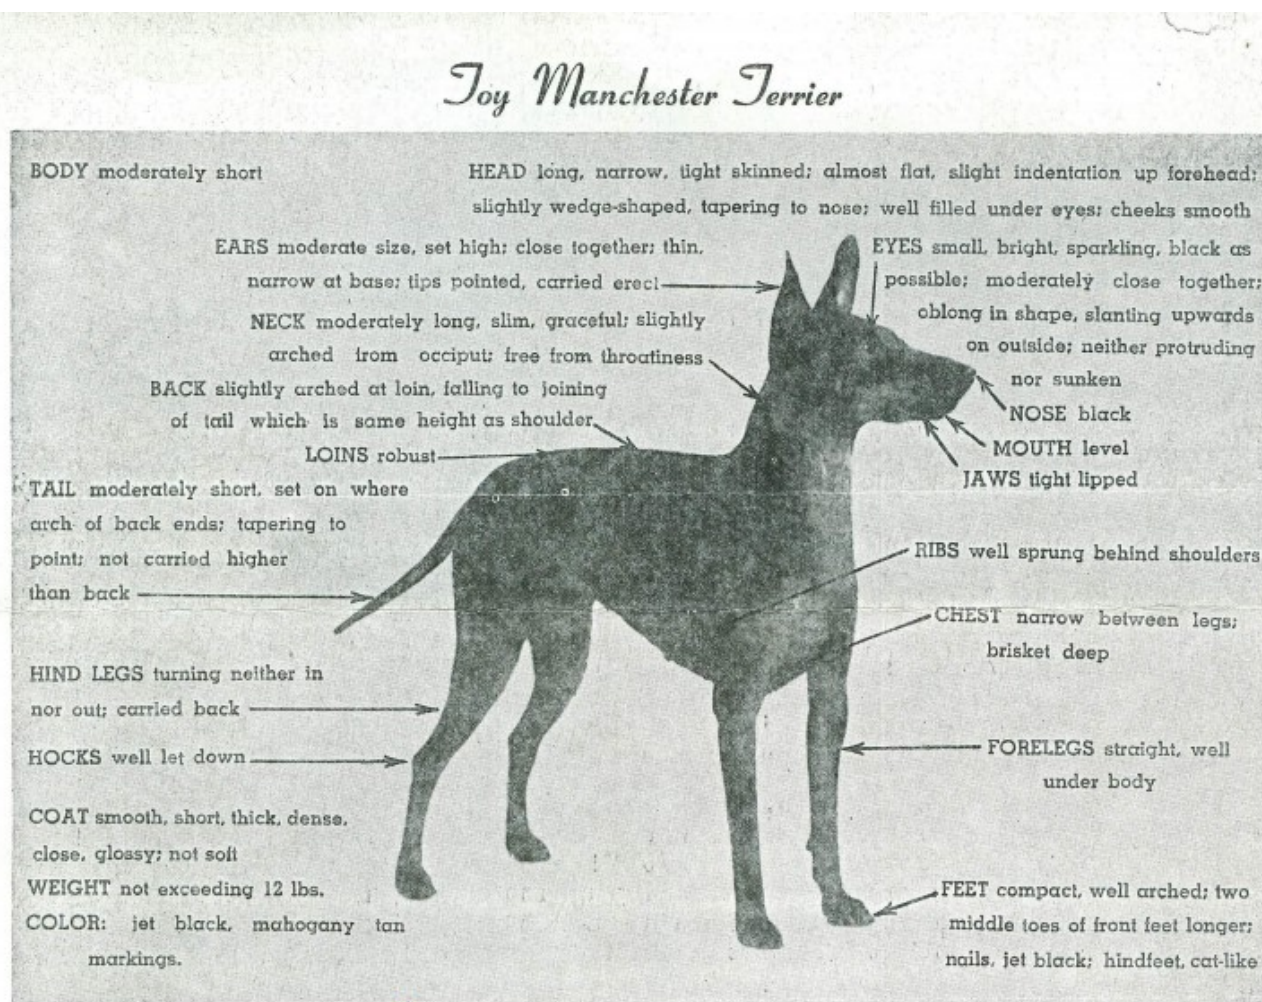

trained the eye to recognize symmetry, grace and balance in their breed then it is easily understood why the Standard is of such little import to them. Some of the questions concerning the Standard of Perfection are not conclusive evidence of an adult mind, nor does it offer convincing proof of sincerity in the desire for a change in the Standard. This 'smart-alecky' and juvenile method of demanding can be carried on endlessly throughout the entire Standard. "At no time during the 100-odd shows at which I have been present has a breeder or exhibitor quoted the Standard to me . . . questioning the accuracy of any part of it nor have they offered any more logical method by which the Toyman should be judged. It has never been pointed out that the tail should be set at the same level as the shoulder, for instance, nor has the compactness of foot been discussed. It might be well for the breeder, instead of announcing to the world how little the judge knows the breed, to sit down

and give it a bit of study himself! After studying and observing hundreds of Toy Manchesters there is little difficulty in determining the length and narrowness of head conducive to perfect balance. The small eye and well-filled-in foreface go hand in hand! 'Gay' tails are preferable to the appendage tucked tightly between the legs. There is no more pathetic sight than to see a handler holding the tail for the judge's benefit only to have it snap under the belly like a rub-

ber band when released! The 'gay' tail can be brought under control, endangering, of course, the carefree spirit of the terrier. And who can admire a stodgy, colorless and lethargic specimen of Toy Manchester? It might be suggested that the breeders forget their struggle for importance in the world of dogs; lessen their efforts to become 'powers' among the human element necessarily connected with the breed; and apply themselves and their efforts to successfully

meeting the requirements of the Standard of Perfection and maintain it. The same admonition can also be applied to strengthening the National Club . . . causing it to function smoothly and successfully. Time and place for a National meeting is in operation. Please inform your Governor regarding the matters you wish to be given consideration." Thank you, Mr. Ramsey. In a recent letter, A. F. Rolf, founder of our Club, he refers to the Standard of Perfection with " Ideals and

TMT Visual Standard, Dog World—Circa 1946

Faults,” written in pamphlet form and containing significant comments and illustrations by the late Enno Meyer: “I really believe,” he writes, “most of this brochure is just as pertinent today as when it was written. I believe it would be a wise investment on the part of the Club to make such small revisions and additions as are necessary to bring it up to date, and reprint the brochure for the benefit of newer members and fanciers, and particularly for the proper education of some judges. While great improvement has been made, I still occasionally see some judging that indicates a number of our present judges are not conversant with what a top quality Toy Manchester is or should be.” Mr. Rolf adds an interesting paragraph on monorchidism: “At the time the Standard of Perfection was prepared I don’t think any one gave any thought whatsoever to monorchidism. As a matter of fact, I don’t recall ever having seen a Toy Manchester mon-

orchid until within the very recent past few years and I am inclined to think that if it is becoming at all common it is a matter of rather recent development. In a toy breed, which has a background of in-breeding and of selection for small size, without due regard to vigor, it would be my opinion that we should frown upon any tendency to discount masculinity in our males. This opinion is based not only on my rather limited experience with Toy Manchesters, but upon my more generalized experience in livestock breeding.” Thank you, Mr. Rolf

“THE STUD DOG,”

by Dr. H. I. Viergutz, veterinarian, secretary-treasurer of the A.T.M.T. Club says: “Regardless of the animal, species or breed, an animal being given any consideration as a Sire—that is for breeding purposes—should possess all of the required characteristics of the breed. Not only should he possess these, he

should excel to such a degree that he would come as near as possible to the ideal for which the Standard of the breed calls. Perhaps the greatest distinguishing feature of any individual is the head. (The Pekingese people have given 40 percent to the value of the head.) The appearance of the head is a very distinguishing characteristic in identifying any breed. General appearance is perhaps next, that is, the dog as a whole, considering symmetry. Each part of the dog should blend with the other and really no part stand out alone away from the rest of the dog... style and action, straight, sound feet and legs. The front feet are to be rabbit-like and not cat-like on a Toy Manchester Terrier. The hind feet are cat-like, the dog should be well up on his toes. “We should have fewer dogs being used for stud service and the better ones should be in much greater demand. Right down to the cold cash facts of this dog affair no one is going to make much, if any, money out of breeding dogs. It is a hobby and most of us who attempt to be breeders should face the facts and then strive to attain perfection. “Now we come to perhaps the greatest section for consideration and that is soundness. That should apply to any part or portion which should be in-

volved or pertain to soundness. However, any dog may have almost perfect conformation and still be made unsound by an injury, or he may have been born with a weakness which later resulted in unsoundness. An animal blind in one eye from an injury would not transmit his blindness to his puppies. However, some breeds have a tendency to weak, sore eyes and this is transmissible. Perhaps the most valuable parts of an animal for the purposes of reproduction are the sex organs. These should be normal, testicles are retained hereditarily. By this we mean some sires continually sire pups with retained testicles which do not descend into the scrotum. On the other hand this may be caused merely by the dysfunction of certain other glands of the body. Should one have a very fine prospect of a pup, almost at birth one can tell whether the pup is a monorchid or cryptorchid and hormone injections should be used. This is no simple treatment and should be carried out under competent and proper supervision. Should one find himself the owner of a very fine specimen but of breeding unsoundness, I do not feel that this animal should be shown in dog shows and if it is, he should be disqualified as if for any other unsoundness. Howev-

er, if this monorchid breeds and reproduces normal male puppies, I see no reason why he should not be used for breeding if in other respects he is outstanding enough to warrant his use. But should he produce cryptorchids or reproduce monorchids then he should be disqualified as a stud dog. "Coat, color and markings are also of importance. The coat should be smooth, short, thick, dense, jet black and shining— not soft; trim of rich mahogany tan with clean, clear thumb marks on the front

of each foreleg between the pastern and knee, distinctive black pencil marks running lengthwise on the top of each toe on all four feet, and all other markings mentioned in our Standard of Perfection with which we are all familiar should be there. However, as important as color and markings are, at the same time we should not sacrifice the dog for color and markings—it is still important to have a dog to put them on. Thank you. Dr. Viergutz.

Reports from the Secretary

Kathy Nissen, Secretary

AMTC Board Meeting Minutes – October 28, 2020

The AMTC Board of Directors met via teleconference on October 28, 2020. President, Susan Thrasher, called the meeting to order at 7:42 p.m. Central Daylight Time.

at 7:42 p.m. Central Daylight Time.

Roll Call: Present – Susan Thrasher, President; Christina Caridis, 1st V.P.; Roberta Berman, 2nd V.P.; Kathy Nissen, Secretary. Board members present: Jean Good, Ellen Murtagh.

Absent: Dianna Texter, Treasurer and Board members: Beverly Leidner and Patrick Mackesey.

There was not a quorum in attendance to conduct official business, however, the Board agreed to review and discuss the items on the agenda. All items noted on the October 2020 meeting agenda will be listed on the November 2020 agenda for further discussion.

Michele Barlak, Health and Rescue (East coast) Chairperson, had previously contacted the board asking to present information pertaining to the AKC's Parent Club Semen Bank Tool Kit at this board meeting. Following her very interesting and informative presentation, the board asked various questions regarding how this could benefit those breeders in our Club. Michelle will draft information for the February 2021 issue of our newsletter for the members to review. Soon after publication, a survey utilizing Survey Monkey will be sent to the membership for input. The Board

thanked Michelle for her very informative presentation after which time, she left the conference call.

President's Report – Susan Thrasher – nothing to report.

1 st V.P. Report – Christina reminded the Board District 1 is without a Governor since Beverly Leidner did not wish to remain in this position. Kathy Nissen suggested Katherine Levario as a possible selection. President, Susan Thrasher, will contact Katherine and ask if she would be interested.

2 nd V.P. Report – Roberta Berman – nothing to report

Secretary's Report – Kathy Nissen – nothing to report.

Treasurer's Report – Dianna Texter – absent. No report.

Old Business:

2021 AMTC National – Christina provided an update and noted applications for the events held during that time frame will be sent in to the AKC.

2022 AMTC National – Nothing new to report.

License Plate Frame Fundraiser – tabled until November 2020 Board meeting.

Wells Fargo payment acceptance option – tabled until November 2020 Board meeting.

Cloud or other similar type of storage for AMTC Archives – nothing new to report.

Breeder Education Committee as per AKC – tabled until a future meeting following completion

of the Breed Standard Revision vote.

Karen Langlois' request for \$400 trial ribbon budget – tabled until November 2020 Board meeting.

Transport of Archives – Archivist, Christina Caridis, noted former Archivist, Ginny Antia found a few more items from the archives and will send them to Wendy Schober who is currently holding the archives until such time as shipment to Christina can be arranged.

No New Business

Motion to adjourn the October 2020 Board meeting made by Ellen Murtagh and 2nd by Jean Good. All in favor. Motion carried. Meeting adjourned at 8:32 p.m. Central Daylight Time.

Respectfully, Kathy Nissen AMTC Sec'y

November 2020 Board Meeting Minutes

No November board meeting

December 16th, 2020 Board Meeting Minutes

The AMTC Board of Directors met via teleconference December 16th, 2020. The meeting was called to order by Pres. Susan Thrasher at 7:36 p.m. CST.

Roll Call : All board members were in attendance.

President's Report: Susan Thrasher - Nothing

new to report.

1 st V.P. Report: Christina Caridis noted there had been the possibility that with Michigan being shut down due to Covid restrictions, we may need to think about moving the 2021 AMTC National elsewhere, however, due to this event not being held until May, Christina noted there was an 80% chance the event would take place at the location as scheduled. Christina also noted there had been discussion among the membership of holding the obedience and agility trials as stand alone events at our national event. Doing so alleviates possible conflicts between the conformation and performance rings. Christina will look in to the costs of engaging a superintendent vs a member or members assuming the responsibility for the events and will report back to the board at the January 2021 board meeting.

Christina reported our 2022 National event's planning is on track and mentioned Inez Pennington is interested in chairing some of the companion events that will hopefully, include agility. Obedience and performance cochairs, Roberta Berman and Jean Good were in support of this. More information to be presented at future board meetings.

2 nd V.P. Report: Roberta Berman – Nothing new to report

Secretary's Report: Kathy Nissen noted we have 4 new membership applicants being processed for publication in the February issue of the newsletter with the 2 currently published applicants' information to be presented to the board shortly.

Kathy also noted it is very important that when club members provide membership applications to potential new members and to those having gotten puppies from our breeders to please make sure the 2021 membership application is utilized

Reports from the Secretary—Continued

due to the change in dues for Household membership.

Treasurer's Report: Dianna Texter – provided her Treasurer's report to the board and this information will appear on the club's website at a later date.

Dianna stated she is in the process of finalizing the removal of the club's unnecessary California Corporate ID since we are incorporated in the state of Washington. Currently, she is waiting to hear back from the state of California after submitting all requested information.

Dianna informed the board she had been in contact with the host hotel for the 2021 AMTC national event regarding the possibility of the event being canceled due to Covid and how this may affect the contract. The club will have until the end of March 2021 to cancel and any monies etc. would roll over to 2022.

Options other than PayPal to pay membership dues had been previously discussed by the board. Paying by credit card through Wells Fargo was looked in to by Dianna and there would be fees involved which would not be in the best financial interest of the club. The board agreed.

Unfinished Business:

License plate fundraiser: At this time, there have been sales of approximately 15 frames. More sales are expected.

Cloud or other online storage: Nothing new to report.

Survey Monkey: Christina is in the process of forming a committee for conducting a survey regarding a possible location for 2023 which will

rotate to the east coast area.

AMTC Archives: Archivist Christina Caridis, noted the archives is ready for pick up at member Wendy Schober's, who graciously retrieved all items from former Archivist Ginny Anita. Prior to transport, the weight and number of boxes per pallet being transported will need to be determined and Dianna Texter will contact Wendy to discuss what packing and loading entails. She will report back to the board upon gathering this information.

New Business:

CMTC Request for Logo Image Use: CMTC's request to use cropped image from our logo for trophies for their Virtual National event was granted following permission for its use being granted by artist Shelley Himmelstein.

AKC Proposal to Allow Mixed Breeds Being Shown in Junior Showmanship: Several board members were unaware of this proposal, however, AKC Delegate, Roberta Berman, will look into this and report back to the board. At this time, it is the general consensus of the board, should this be something the AKC is considering, the board feels the AKC would lose sight of its purpose – "The AKC Mission Statement: The American Kennel Club is dedicated to upholding the integrity of its Registry, promoting the sport of purebred dogs and breeding for type and function." The board members are not in support of this possible proposal.

Logo Release Form for AKC: The AKC has contacted parent clubs for permission to use their club logos as deemed appropriate. A release form was sent to AMTC Secretary, Kathy Nissen, for review and presentation to the board. Following discussion, the board requested Secretary, Kathy Nis-

sen, fill out the form and return to the AKC.

No further business.

Motion to adjourn the December 16th, 2020 AMTC Board Meeting made by Beverly Leidner, 2nd by Patrick Mackesey. All in favor. Motion carried. Meeting adjourned at 8:26 p.m. CST.

Respectfully, Kathy Nissen AMTC Sec'y

AMTC BOARD MEETING MINUTES JANUARY 27, 2021

The first teleconference board meeting of the new year with newly elected board members for the 2021/2022 term was brought to order by President Susan Thrasher at 7:35 p.m. CST.

Roll Call: President - Susan Thrasher, 1st V.P. - Christina Caridis, 2nd V.P.- Roberta Berman, Secretary - Kathy Nissen, Treasurer – Dianna Texter, and Board members: Annette Bujold, Ellen Murtagh. Board members, Patrick Mackesey and Jean Good were absent, however, Jean Good was in attendance shortly after the meeting was called to order. A quorum was in attendance to conduct business.

President's Report: No report

1st V.P. Report: Christina Caridis brought the board up to date regarding the 2021 and 2022 AMTC National events. 2021 National had a schedule change due to one of the hosting clubs having pulled from the cluster. The May 27th Thursday show originally scheduled has been removed from the schedule and that day will now consist of the Welcome Hospitality Room, an afternoon Health Seminar presented by Judi Fleischer D.V.M. (time and location yet to be determined), and our Judges' Education Seminar at 6 p.m. presented by Carolyn Horowitz held in the

host hotel's Great Lakes Ballroom. Shows will now begin on Friday, May 28th and run through Monday, May 31st. For those exhibitors arriving Wednesday evening (May 26th) it is hoped to have the Hospitality Room open. Meeting room for our scheduled events will cost \$500/day. Trophies have been finalized and the draft of the premium list has been sent to MBF. More information regarding the schedule of events can be found elsewhere in this issue of the newsletter.

2022 is still in the early planning stages. Christina Caridis noted the committees have been formed however, the hosting club has cancelled their agility trial and another venue is being looked in to. A logo is being designed by AMTC member, Jessica Stover.

2023 was discussed noting our national event rotates to District 2. Wendy Schober, District 2 Governor, will be the show chairperson. It was agreed she will poll her district members for location suggestions for the event. She will also reach out to her members for national committee formation.

Secretary's Report: Nothing to report.

Treasurer's Report: Dianna Texter noted she had provided the board her financial reports via email.

OLD BUSINESS: License Plate Frame Fundraiser: Nothing new to report.

Survey Monkey Committee: Secretary, Kathy Nissen, asked for clarification of what the responsibilities for this committee were to be. Following lengthy discussion, this committee will be responsible for drafting questions pertaining to what our membership would like to see take place at our National events and shall include the chairperson of each year's event. Board member, Annette Bujold suggested the committee implement their survey questions to assist with ideas starting with

Reports from the Secretary—Continued

the 2023 National. It was also suggested this be brought up at the 2021 AGM to get input from the membership in attendance.

Transport of Archives: Christina Caridis noted District 2 member Wendy Schober, has organized and prepared for shipping, the archives items except for the numerous copies of AKC Gazette magazines. There is an abundance of magazines and it would be costly to have these shipped to Archivist, Christina Caridis. It had been suggested any articles pertaining to the Manchester Terrier be removed from each magazine. Wendy Schober previously mentioned AMTC member Marla Gangler would assist her in going through all the magazines to remove any breed related articles. Also noted, the AKC has every issue of the Gazette archived and was suggested that might be an option for obtaining these articles versus spending numerous hours going through all the magazines.

Reinstatement of Member: Treasurer, Dianna Texter, informed the board of a request to reinstate the lapsed membership of Janna Morgan. 1st V.P. Roberta Berman made the motion to reinstate member Janna Morgan. Secretary, Kathy Nissen, 2nd the motion. All in favor. Motion carried.

Dedication of 2021 AMTC National: It was suggested the AMTC dedicate the 2021 AMTC National to our long time dedicated previous member and breed enthusiast, Pat Dresser - Dress Circle prefix, who recently passed away. Following a short discussion, the board realized there were other members now gone that were contributors to the breed: Phyllis Andreason and Jeanette Tonini. A motion was made by Secretary, Kathy Nissen to dedicate the 2021 AMTC National event to Pat Dresser, Phyllis Andreason and Jeanette Tonini. Board member, Ellen Murtagh, 2nd the motion. All in favor, motion carried.

AKC Allowing Mixed Breeds in Junior Showmanship Class: As a parent club, it was felt this latest decision by the AKC Board of Directors should be addressed. While our board realizes this action is to be done on a trial basis, it was felt parent clubs should have input regarding this matter. The AKC had originally stated it would present the issue to their AKC Delegates to gain their input, however, delegates were by-passed and it went directly to the AKC Board of Directors for the ultimate decision. The board also realizes mixed breeds are allowed to compete in various performance events, however, the AKC 's purpose is to "promote the sport of purebred dogs and breeding for type and function". The board also realizes the junior handler, not the dog, is being and would like assist juniors interested in the sport. Would there be members within the club willing to assist and mentor a junior by providing a dog for them to show? As a parent club, what can we do? AKC Delegate and 2nd V.P. will draft a letter to the membership asking for their input regarding whether or not they support the AKC board's decision allowing juniors to enter mixed breeds in Junior Handling classes.

Good Dog Club Partnership Program: Board members, Christina Caridis and Dianna Texter, presented information to the board regarding benefits of joining this program. There is an annual grant application option of a \$2,000.00 grant available to help support parent clubs, annual contributions to breed specific research, partial reimbursement for those breeders performing various recommended health tests, educational webinars and so much more. Christina Caridis, Susan Thrasher and Kathy Nissen have been invited to a teleconference meeting with a member of this program slated for February 19th and will report back to the board regarding their findings during the February board meeting. This program is also available to individuals.

Selection of Cover dog for 2021 AMTC Member Directory: With 2020's national event cancelled due to the pandemic, there was no Grand Veteran Sweepstakes winner which is to grace each year's cover of our directory. Our Standing Rules state a Manchester of historical significance be selected by the board shall grace the cover in this situation. It was discussed we do a collage of the three manchesters having achieved the titles of OTCH, Search and Rescue, and MACH 17. Board members Roberta Berman and Annette Bujold will gather information for these three dogs.

No further business. Motion to adjourn made by Kathy Nissen, 2nd by Dianna Texter. All in favor. Motion carried. The January 27, 2021 teleconference board meeting adjourned at 8:47 p.m. CST.

Respectfully, Kathy Nissen AMTC Secretary

Results of 2021/2022 Election of Officers and Board Members

ELECTION 20 21

Club Officer's

President: Susan Thrasher - received 99 votes – ran unopposed

1st Vice President: Christina Caridis – received 95 votes – ran unopposed

2nd Vice President: Roberta Berman – received 99 votes – ran unopposed

Secretary: Kathy Nissen – received 101 votes – ran unopposed

Treasurer: Dianna Texter – received 100 votes – ran unopposed

Board Member Candidates for four (4) positions:

* Annette Bujold – 74 votes received

* Jean Good – 66 votes received

Rachel Jonas – 61 votes received

Beverly Leidner – 59 votes received

* Patrick Mackesey – 81 votes received

* Ellen Murtagh – 63 votes received

* *Notes the four (4) newly elected board members.*

AKC Delegate: Roberta Berman – 92 votes received – ran unopposed

Ballots were counted December 20th, 2020 at the home of AMTC Secretary, Kathy Nissen – Gilman, Iowa by board approved tellers Kim and Shelly Barron.

The Barrons verified 105 ballots were returned with 1 uncountable due to voting for more than 4 board member candidates. Ballot was so marked.

The Barrons also noted not all ballots recorded votes for all candidates.

Following completion of the count by tellers, Kim and Shelly Barron, each signed and dated both official teller sheets and all ballots and return envelopes were presented to AMTC Secretary, Kathy Nissen.

C.E. Sawyer, M.D., Bam-Saw Kennel

Last year, Mr. J.C. Williams (Wyethville, Va.), a dear old fancier of this grand old breed, supplied your editor with the biography of Reminder of Red Roof, a fine Toy Manchester of some years ago, and a dog which was one of the great sires of the 1950's. We are very happy to include this information in a recent AKC Gazette article, which we trust you of the fancy as well as the general public enjoyed.

We feel fortunate to have on hand today the story of Ch. Nevjoy's Beautiful Dreamer, as told by one who loved this equally great dog, Dr. C. Evans Sawyer of Mason Mass. In a letter explaining the presentation of this history to the club records, Doe says, "Of course I know most people—particularly late arrivals care little for what went into producing the dog or bitch with which they win. To most, a pedigree is a bore and tucked away for safe keeping like a deed. To me a pedigree is alive and the memories that come to me as I make out a young pups papers are voluminous and sometimes full of great pride and joy—others bring water into my eyes." It is for those of us who share Doc Sawyer's sentiments, that the Dreamer Story is chronicled hereunder:

I am writing this story because it is very apparent that Dreamer (Ch. Nevjoy's Beautiful Dreamer,

born July 26, 1951) is becoming a legend in Manchester Terrier (Toys). I am the only person who knows the entire story and after I am gone I am afraid there will be only fragments about, and these incorrectly told. I feel it is important that this information be available from me for the serious Manchester breeders, since Dreamer holds a position not soon to be threatened as a great sire and impact on the upswing of quality in this breed during the past decade and a half.

I wish to further emphasize that Dreamer was not elevated to his position by any pressure tactics of any person or persons. He earned his title of great sire the hard way. He was bred by one person and owned before he was five years old by three other persons. I was the last to own him and it was while he was with me that it began to be apparent to a few how important he might be. To me he was a once in a lifetime dog and this is a lot to say since I have bred, raised, and owned hundreds of Manchester Terriers of both varieties, many of which were very good. I am looking for another Dreamer, but I know it is unlikely I shall find him. However I shall keep trying.

Dreamer was born in Louisville, Kentucky and bred by Mrs. Edith Neville Nashod. Sired by Ch.

Nevjoy's Kentucky Colonel out of Grenadier Dancer of Nevjoy. Shortly after Dreamer was born, Mrs. Nachod's husband was stricken with a heart attack. He was attended during his illness by Dr. Salmon. As a personal expression of gratitude, Mrs. Nachod gave Dreamer (a pup) to Dr. Salmon and his wife. With these people Dreamer grew up and was shown to his championship and sired two offspring that became champions. The Doctor and his wife were not young and Dreamer was a very dynamic dog. By the time he was three years old, they decided to sell him as he was too much for them. For a ridiculously small sum of money he passed to Mr. John LaVigne of Worcester Mass. Mr. LaVigne wanted him to use with one or two bitches and when he was finished, leased him to a kennel of many breeds in New Hampshire. While there things became rather hectic for Dreamer. A sickly and frightened woman was caring for him and the more she feared him, the more aggressive he became. It got to the place where he was managed without any human handling. His food was put down in an empty pan and sliding door opened from outside with a rope which let him in from the adjoining pen. Then the pen where he had been was cleaned. Next feeding time he was returned by the same method, urged by broom if necessary.

For and intelligent, high geared devil-may-care type of dog like Dreamer, that meant one thing: He hated mankind and delighted in being as distasteful as possible. Not because anyone wanted to do me a favor but more out of desperation, I was called by Mr. LaVigne and asked if I would like to buy Dreamer. He might as well have given him to me for the price he asked. I knew Dreamer's potential and I jumped at the chance. Mr. Carl Bamford (my late kennel partner) and I drove to Worcester, picked up Mr. LaVigne and went to New Hampshire. I did not know when I went up about Dreamer's psychological problem; I knew when I came back. I came back with Dreamer, a bitch named Jupiter Glamour Girl, and two bitch pups—offspring of the pair. Glamour Girl eventually became the dam of three champions and one of the bitch pups became a champion and the dam of a great producing line. The girl was the great Ch. Bam-Saw's Sleeping Beauty.

I had a small a coupe for a car and when we all crowded into the one seat. Dreamer rode on the ledge back of the seat in a small crate. The wire front was open toward my head. He snarled and growled in my ear all the way home.

Dreamer's problem proved easy to solve. He had no one to respect. Everyone had backed off

and it had become an obnoxious habit making people back off. I had placed him in the crate in New Hampshire without anything happening to me and I took him out when I arrived home at Monson Massachusetts. Dreamer never bit me or anyone as long as I knew him, although for the first few weeks he would threaten. For awhile he was at the stage where he enjoyed sitting on my lap but no person could touch him or me. Slowly this hostility wore off and he decided it was nice to have attention from strangers. After he cooled down considerably, he was shown at Morris and Essex and went Best of Breed over an entry of over forty. He had had a nice show career prior to all of this. But shows were hardly his real proving ground. It was as a sire of outstanding sires and dams and the foundation of a line where his quality is carrying on constantly many generations later that his true worth lies. I am not going to list his champion. To begin with, I am operating from memory and I always leave out some whenever I try to recall. By my count there were thirteen full champions. Many others were untitled but became important producers. Many should or could have been titled never saw a show ring. I am not much of a showman and I did not push his get. Others usually showed them and made themselves and these offspring a reputation. I shall mention a few

however:

- Ch. Bam-Saw's Sleeping Beauty
- Ch. Bam-Saw's Sleepy Time Gal
- Ch. Bam-Saw's Bummet Brook Brandy
- Ch. Golden Scoop Cisco Kid
- Ch. Skip Wonder Boy
- Ch. Antique Dreamer's Debbie
- Ch. Golden Scoop Lady Rowena
- Ch. The Popularity Girl
- Ch. Nevjoy's Luv Bug
- Ch. Meadow Brook Lucky Strike

And Ch. Bam-Saw's Indian Summer—a five point winner the only time shown.

Dreamer made his reputation without any drum beating and at times in spite of reverse and nearly impossible circumstances. Some of the people who deserve credit for his immortal record are:

Mrs. Edith Neville Nachod—owner of Nevjoy Kennel and breeder of Dreamer and his sire Ch. Nevjoy's Kentucky Colonel.

Miss Janet Mack—Owner of Grenadier Kennels and breeder of Dreamer's dam, Grenadier Daneer of Nevjoy.

Dr. Leon L. Soloman who raised him and showed him to his title.

Mrs. Elsie Puleo owner of Golden Scoops Kennels and Mrs. Ruth Taft Hobbs owner of Bummet Brook Kennels, both of

(Continued on page 42)

(Continued from page 41)

whom early realized him as a breeding potential and have had success with his children and descendants.

Mrs. Mignon (Smith) Murray who handled and showed many of his offspring to titles.

Mr. Carl Bamford, who was my partner early in the history of Bam-Saw Kennels, and was so sold on Dreamer that he never recognized there could be any other good sires. Everything in Manchester Terrier was either a Dreamer offspring or just another dog. Unfortunately Carl died at a young age and never lived to see his prediction so nearly realized. His prediction was that in due time all the winning Toy Manchester Terrier would trace back to Dreamer. Check you winner' pedigree, he was close to right.

Dreamer lived long after his career as a show dog and sire was finished with me. At sixteen I put him to sleep because of the infirmities of old age which were overtaking him.

C.E. Sawyer, M.D.

Editors Note:
Dreamer is a Champion, Hall of Fame and Register of Merit dog.

The Invitational was an absolute blast. APD and I had so much fun. We were honored to have represented our breed along with Susan Thibodeaux, whose Ricky was the 2019 TMT champ.

Albus understood what was going on before we even arrived at the venue. As we were driving over, he saw the fencing for the run lane and stayed pumped from then on. He has a visual for Fast CAT venues and does this everywhere we go.

Curiously, his times over the 3 qualifying days were a bit slower in Orlando than his overall average and distinctly slower than runs just a few weeks later at an event in Foley, AL. Perhaps he was dazzled by the thought of appearing on ESPN! Some people with other breeds commented on the fact that their dogs seemed to be distracted by the start and finish banners. Who knows? When the time differences are just a few tenths of a second, or even a second, anything could be involved.

No matter. APD still ran well.

Out of 117 breeds and individual dogs, he was #31 for pure speed and almost all of the dogs ahead of him were notably taller and longer, including the sight hounds. So our Standard Manchester Terrier ended up ahead of 86 other breeds, which I think is a bragging point for little guys.

He was also #17 for “speed of the breed,” which is a measure of how much faster a dog is than others in the breed. Again, Manchesters were ahead of 100 other breeds.

When we weren’t at the Fast

CAT venue, we were also thrilled to watch the conformation shows and to see all of the fantastic Manchesters and their peeps. We've never seen so many before! In addition, we watched Manchesters in agility, a sport in which we're now starting to compete. As a bonus, we met many people we'd only encountered via Facebook. It was a pleasure to meet Rachel Jonas and her family. Rachel's husband, David, was a stalwart volunteer for the Fast CAT runs, and another long-time Manchester fan, Elizabeth Terhune-Bussell, kindly released APD on two of his runs.

We expect to return again next year and look forward to it. We also encourage all of the future Manchester champs to head to the Invitational as well. It's much more fun than Disney World.

Champion Dogs
2nd. SERIES OF 52 REAL PHOTOS.

No. 20.
BLACK AND TAN TERRIER.
CH. DYM DACRE.

Sire: Ch. Half Moon Beau Brummel.
Dam: Ch. Kathleen of Harford.
Born: 10th July, 1933.

Holds 20 Challenge Certificates, a record for this breed. At Cruft's he has been best of breed in three successive years, 1936, 1937, 1938. At Cruft's Golden Jubilee Show, 1936, he won the International Challenge Bowl for Best Toy Dog (All breeds). He has also won many Cups and Specials and has been described as a "vintage" dog.

Watercan Kennel of Black and Tan Terriers (Miniature)

Our Dogs Supplement Dec 12, 1924

Owned by Mrs. Blondin Robiolio, Willowbrook Cottage, 280 Mitcham Lane, STREATHAM

By a thorough knowledge of this charming old English breed Mrs. Blondin Robiolio has now, without a doubt, one of the largest kennels, and one that ranks second to none in the United Kingdom. From a group of stud dogs we pick out three sons of the owner's late Willie Watercan—WATERCAN JUNIOR, A challenge certificate winner at the Kennel Club Show, DANDY LION, and REGGIE RAKE. All equal in merit but of various weights.

In brood bitches we have the

lovely little CH FLYBIRD; the well known BETTY KIN, now in whelp to Watercan Junior; PI-ERETTE, a granddaughter of the late Ch. Aylesbury Perfection; and quite a lot of others—all typical and full of quality.

Mrs. Blondin Robiolio also has a **Blue-and-Tan Terrier** a very beautiful but little known variety of the Black-and-tan Miniatures, headed by the that exquisite little dog TEDDY TAIL.

There are some very perfect tiny puppies by the above mentioned sires. This breed, if treated in a rational way, not cod-

Mrs. C. B. Robiolio and Hero of Niagara.

dled up in a glass cases or blankets, are quite hardy and live to 14 or 16 years old.

MRS. BLONDIN ROBIOLO'S BLACK AND TAN TERRIERS: L. TO R.—WATERCAN JUNIOR, TEDDY TAIL, AND CH. FLYBIRD.

Mrs. Blondin Robiolio's kennel of black and tan terriers is one of the largest in the country, although this is not saying a very great deal on account of the scarcity of this miniature breed. Teddy Tail, one of the three shown above, is of the blue and tan variety.

American Manchester Terrier Club—Membership count

The Membership enrollment period for 2021 is still open. Revised membership counts will appear in the May 2021 Newsletter.

New Member Applications

PLEASE NOTE: New AMTC members are approved by the AMTC Board. As the Board is seldom familiar with applicants, they rely on current members for input into their decision. Applicant information is printed in the Newsletter to solicit comments, positive and negative, regarding each applicant. Please help by sending all comments in writing (email is fine) to the Secretary Kathy Nissen to be received within 30 days of the postmark on this newsletter.

I am writing this letter on behalf of Patti Mattera. Patti and I met at a dog show approx.

5-6 years ago. We have been friends ever since. Patti has been involved with a number of breeds and is a wealth of information. She is an avid reader and researched and I have thoroughly enjoyed our friendship.

She and her husband Nick have a lovely in home in Vacaville where they live with their Rhodesian whose name is little hound (cracks me up he is ginormous!) They also have show cats.

Patti will make an awesome addition to the club and is a purebred dog enthusiast in her very genes!

Like myself- she also grew up in the world of show horses. Much of our dog anatomy 101 comes from that world.

Without any hesitation I recommend her for membership!

Respectfully,

Dianna Texter

Re: Introduction Letter

My parents brought me to Dog Shows and Horse Shows as a child. I fell in love with everything about the shows and quickly decided that is what I wanted to do "when I grew up".

Nick (my husband) and I have always shared our hearts and homes with purebred canines and felines. First and foremost all have been our treasured family members and companions. I enjoyed the show ring and they have all been shown too.

Over the years our home has been graced with Great Danes, American Shorthair, Siamese and Siberian Cats. We currently have a retired Rhodesian Ridgeback that will be 11 in April (he came to us at 8 weeks old). We also have a retired Siberian that will be 15 in May (he came to us at 12 weeks old).

After watching Manchester Terriers in the ring, reading what is available in print about them and talking to exhibitors we know we will enjoy having one of our own. We are currently waiting for a show Manchester Terrier puppy. When the show circuit starts up again we plan to show him or her. The best way to be informed about a breed is to join the parent club so I am applying for membership in the American Manchester Terrier Club.

I respectfully submit my request for your consideration,

Patricia Ann Mattera

Dear Membership:

It is with great joy that I write today to introduce myself to you. I am a retired teacher and dog lover. My life has held dogs since childhood including several terriers. Recently, I was blessed with my first Manchester. Sagacity's Zee How He Runs has brought love and laughter to our family. We are committed to him and have discovered a love of all things Manchester. We would be honored to be accepted as members in the AMTC.

Sincerely,
Tina M. Forester

AMTC Membership,

I am writing to recommend Tina Forester and family to be members of the AMTC. They are new to Manchester but are very dedicated to their new Sagacity Puppy and to their dogs. Tina is already researching breed history and shows a great interest in the Manchester breed thriving. She and her whole family would be an asset to the club and bring fresh ideas.

Thank You,
Robin Gates

Kathy Nissen

Secretary

American Manchester Terrier Club

Dear Kathy and the AMTC:

Our name is Mike and Veronica Hahn. We both are retired and married for 38 years. I was a Sales Engineer for GE and Veronica was a Chemical Engineer, for Lyondell. We live in Seabrook, Tx (a suburb of Houston), with our new love of our life, our Jumpin’

“Jack” Flash, a 4-month-old std. ‘Chester. We have two children, Brian, who is a Software Manager at Dell and is married to our daughter-in-law Hayley. They have 3 children. Amy who is single and a Nurse-Practitioner. Both live in the Austin, Tx. area called Georgetown, Tx.

I hardly know where to begin to tell you about our Jack, so here goes. Three weeks after my Dad died in Nov. 2019, Veronica approached me to tell me she had breast cancer. At that time, I really couldn’t process it after my dad’s death, but told her we will do whatever it takes. It was scary and still is sometimes even though she is “clean”. We started our journey with her oncologist and plastic surgeon. A surgical plan was laid out over a three-month period, and she continues to heal today. Covid completely changed our schedule and instead of two surgeries it was now three, with no visits by family to the hospital. (The 2nd surgery was 8 hours!). Our built in Nurse Practitioner, our daughter, got Covid and couldn’t help after the second surgery. Veronica has been through hell and she is still trying to heal from the last surgery. There is way more here, but you get the picture.

Ok where does Jack come in? She had been asking for a dog for about a year, but I always hesitated. I was wanting to travel while we could and didn't want to leave a dog in a kennel. The dog requests got really strong during her surgeries and it finally dawned on me that she not only deserves a dog, but it could really be good therapy for her. Boy was I right more on that later.

I started looking for breeds as I wanted a dog that would be a pure breed and predictable. She just wanted a rescue. I guess I won that battle!! I saw my first Manchester on TV, at the Beverly Hills dog show in Feb. '20. I had never seen a dog like that, as it reminded me of a Doberman. (I always liked the looks of a Doberman, but they were too big for me.). I started finding out everything I could about Manchester's, and realized, this is the perfect dog for us. It doesn't shed, the std. is about the right size to go up and down our stairs for potty, is smart, unique, loyal AND **life is too short to have an ugly dog**. It is a terrier, which we are used to (had rat terriers in the past). I convinced her this was our breed, and she agreed. I said "we could just find one in town and go get it" wrong. I got on the American Manchester web site and looked for breeders...there were only two in Tx. I then called around the country and couldn't find puppies anywhere. I was getting discouraged and was thinking we may need to find another breed.

Then with Gods help, we found Tammi Myers in Ca. We got on her list and she called us on July 12, to tell us we were guaranteed one of her pups. The only problem now was how to get him from Ca. to Tx. Simple. We will drive across country and pick him up, and fly on way back with him. What a trip. We saw beautiful countryside and had a memorable visit with his Fairy God Mothers. (We are so pleased to get one of their puppies, that we call them his "Fairy God Mothers"...Tammi and Sherri, (Tammi's mother.)

Now let me tell you what has happened since we took Jack home. Veronica has taken control and absolutely **loves this dog**. It is far beyond my expectations. They are inseparable. As an example, one night he cried at her feet for "his mother", while she was eating. He made such a raucous! We later realized he just wanted to sleep on her lap. It was very touching. He sleeps on her lap every evening before bed. A true lap dog which is what she wanted. The most touching part for me is he will just look up and stare at her as if to say, "are you my mother"? She looks back and talks to him with that mother's instinct. It will tear you up I promise. There is a strong bond there. I think it is changing her life and refocusing her away from her cancer. She is walking every day with him, and that helps both. I will say puppies are a lot of work though. He is teething, needs constant observation and the potty thing, uhhhh. But we are going to solve all these problems together. We are enrolled in two puppy class for 12 weeks. He should get a degree after the classes!!

(Continued on page 54)

New Member Applications —Continued

(Continued from page 53)

He is so much fun. Every day he picks up something new. The first day he would not even go up or down our stairs and now goes with ease. He gets so excited when I praise him for being a good boy for following a command or going potty outside. We found an ear guy in a town close to us to help us train his button ears. Basically, he said to keep on keeping on with the mole skin, and his ears look natural and great! We audited a flyball training center close to us. He really can't get around dogs yet and we are considering training him for that in the near future.

In closing, thank you for everything that you do to keep this wonderful breed going, the "best keep secret in the AKC". We love our yellow ribbon dog (color of his ribbon when he was with the breeder) and look forward to being a member of the AMTC.

Thanks so much,

Mike and Veronica Hahn

American Manchester Terrier Club

RE: New Member Application for Mike and Veronica Hahn

To Whom It May Concern:

Recently I had the pleasure of meeting Mike and Veronica Hahn, who were referred to me for purchase of a Standard Manchester Terrier.

Veronica had been asking for over a year for a puppy, Mike wasn't sure as they had just retired and he wanted to travel. He finally acquiesced but insisted that it be a pure bred dog. He then began to research with the thought in mind that he really wanted a Doberman but that was too much dog so what breed is similar to a Doberman. He then saw the Manchester Terrier being shown on T.V., and knew that was the dog he wanted.

He began trying to find breeders and came to realize that it was not that easy. There just were not that many litters available. We were lucky that he called us and we had a litter planned. They visited a breeder in Texas just to meet the breed. That began this couples love affair with the Manchester. They traveled all the way from Texas to see the puppies at four weeks old and to meet our Manchester family of grown dogs.

Veronica wanted a therapy dog, Mike wanted a dog who would play with him and do some sporting events. They ended up with the most versatile breed ever. They came to get their puppy at 10 weeks old, traveling again all the way from Texas.

They will be a valuable addition to our club and our Manchester family. They are totally in love with the breed, and committed to training and meeting people who share ideas and information with them.

Sincerely,

Tamara L. Myers

Toy Variety co owned with Taylor Blankenship Sponsor #1: Renae Blankenship Sponsor #2: Robin Gates Blankenship

Hello, my name is Hadrian Towell. I just got my first Manchester. He is toy-sized. His name is Bronx.

In my family when you want to start in Juniors you have to prove you can take care of a dog to have one. I took care of my big brother's Beagle for a year to earn Bronx.

I picked a Manchester after seeing all the breeds at the show and making a list with my mom.

I liked how they look and that they are easy to groom.

I liked how playful they are. I wanted a Standard but I am pretty short so a Toy was easier.

Mom knew just where to get one that would like me.

All the toys we met weren't wild about little boys. Taylor and her mom took our application and said they would call when they had the right dog for me. Mom had transported a puppy for them a few years ago and has watched Taylor in Juniors since she was 10. They called and told us about Bronx and mom made travel plans for him.

A friend of ours brought him to us at a show. I was so excited. The best part was that he liked me right away. I know sometimes puppies get scared and aren't happy right away. Bronx acted like I was the best present ever right out of the box. He thinks every day is the best day ever. That is what I love best about him.

I really like to show him, we already have lots of ribbons. We even got an Owner Handler Group 1 already.

If I ever get two dogs, I will probably want another Manchester. I can't wait to meet Taylor in Orlando. She is going to help Bronx and I show better together, I qualified for Orlando on my brother's Beagle but she is having puppies so I will show Bronx in Orlando. I can't wait to go. It is my first time. I would like to be a member of the club and hope you like my introduction.

Thank you for considering me.

Thank you,

Hadrian

New Member Applications —Continued

(A note from Hadrian's mother)

I'm so grateful this club accepts Juniors. Not all my boys have had the opportunity to join their respective clubs, and I really appreciate it.

All the members we have met so far have been very welcoming to Hadrian and that means an awful lot to a little boy and his mother.

I want to tell you a little story. Two years ago I was taking three of my boys to Westminster and there were some others on our shuttle bus. One of the passengers was the AMTC president at the time. She asked the boys about their dogs.

She was very kind and told the boys about Manchesters and about Taylor, Ava, and Marit. She was extremely encouraging and informative and it really made an impression as a mom that a club president would have such interest in their Juniors.

I must say I was impressed and made sure when my next son turned 9 that a Manchester was on the list of breeds for him to look at.

I feel he chose very wisely.

Thank you,

Alysha Towell

11-18-20

AMTC,
I highly recommend Hadrian Towell for consideration as member of the AMTC. He is a very talented young junior who carefully chose a toy Manchester for his breed of choice. We are honored to have placed one of our puppies with him. He has shown tremendous interest in the breed and I feel he will be a wonderful addition to the Manchester family and fully support the AMTC.

ship

I began my life in Purebred Dogs back in the 60's with Alaskan Malamutes. Several years later I delved into Siberian Huskies and Akitas. In the three breeds, I produced over 100 champions, several top ranked dogs and two All Breed Best-In-Show winners. In 2003 we got our first, of four, Havanese. We currently have two, a 12 year old rescue and a Grand Champion. Last year our first Toy Manchester Terrier joined our family.

John and I pondered several breeds before adding a TMT. My entire adult life I have been involved with dogs, showing, obedience, rally, and several years ago, agility. My choice of the TMT was because the breed would do well in all venues, especially agility.

We had known Carolyn and Dave Horowitz since we moved to Florida in 2005. I contacted them and they found me a puppy... Rustic Lane's Yankee Doodle Dandi. She has been shown in Conformation and at one year of age, has 5 points towards her championship. In March/April when she is over 16 months of age, she will begin trialing in Agility. John and I are smitten with the breed. Dani is one of the smartest dogs I have ever worked with.

I received approval from AKC to judge, conformation, in 1990. I am currently approved for Best-In-Show, Working Group, several Non-Sporting breeds, two Terrier breeds, two Toy breeds and Australian Shepherds.

We are very active in several Kennel Clubs, as listed on our application. Being Accountants/Bookkeepers by trade, we naturally fit in as Treasurer for, now, three clubs.

I hope this letter is sufficient in introducing us to the American Manchester Terrier Club.

Beverly & John Vics

New Member Applications —Continued

Dear AMTC Board & Membership,

It is my pleasure to recommend John and Beverly Vics for membership in the AMTC. They are long-time, hard working fanciers who have recently joined the ranks of Manchester Terrier owners.

We have known John and Beverly Vics since we joined the Lakeland-Winter Haven Kennel Club 10 years ago. During that time, the Vics expressed a keen interest in Manchester Terriers and came to us for a TMT and agility show prospect when the time was right to add a MT to their household.

Since acquiring Dani in 2019, the Vics have done a remarkable job training and socializing her during Covid restrictions, preparing her for the show ring where she recently made her debut, and training in agility will begin competing in the near future

Additionally, I have served as a long-term mentor to Beverly as she prepares to add Manchester Terriers to her list of approved breeds as an AKC Conformation judge.

To Whom It Concerns,

I humbly request admission into the prestigious American Manchester Terrier Club.

I am passionate about the Manchester Terrier breed and hope to foster my own career as a junior handler.

We assure you that we will always uphold the values and professionalism associated with the AMTC, and we hope you will consider us for this great honor.

Very Respectfully,
[Signature]

Nov 2020

This is a letter of recommendation on behalf of Katherine Reeves. Katie has had a life long passion for animals of all kinds. As a child, she participated in Horse 4 H and took a pony to the highest level of 4-H in Independence Hall in Louisville, Ky. She is honest, caring and responsible and will be a asset to the Manchester Terrier Club. She and her family now are proud owners of their first Manchester, a standard named Maddie. They hope to pursue a showing career with Jrs. with their son. Thank you for this consideration,

Committee Reports

AKC Delegate's Report

Roberta Berman

December 2020

Yet again we Zoomed. No, we didn't go to Orlando or even Newark. We stayed home and did it all by way of technology. AND I actually managed to log on.....even though

I couldn't attend any of the committee meetings, since I hadn't discovered the secret when they were being held. (Secret...use I-Pad, forget about the desktop unless of course you want to play dumb computer games while attending the meeting).

The meeting was amazingly well run with very few technological glitches. The bad part was via Zoom you don't get a chance to see other people, talk to them, learn from them or just enjoy their company. Of course, you also don't get to eat a chicken lunch, (which might not be a bad thing), and you don't have to be well-dressed. Oh well..... I did have my baby puppy on my lap most of the time, and that made being home worthwhile. Of course, she wasn't all that pleased. She is firmly convinced that my primary job is the throw toys to be retrieved and play tug with her. I wasn't cooperating.

Dennis Sprung presented the President's report, which was not pessimistic at all. He talked about the "virtuals" the AKC has been sponsoring, such as virtual CGC, virtual conformation, virtual Trick Dog. They have been amazingly successful, and the proceeds from them has been distributed to various AKC sponsored charities. What could be better?

Financially the AKC is not doing as badly as one would expect considering the number of cancelled shows and the loss of income from

them. However, registrations are up, (obviously Covid has encouraged folks to acquire puppies... hopefully they will be good to their new babies and take proper care of them). Our investments are doing fine, and all in all the AKC will not go broke this year.

Things voted on at this meeting:

Article IV, Section 1: This has been the most discussed part of the Constitution and By-Laws of the AKC. Basically, the proposal prohibits local Specialty clubs from applying for their own AKC member status. As far as history is concerned, no specialty club has become an AKC member since the 1940's. The By-Laws needed to be corrected so that no such club can apply separately and guarantees that the Parent Club is the voice of the breed. It was passed.

Article VII, Section 7: And I quote: All elections shall be by ballot; except if no valid additional nominations are received by the Executive Secretary by November 15, the Nominating Committee's slate shall be declared elected at the annual meeting and no balloting will be required. If no valid additional nomination(s) are received by the Executive Secretary by November 15; for any partial term up for election, the partial term candidate shall be declared elected at the annual meeting and no balloting will be required.

As far as I know this is standard practice for most club, so why not for the Delegate's Assembly. "Duh". It passed.

Chapter 16, Section 1: This is the proposal that allows Parent Clubs to hold two Nationals in 2021 if their 2020 National was cancelled. It is intended to be in effect only for 2021. It passed

(are you surprised?)

Also because Chapter 16 passed, it allowed similar proposals for Field trials for Pointing breeds and Spaniels (Ch. 14, Section 36 and Ch. 15, Section 27) to pass as well.

And last: Chapter 3, Section 1: Allows Basset Hound folks to hold 4 field trials instead of 2. I guess if I had a Basset Hound and was willing to brave rotten weather to do stuff with my dog, I would be happy, but since I don't have a Basset Hound, I really don't care. It passed.

To be voted on in March: A proposal that would modify the components of premiums to make them more understandable and easier to read.

That's all folks, until next time.

Your humble delegate

Roberta Berman

PS: Have a better New Year than this one has been. May it be peaceful, prosperous and healthy for you and yours.

In November the AKC Board discussed the possibility of allowing Juniors to show mixed breeds in conformation. It was my understanding that it was to be discussed again in January, however I

was wrong. In January Board decided to sponsor a trial program for eighteen month that would allow Juniors to show their mixed breed dogs in conformation. This proposal was never presented to the Delegate's Assembly.

As you know, pres-

ently mixed breed dogs can be shown in AKC Companion and Performance events and have done so quite successfully. The suggestion was made that mixed breeds should be allowed in Juniors conformation since the child is judged, not the dog. However, there have been any number of screams about this proposal. The reasons for allowing this are that children can show their mixed breed dogs in 4-H and UKC. They are judged, not the dogs, but obviously the dogs must be properly cared for and appropriately groomed. The child is then judged on how well he/she handles the dog.

On the other hand, the dog is a mixed breed. The child is asked to identify the breed the dog most closely resembles and must be shown according to that breed's standard. Of course, that would be tough if it happens to be a pure-bred Heinz. The reason for opposing the proposal...the dog is not pure bred. Also, it is not uncommon for other Juniors to be unkind and unaccepting of new exhibitors, and can be upon occasion incredibly cruel.

I am of two minds about this. So, I am asking you what you think. As your representative I will follow your suggestions. If you think showing mixed breeds in Juniors is an excellent idea, I will agree with you. If you think it is terrible, I will agree with you as well. That is, of course, assuming the proposal is brought before the general assembly. If it isn't the question is moot. However, I really would like to know what you all think, that is important to me.

Roberta

PS: Please send your thoughts to me via my e-mail address: sashcor@aol.com

Bert Cobb Etching of Kearney Rose and Harvest Flyer, matted and framed

Kearney Rose and Harvest Flyer

As promised here is my Bert Cobb Etching, matted and framed.

Marla took the etching to Michael's. When she got there she face timed me and I was able to pick out the double matting. 1st with larger black mat around the outer side and a smaller gold mat on the inside to make the etching pop. I love the look of the wood inserts around the etching, however, they were extra and I didn't want to spend the extra \$30.!

I picked out the frame. Tried two and really liked the look of this one.

The long wait began until Marla was finally on her way to Texas!

One of the 1st things Marla did when she arrived

was give me the package to open! Much to my surprise, there were the wood inserts! Upon mentioning oh the wood; Marla commented "Merry Christmas Jo Ann!" I had the wood left in for you!

This is a lovely addition to my living room that I'm really enjoying immensely.

Correction: In the last Newsletter, I kept referring to this piece an "Engraving" by accident.

My private auction was going on and I was posting and selling a lot of engravings.

This is an "Etching" quite different.

My apologies for any confusion.

Jo Ann

Jo Ann Emrick

An additional correction is noted for the SIRE and DAM of Brilliant Star they should be Prince (UNREG) and ROSE (UNREG). Corrected information is highlighted above.

Grenadier Lord Diminutive

Leash and Collar Vol. II, Number 8, January 1951

Champion Grenadier Lord Diminutive, The Toy Manchester Terrier on the cover, is the epitome of the twenty-two years of tireless endeavor and unflagging loyalty to a 'breed ideal' by Janet W. Mack of New York City.

He was bred down from a Standard Manchester and has retained in miniature most of the outstanding features of the larger dog, He possesses the long narrow head, the almond eye lying along the skull bone, the thin, erect ears, placed close together, a finely molded neck and shoulder piece, a deep brisket and straight front, an excellent backline and well muscled hind-quarters, a deep, rich mahogany tan.

The "Lord Dimmie" physically is an outstanding specimen of his breed. As long ago at 1882 judges have been most critical of the Toy Manchester! They have persistently decried the shy cringing, humped-up little Black and Tan totally lacking spirit. And indeed, a far cry from the dog whose ancestral trait was that of being the perfect rat-catcher. The judges have been quite justified in their criticisms.

Today, however, there is being produced a Toyman of spirit, substance and character. The 'Lord Dimmie' is one of them. He presents and example in the ring

of alertness, an attention to and understanding of his job, of terrier combativeness and yet possessing the manners of a gentleman. He is unafraid of judges and welcomes their examination particularly the lady judges! With the men he expects to be treated completely as a man's dog!

It might be well noted here that all photos of Ludwig are un-

retouched and his Lordship is posed without a lead in the ring or out of it. He is, without a doubt, the easiest to photograph of all the Toys. Ask Ludwig.

Ch. Grenadier Lord Diminutive began his show career in April of 1950 and complete his Championship at eleven months of age. He has been fourteen times Best of Breed, been placed in the Groups nine times, and three

“The dog is a good one but it needs good handling”

times Best Toy.

At this point a correction in the December's issue is in order.

Judge Lewis H. Starkey gave the 'Lord Dimmie' his *first* Best Toy.

Judge B.B. Berman his *second*.

Judge Forrest N. Hall his *third*.

Three nationally and internationally known authorities on Terrier breeds.

Ch. Grenadier Lord Diminutive is owned by Henderson P. Bratcher of Jolly Beggars Kennel, 4020 Arch Drive, North Hollywood. He has been trained and handled exclusively by Howard B. Ramsey co-owner of the kennel. The 'Lord Dimmie' has three litters, and *all* the Jolly Beggars extend their every best wish to all for a happy and successful 'dog' New Year.

“The dog is a good one but it needs good handling”

by Janet Mack, Grenadier Kennels, AKC Gazette April 1953

It was disappointing once again to see our best of breed get no recognition in the toy group, although it may be some slight consolation to remember that in the past 20 years only Amer. and Can. Ch. Russell's English Girl, and Ch. Grenadier Jewel have placed therein—the former third, and the latter fourth.

I wonder if a Toy Manchester may ever top the group at Westminster? 1953 saw that honor fall to a Pug; 1952 to a Griffon. Let's cherish the hope that it may occur. As I observed the exhibitors in the ring, never before has it been made more plain to me that proper ring performance of handler and dog in good team work contributes vastly to the winning of ribbons and points. As an old-timer later confided, 'The good ones, with their owners, had little chance.' The first time I had 'the need of proper presentation in the ring' drummed into my head was years back in Baltimore when Anton Rost, in his completely frank manner, said to me in effect, 'The dog is a good one but it needs good handling; better watch how the winners are handled by their experienced and professional handlers.' "I did more than that; I arranged with one of the greatest handlers to 'give me instructions' and I thank him to this day for what he taught me about making the most of my dog in the ring. Daily training at home of 'yourself and your dog' is just as important as a sleek coat, good condi-

tion, proper show lead, and I might further add suitable and comfortable sports attire. Black dogs show up better against other than a black background. Above all, keep your eyes closely on the dog you are showing—never mind anything else or anyone else while you're in the show-ring. Listen closely for the judge's requests to move your dog or to pose it. Leave space in moving around the ring; slow down or speed up as the need may be to avoid crowding the dog ahead or behind you. Keep your lead firmly in hand, comfortably short—neither too tight (lifting your dog off the floor) nor too slack, and folded in your left hand, never hanging down part way over your dog's back. If the same dogs always won, dog shows would ultimately cease to exist. Be glad to win when your dog's merits take the judge's eye, and be interested when the other exhibitor's dog tops. That's what keeps up the friendly spirit in going back for more—be it first or less." Thank you. Miss Mack.

There are two types of Toy Manchester Terriers

- Those under 7 pounds.
- Those 7 pounds but not exceeding 12 pounds, but the Standard is the same for both types.

HEAD – Long, narrow, tight skinned, skull almost flat with slight stop and tapering to the nose. No visible cheek muscles, well filled up under the eyes.

MOUTH – Tight lipped jaws, and teeth level.

EYES – Small, bright as near black as possible. Set moderately close together. Oblong in shape. They should neither protrude nor sink in.

EARS – Should be erect, of moderate thickness. The smaller the better, with pointed tips and carried close together in proportion.

NECK and SHOULDERS – Neck should be a moderate length, slim and graceful, blending with the sloping shoulders. Free from throatiness.

CHEST – Narrow between legs, but deep in the brisket.

BODY – Moderately short with robust loins. Ribs well sprung. Back slightly arched at loin.

LEGS- Front fore legs straight and well under body. Hind legs should not turn out or in.

FEET – Compact and well arched. Hind feet like those of a cat. Nails on all feet must be black.

TAIL – Moderately short. Set on where the arch of the back ends, tapering to a point not carried higher than the back.

COAT – Short, smooth, thick and dense, close and glossy but not soft.

COLOR – Jet black and rich mahogany tan which should not run or blend into each other. Following are the correct markings: A small tan spot over each eye; a very small tan spot on each cheek; lips of the upper and lower jaws should be tan extending under the throat, ending in the letter “V.” Inside of ears partially tan. Tan spots on each side of the chest above forelegs (Rosetta). Black thumb marks on feet on front. Penciling on all toes. There should be tan on vent under tail. White is a bad fault and shall disqualify when it is over one-half inch in any direction.

Scale of Points

Head (and eyes, nose and ears, nose must be black).....	30
Neck and shoulders).....	10
Body (chest and tail also).....	15
Legs and feet.....	15
Coat.....	10
Color.....	<u>20</u>
Total.....	100

Am/Can Ch Bummet Brook's Lady Vixen

Edith Nevill Nachod, Nevjoy Kennels, Louisville KY

When our Editor Capt Judy asked for our opinion on judging the toyman, I thought immediately of Mrs Dixie Dempsey's book entitled **The Complete Toy Manchester Terrier**. From Mrs. Dempsey's long experience and extensive study with the Toy Manchesters. I believe her description of this breed to be most inspiring and accurate. Coupled with my own experience in breeding and showing my champions, I have made certain observations.

Generally speaking as the toyman enters the ring I am particularly interested in his spirit, his gait, his head, his conformation and his coat.

I want to see an alert, unafraid, little fellow with sparkling eyes, ears erect, tail out, walks in with poise and dignity.

As he moves about the ring, I want to see that quick little body as he picks his feet up and down like a young race horse, outstandingly graceful.

I want to see a long slender head, well filled up under the eyes, with not too large thin ears set high up on the head.

I want to see a fine compact muscular body with slender neck, narrow chest, deep brisket, with a pleasing tuck-up.

I want to see a glossy jet black alive coat.

As he is placed on the table for closer observation, the judge should look for and here I quote Mrs. Dempsey's book:

1. A long narrow flat wedge-shaped head
2. Thin erect ears
3. Small dark sparkling eyes
4. A narrow chest, long straight legs
5. Good rib spring, arched loin
6. Well angulated hindquarters
7. A whip or rat tail

8. Short smooth black coat, not soft
9. Rich mahogany markings
10. Weight not exceeding 12 lbs.

In my own estimation the following faults should be recognized:

Foremost a round dome-like head with heavy or flaring ears, the objectionable brown eye and light tan markings. More serious the roach back and weak hindquarters and also the tail hidden between the legs.

Of course we never tolerate any white on a toyman.

Let us not waste our time and money dragging into the ring the quivering type with tail tucked under his legs showing his teeth when the judge lays his hands on him, but rather let us encourage and show with delight our fearless alert graceful little aristocrat who stands before the judge, a real joy to his eye.

Archives Report

Christina Caridis

Currently, all of the Archives are located at Wendy Schober's residence in Florida. She and her husband were kind enough to take the time to meet with Ginny Antia to gather the entire bulk of the AMTC Archives. Wendy has been busy re-

packing to prepare for shipping to my residence in California.

In preparation for the arrival of the Archives, I donated to the club a new a computer and overhead scanner. The overhead scanner is quite impressive. Being overhead it does not traumatize documents like with a flat bed or feeding scanner. It also has OCR capabilities and pulls together books. We are ready to receive the Archives and very excited to build an Electronic Archive for the future. The computer is being used for the breed database as well.

Breed Standard

Jo Ann Emrick, Breed Standard Committee

AMTC Membership:

The Breed Standard proposed revisions were addressed again correlating with the guidelines as requested by Mari-Beth O'Neill.

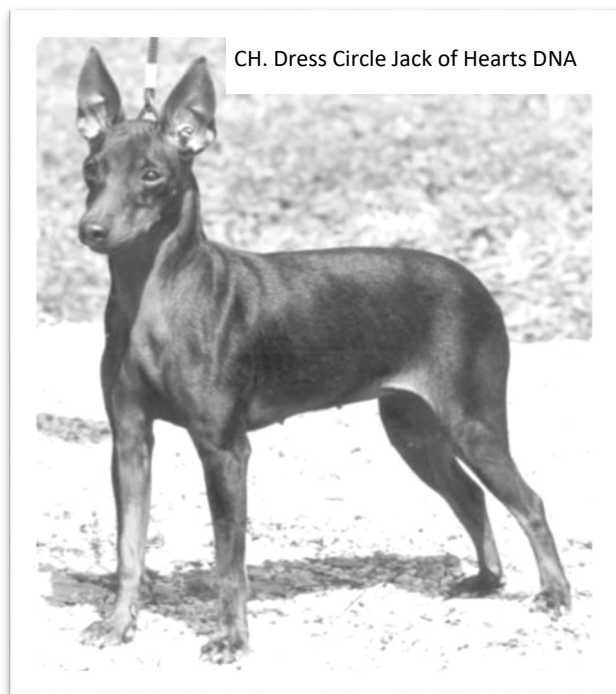

These revisions were also addressed and worked on internally by AKC.

The Breed Standard is finally back in the hands of AKC to be presented to the AKC Board of Directors in February for publication in the Gazette for comment.

If there are any changes you will be notified immediately.

Thank you for understanding and for your patience.

Jo Ann Emrick
AMTC Breed Standard Committee Chair

Health Committee Report

Michelle Barlak, Health Committee Chair

I'm pursuing two initiatives for which I would value club feedback.

First, is the potential to begin a canine semen bank for the breed, in order to preserve genetic material in the hopes of maintaining genetic diversity. One of the ways we can work together is to ensure that frozen semen remains within the fancy. When someone who has semen stored is no longer able to pay the fees, or passes away, the semen becomes the property of the semen bank, unless other arrangements have been made for ownership. Recently, the AKC enacted rule changes that would allow a parent club to obtain ownership of frozen semen. A comprehensive handbook was developed to aid parent clubs in this pursuit, modeled after what has been done by the Otterhound community.

If the AMTC were to set up a committee that would oversee a frozen semen program, it could accept donated semen from members (either gifted or willed to the club upon their passing), and it could purchase frozen semen from banks who have taken ownership through default. Addition-

ally, AKC has arranged for parent club owned frozen semen to be stored at a university for a very low rate.

In order to establish such a program, a committee would need to be formed to hammer out several details, such as qualifications for accepting semen, an application for breeders to acquire the semen and requirements for the bitches it would be used on. With a thoughtful and careful approach, this could be an asset to our breed and to us as breeders. The AMTC will be circulating a survey to gauge member-interest in such a project and I encourage you to provide your feedback.

My second initiative is a follow-up on my previous article about bald thigh syndrome as a potential indicator for poor coat in our breed. The University of Minnesota has found the genetic mutation for this disorder in our breed but more research would need to be done in order to determine if a test would accurately predict poor

● *THE WORLD'S SMALLEST DOG—the 7 yr. old toyman m. Owned by ERIE COUNTY TOY MANCHESTER TERRIER CLUB, 503 Delaware Road, Kenmore, N. Y.*

● *L—on the scale showing the 4 oz. weight. Center—sitting beside an ordinary-size drinking glass.*

● *R—Getting ready to retrieve a garden pea as he sits alongside a doll just a little taller than a 6 oz. french mustard glass jar.*

Health Committee Report—Continued

coats in our dogs. They have offered to explore whether or not a test can be developed for this genetic mutation, however, we would incur some cost, although, not as much as it cost us to develop the test for JDCM. I am going to get a price quote and I would like to hear your thoughts on whether this project interests our members. If we could test for poor coat quality and inform our breeding practices, would you use such a test? Do you see value in spending some of our health committee funds on this research? You can reach me at michelle@maximaldog.com.

A miniature Black-and-Tan puppy is a very small creature, as can be realized from this picture showing one of Mrs. Wilkinson's dogs 'in hand'. Miniature puppies some-times grow up to be Manchester Terriers.

Judges Education Committee Report

Jo Ann Emrick, Judges Education Committee Chair

AMTC Members,
Our Judge's Education Seminar held in Orlando, Florida on December 8, 2020 was a huge success.

AKC's Judges Association of America Advanced Judges Institute hosted both Terrier and Working Groups last year.

The Institute was a great success, despite the many challenges. There were many compliments from the attendees and we were a huge part of that success.

Thank you to our presenters Michelle Barlak and Carolyn Horowitz for your outstanding presentation!

Also, to all that brought dogs for the hands-on portion, Wendy Schober, Carol Pyrkosz, Rachel Jonas and Scott Miller, (Michelle's husband) thank you so much. A seminar of this caliber can't be successful without the dogs.

(Continued on page 74)

Judges Education Committee Report—Continued

There were 25 attendees which was very successful considering the circumstances. Also, no members were allowed in attendance except for the 4 dog handlers at the hands on workshop portion.

Ringside mentoring was offered, however numbers were low compared to previous years.

We will be notified again for December 2021 as AKC's Advanced Judges Institute will be hosting the Toy Group this year. If any approved presenters have an interest in this seminar, please contact me.

We will be presenting a seminar in conjunction with our National in May.
Here is the information we have to date.

Judges Education Seminar
Thursday, May 27, 2021

Great Lakes Ball Room
Time 6:00 pm

Our Presenters will be Carolyn Horowitz and Christina Caridis.

Please contact Christina if you can bring dogs for the hands-on workshop. We will need 2 Standards and 2 Toys along with a total of 4 grooming tables.

I will be contacting AKC and AMTC webmasters to add the information regarding the seminar on the websites so the aspiring judges can sign up easily.

Best Wishes in this New Year.

Continue to stay safe and healthy. Wear your mask and social distance. Safe travels and have a successful show year!

Junior Showmanship Committee Report

Judi Fleischaker, Junior Showmanship Committee Chair

We had 7 juniors showing Manchester terriers that qualified for the AKC national championship and 5 that competed: Marit Alsager, Taylor Blankenship, Lilly Bennett, Ava Caudill, and Hadrian Towell. They all did an incredible job of representing the breed.

Marit Alsager Made the final 12 Jrs and won a scholarship she also finished in the top 5 juniors in the toy group.

Taylor Blankenship also finished in the top 5 juniors in the toy group.

Current count is 4 Manchester Juniors who qualified for Westminster Kennel Club.

We have great things planned for the juniors at the National in May.

To the right is:
Marit Alsager with Sailor
(GCHS Nantam Voyager CGC)
after making the finals at AKC National.

2021 Manchester Terrier Calendar

Reminder!!

We still have Manchester Terrier 2021 Calendars available for sale to support our AMTC Juniors. The calendar has over 50 pictures of Manchester Terriers and will make each month special. If you are interested in a calendar, please email Robin Gates at

robings42@gmail.com
or call/text her at 214-403-3051.

They are only \$20.00
shipping included in continental US.

Guidelines for Submitting Catalog Advertising Material to MB-F, Inc.

I. A BRIEF WORD ABOUT OUR CATALOG PROCESS — We publish our catalogs electronically, using *Adobe® Illustrator® 10.0, Adobe® InDesign 4.0® CS4 & Adobe® Photoshop® CS4* for the PCs running Windows operating system. All advertising, Premium Lists; Judging Programs; and the final catalogs, along with the covers, are produced using the same programs. All print and graphics are then sent to an imagesetter, where plates are made. Those plates then go onto our presses. And, finally, the printed pages are folded, collated, bound, and trimmed into the finished catalog.

II. PRODUCTION PROCESS — Once advertising has been received for a particular catalog, the ads are then arranged into packs according to the specifications given to us on the accompanying control sheet per the advertising chairman's request. Then all copy is hand typed or put through an OCR program (Omnipage) that automatically converts information into a text file. That file is given a specific name for the club. When a pack is completed, it is then typeset and layed out in relation to the ad copy given. After setting, all photos and logos for the ads are scanned on a flatbed scanner and balanced for best results on our image setter. All ads are then proofread and checked for correctness.

PLEASE NOTE: — We are the printer of the material you are sending us. Because we use PC related hardware and software, any electronic files submitted from a Mac must be saved using the 3-letter extension associated with each program (see **COMPUTER—File Formats** below). Any converting of materials for our use will be the responsibility of the customer, not ours.

III. REQUIREMENTS FOR MATERIAL SENT IN FOR REPRODUCTION

- A. Original photographs (Ex. show photographs, other professional photographs, snapshots, etc.) **ALWAYS** reproduce the best. Reprinted photographs & inkjet photographs reproduce the poorest.
- B. All submitted material on disk **MUST BE** accompanied by a printed copy along with the exact file name of the file to be used. This assures that the information submitted is correct (layout, copy, and any artwork including photos) as to what is to be expected in catalog reproduction. **Note: Do not send images placed in a Word document as the only image to be used. Please send the original photograph or include a disk with the photo in one of the formats listed below.**
- C. If the fonts that you choose to set your ad in are not available to us, the fonts **WILL BE** changed to the closest match available. **DO NOT** send us your fonts; we cannot accept outside fonts.
- D. Please provide contact phone number (daytime & evening), e-mail address, and home address. This is in case the disk(s) do not reach us in operating order, are not usable, or are missing information.
- E. The measurements for ad size are 4½" x 7⅝" for a full page, 4½" x 3⅞" for a half page, and 4½" x 1¾" for a quarter page. Please do not exceed these measurements as reductions may affect final ad size.

IV. COMPUTER

A. Accepted Media

1. PC readable CD-ROM or CD-R (no CD-RWs, please)
2. E-mail with or without attached documents (see **IV. C. E-mail Guidelines**)

B. File Formats

1. Adobe® Illustrator® — *filename.ai* or *filename.eps*
2. Adobe® Photoshop® (for best results; sizes are after cropping)
 - a. color or grayscale TIFFs — *filename.tif*, 4½" wide @ 200 dpi
 - b. black & white TIFFs — *filename.tif*, 4½" wide @ 400 dpi
 - c. color or grayscale JPEGs — *filename.jpg*, 200 dpi @ minimum quality
 - d. black & white JPEGs — *filename.jpg*, 400 dpi @ minimum quality
3. Portable Document Format (PDF) — *filename.pdf* (fonts used **MUST** match exactly to our own or be embedded)
4. Microsoft Word — *filename.doc*
5. We will not accept any files or formats that are not included on the list above. This includes QuarkXPress™, Microsoft® Publisher, Microsoft® PowerPoint, etc.

C. E-mail Guidelines

1. It is acceptable to send us any of the previously mentioned files attached to an e-mail message to this address: **catalogads@infodog.com**. Please include your show name and/or number in the subject line.
2. Do not send files that are compressed using either .zip, .sit or other compression formats
4. *WE MUST* receive written conformation from the ad chairman to use any ads received by us through e-mail to print in the catalog.

V. CONCERNING MATERIALS FOR PUBLICATIONS — Many computer files may contain only text and the photographs may require placement. If your particular file does not have an enclosed image, this means we will need to scan in your photography or artwork. To insure good quality artwork please follow the requirements listed below:

- A. Measure artwork to make sure it is no larger than 8½" x 14".
- B. Send a clear copy of artwork or original photo. Quality of copier copies; fax copies; pencil drawings; and screened photos; including catalog page tearouts or any other pre-published material (contains dots and may blur), cannot be guaranteed.
- C. Quality of separations required from artwork that have an overlay (type over an image), other than line art, and anything that has a dark background in which an image has to be extracted (ex. black ink on red paper) cannot be guaranteed.
- D. *NO* negatives, slides, or transparencies will be accepted. We have no means of reproduction.
- E. Please make a note that there will be a charge for *EACH* photograph submitted whether it's an original photograph or a digital image.
- F. Disclaimer on full bleeds: sometimes the photo sent is not of adequate proportions for a full bleed; in this case we will do the best we can with the image received.
- G. Please attach all artwork that is to be scanned with a *PAPER CLIP* to the accompanying ad sheet. *DO NOT USE TAPE OR STAPLES* as they may cause tears or other permanent marks that may deface the original photographs.
- H. All photos are subject to cropping as necessary at our discretion unless otherwise noted.

V. OPTIONS FOR SUBMITTING INFORMATION**A. Standard Mail:**

Public Education Committee Report

Rachel Jonas

Christina has arranged things so that we can have a display at the upcoming Michigan national. Join us in spreading the word about Manchesters, or gather some of our handouts to add to your puppy packets.

Rescue Committee Report

Michelle Barlak

There has been no new activity to report. Despite the lack of available rescues, I'm still receiving inquiries here and there. I am taking the opportunity to educate the public and encourage them to reach out to responsible breeders to inquire about any dogs they might be looking to place, or explore whether a puppy might be right for them.

Sunshine Committee Report

Rachel Jonas

We, unfortunately, have a report to offer.

Judy Deets had knee surgery. We sent her a "Thinking of You" card.

Lori McClelland has been battling COVID, so we sent her a "Get Well Soon" card.

And we lost Pat Dresser and sent her family a Sympathy card.

Treasurer's Report

Dianna Texter, Treasurer

As you can see the general fund still remains low as so many of the donations are earmarked for various designated funds. We did receive a 1000.00 donation from a very awesome member who wishes to remain anonymous. The general fund was actually in the negative until I received that!

Look forward to seeing many of you at the nationals, here is hoping 2021 is better than 2020 in all areas.

Below to the left is the January Year to date numbers.

District 1

Katherine Levario, Governor, District 1

District 1 will be hosting the upcoming national and we are thrilled with all the details coming together.

The prize list has been finalized and trophies are being purchased. If anyone would like to make donations toward prizes please feel free to contact me.

District 2

Wendy Schober, Governor, District 2

Hi, As we start off the new year, I have to extend my gratitude to Robin Gates for chairing, overseeing and showing me the ropes for the District 2 Specialty held at the AKC National/Royal Canin Show, in Orlando this past December. Also special shout of "Thanks" to Marla Gangler for the class trophies and all her help. Also a huge thank you to EVERYONE that attended from near and far, we had a great turn out and it was truly appreciated that you came to our event. I hope you enjoyed it.

This years Nationals in Kalamazoo, MI will be coming up before we know it. District 2 will be the host of a specialty held in conjunction on Friday of Nationals. Hope everyone can attend and we have some wonderful trophies that Julie Hartigan picked out. Thank you Julie.

Now to moving forward into the future and I know it's a long way off but District 2 will be hosting the 2023 AMTC Nationals. Membership as a whole will soon be receiving some surveys to get an idea of what you would like offered at such an event, ex: FastCat, rally, special classes, and what other outside things are important to you in attending a show like this, such as the area surrounding the show and such. What's important? Housing, restaurants, activities, etc.?

District 2 members you will be receiving a survey I will send out to get some input on show location,

shows to be in conjunction with, as well as who would like to volunteer for the show committee. This is your show, so your input is greatly needed and appreciated....Please join in and help make it a great one! We have a lot of great members in our district in quite a few states, everyone is encouraged and welcomed to participate in our planning.

Please see pages **96-97** for the results of the District 2 Specialty 12/11/2020.

Thanks,

District 2 Governor Wendy Schober

District 3

Jeremy McClister, Governor, District 3

Hello everyone, very pleased to be writing everyone and hope this finds everyone healthy. What a tough year it has been for us all. I've seen some posts from members out at shows with some nice wins.

Please send me brags and pics and I will include those in future reports for our district.

Our district specialty is going to be in May with the National in MI.

We might try for one more toward the end of the summer. Have to see how shows are going and what restrictions are in place.

As always stay safe, healthy and we will hopefully see you around the ring.

Jeremy McClister

District 4

Robin Gates, Governor, District 4

District 4 is thrilled to be hosting the 2022 AMTC National. The show will be held in Houston, TX during the World Series of Dog Shows in July. The National takes a village to pull off so you will all be hearing from me on volunteer needs and ways you can help. We will, of course look outside of our District for assistance as well. Every job, no matter how big or small is important. Also, the logo is coming soon from Jessica Stover!!

Shows and events are occurring more often, and several states are seeing regular show schedules again. Texas has several shows coming up in the next few months as are other states in our district. There are still cancellations so be sure to check the AKC event calendars for the latest updates.

Although California has had most shows cancelled, our wonderful District Member, Teena Uyeno, managed to pull together a District 4 specialty on January 9, 2021 in Chino, CA. Of course, she did not do it alone. A special thanks to our

Judge Bruce Swartz who volunteered his time. Also, to Jennifer Bridges who was not only the Sweepstakes Judge, but she also served as the ring steward after judging. Also, thanks to Steve and Jody Wickersham for the beautiful trophies and to Dan Methe for the lovely placement markers. Thanks to Dianna and Mike Texter for all of your hard work on the show and the District 5 specialty that was held concurrently. Finally, thank you to everyone that stayed back to help clean up after such an important event. This was one of the first specialty shows in California in many, many months. Everyone worked hard to keep others safe and provide and safe environment to have a show displaying some beautiful dogs. Congratulations to all of the winners!!!

Please see page 99 for the results of the District 4 Specialty

District 5

Christina Caridis, District 5 Governor

AMTC District 5 Report

January 2021

Dear AMTC membership;

May this issue of the AMTC Newsletter find you well. The new year is here and let's hope it is the beginning of change for the better.

The members of District 5 were very busy with the *California Casual* Independent District Specialty. A huge thank you to Mike and Dianna Texter for Chairing this Specialty. Mike did a fantastic job as the Grounds Chair. It was a great day of camaraderie and organization. I will allow Dianna to report on this very specialty day. Congratulations to all of the winners.

Woofstock - June 12, 2021, Mrs. Bergit Coady-Kabel is our judge for this show. It is the same weekend as Westminster but we are still planning to host this very special event. This will be the 8th year for this AMTC Specialty. Our first year was in 2012. Gold Country Manchester Terrier Club will host its annual raffle, of course, depending on COVID guidelines.

English Toy Terrier - Fall

District 2 Specialty — 12/11/2020 Highlights

The District 2 Specialty held in Orlando, FL was part of the AKC National Championship week which draws thousands of dogs from all over the world.

Although this year was very different due to the COVID-19 protocol and restrictions, there was still a large entry of Manchesters - 35 Toys and 20 Standards entered.

We were privileged to have the esteemed Judge Brian Meyer judging both varieties and Best of Breed.

Robin Gates, Wendy Schober, and Marla Gangler provided beautiful artwork created by Donald L. Erickson, fun Christmas themed class trophies, and fully stocked gift bags for all participants.

Everyone was thrilled to have so many lovely Manchesters in one place. This show allowed Manchesters from across the country to come together after a long absence and for friends to finally see each other in person.

This was Robin's last year to serve as the specialty show chairman as she is passing the torch to Wendy Schober, the new District 2 Governor.

AMTC NEWSLETTER 1961

RANDOM NOTES

Recently a friend of the owner purchased a lovely pet Toyman as a result of her admiration and esteem for the two we own. Friend and newly acquired pet travelled Europe extensively from March through November and she reports that more inquiry was made as to the breed of her pet in England than in any other country. Perhaps this is not unusual. Mr. Charles Caswell reported in his Rat Tat News of Summer 1951 as follows—Toy Manchester Terriers in England are known as Miniature Black and Tan Terriers. Few serious breeders in the British Isles. Showing is limited. Our TMT is far superior and the U.S. breeders can and should be well proud of their much improved little Manchester.”——

17

(Toy Manchester Terrier) T-134207. Finished Ch. 11/9/52. By Furore Faun ex Korvette of Kent; granddaughter of Ch. Johnny Zero of Kent, Ch. Maid of Mancunia; bloodline credit to Ruby Owens and late Enno Meyer. Handled to title by Thomas A. Loeb sack. Breeder-owners: T. A. & Helen D. Loeb sack, P.O. Box 603, So. San Francisco, Calif.

How the PPCP Program Works

- **Members of Purina Pro Club must declare participation in the Purina Parent Club Partnership (PPCP) program and designate their national parent club. The parent club also must be enrolled in the PPCP program.**
- **Pro Club members earn Purina Points by purchasing qualifying Purina pet foods and submitting proof of purchase.**
- **Purina donates 10 percent of qualifying points earned by Pro Club members who participate in the PPCP program. An annual distribution is made by Purina, with half of the distribution going to the designated breed club and the other half to the club's Donor Advised Fund at the AKC Canine Health Foundation to support canine health research.**
- **To begin earning Purina Points for your breed club, log on to your account at purinaproclub.com and make sure your profile shows you are participating in PPCP. If you are not yet a member, you also can join Pro Club at that website. For information about using Donor Advised Funds at the AKC Canine Health Foundation, call 888-6829696 or contact chfgrants@akcchf.org.**

AKC Stud Book Certification

AKC STUD BOOK CERTIFICATION AND ACKNOWLEDGMENT – PARENT CLUB MEMBER

By signing this AKC Stud Book Certification and Acknowledgment – Parent Club Member (“Certification”), I certify that the information provided by me in this Certification is true and accurate. I certify that I am a member in good standing of the _____ club, an AKC national parent club; and that I am in good standing with the American Kennel Club. I have requested from my club access to the _____ breed portion of the American Kennel Club Stud Book Register (“AKC Stud Book”) for a period of _____ month(s), and in any event not for a period of time to exceed one year. If thereafter I desire to continue to receive the AKC Stud Book, I agree to make another request and execute and deliver another Certification in the form then provided by AKC before receiving the AKC Stud Book. As a condition of use of the AKC Stud Book, I certify that I will use the AKC Stud Book for noncommercial research or scholarship purposes only; that I will not make or allow to be made any commercial, for profit, business or marketing use of the AKC Stud Book or any information from the AKC Stud Book; and that I will not, and will not allow others to, sell, trade, share, distribute, make available, make copies of, or publish in any form whatsoever specifically including, but not limited to, any electronic, email or “online” form, the AKC Stud Book or any information from the AKC Stud Book without the prior, written consent of AKC. I acknowledge that AKC is the owner of the AKC Stud Book and that I claim no rights in and to the AKC Stud Book or to any information contained therein. I further agree to credit AKC on works using the AKC Stud Book pursuant to the terms of this Certification in the following format: “Source: The American Kennel Club. Used with permission.”

I understand that AKC makes no express or implied warranties or representations with respect to the AKC Stud Book. The information is provided “AS IS,” with no warranties of any kind, express or implied. In addition, I understand that AKC makes no representation that the electronic transmission of the AKC Stud Book will be uninterrupted or error-free, and AKC will not be liable for the consequences of any interruptions or errors.

I understand and agree that AKC shall not be liable for indirect, special or consequential damages, or any loss of revenue, profits or data arising in connection with this Certification or the AKC Stud Book. I agree to indemnify the AKC, its officers, directors and employees for any loss, damage, claim or expense arising out of or related to my breach of the provisions of this Certification.

I understand that my breach of this Certification shall result in immediate and irreparable damage to AKC. I also understand that money damages may not be an adequate remedy for such breach. Accordingly, in such event, I agree that

AKC shall be entitled to injunctive relief to enforce or prevent any violation or threatened violation of this Certification. I agree that such remedy shall be in addition to and not exclusive of any other remedy available to AKC at law or in equity.

I understand and agree that any cause of action, controversy or claim arising out of or related to this Certification or as to the construction, interpretation and effect of this Certification shall be settled by arbitration pursuant to the applicable rules of the American Arbitration Association, except that equitable relief may be sought from any court of competent jurisdiction. The place of arbitration shall be New York, New York. The laws of the State of New York, without regard to provisions regarding conflicts of law, shall apply.

I understand and agree that once submitted, this Certification becomes the property of AKC. I further understand and agree that my receipt of the AKC Stud Book is not guaranteed, may be revoked at any time if given, and is subject to AKC's sole discretion. I understand and agree that any error, omission or misrepresentation of this Certification may result in the cancellation of access to the AKC Stud Book, and/or the loss of AKC privileges. I further state that I have read and understand the contents of this Certification and have been, or have had the opportunity to be and have elected not to be, advised by counsel.

Action by Board of Directors: _____ Date: _____ Rev. 09/19

American Manchester Terrier Club Code of Ethics

Membership in the American Manchester Terrier Club (AMTC) is a privilege. In return for acceptance into the AMTC, I promise to abide by the following Code of Ethics and to submit to the enforcement of this Code by the AMTC Board of Directors.

GENERAL

I pledge as an owner of Manchester Terriers to be responsible for the dogs in my care. My responsibilities include providing proper shelter which is clean, dry and warm; appropriate veterinary care and inoculations; emergency veterinary care when needed; quality food and water; adherence to local and state animal control and licensing laws.

BREEDING

I pledge:

1. To accept and uphold the Standard of the Manchester Terrier as developed by the AMTC and approved by the AKC.
2. To breed only physically and mentally sound Manchester Terriers in order to maintain or improve the qualities of the breed as set forth in the Standard. I will not participate in the indiscriminate breeding of studs or bitches with no regard to quality.
3. To screen or obtain proof of screening of breeding stock for communicable diseases, hereditary faults or defects, either active or dormant. Questionable animals will not be used in my breeding program.
4. To forego breeding unless financially capable and willing to responsibly and caringly maintain whelped puppies until placed in their new homes.
5. To maintain complete and accurate breeding records in accordance with AKC regulations.

SELLING

I pledge:

1. To in no way misrepresent any Manchester Terrier for sale.
2. To provide all buyers with:
 - A. AKC individual registration application or certificate properly filled out by seller.
 - B. Minimum three-generation pedigree.
 - C. Record of inoculations, worming, etc.
 - D. Provide instructions for feeding and care.
 - E. Be available for guidance and questions.
3. **Not** to sell, give, trade, abandon or in any manner transfer litters or individual Manchester Terriers to pet dealers, pet wholesalers, auctions, laboratories, raffles, pet stores, puppy mills, animal shelters, or any source for resale. I will not knowingly transfer ownership or provide stud service to anyone who intends to breed Manchester Terriers for any of the above listed purposes.
4. To take back any Manchester Terrier I bred if the current owner of the dog can no longer keep him or her. I will evaluate the dog as to whether or not s/he is suitable for placing in a new home. In the very unfortunate circumstance that the dog is not suitable, I will either keep the dog myself or provide proper veterinary euthanasia. In the rare event that I cannot take back a dog due to current personal circumstances, I will place the dog in AMTC rescue. I, the breeder, will reimburse any and all reasonable expenses incurred on behalf of a dog in this unusual situation to AMTC rescue.

EXHIBITING

I pledge:

1. To serve as an example of good sportsmanship in any aspect of the sport of dogs, assisting and befriending newcomers to the best of my ability.
2. To show only those Manchester Terriers which deserve to be champions in light of the Standard and which are in proper condition.
3. Not to kennel pack for points in conformation or to engage in any other unfair practices in competition.

PENALTIES

I acknowledge and accept for disciplinary purposes a sliding scale of penalties based upon the seriousness of the deviation from this Code of Ethics. The Board of Directors will apply penalties equally to any and all offenders after a proper review of the evidence. Penalties include but are not limited to: reprimand from the Board; temporary suspension from AMTC membership; permanent suspension from AMTC membership; reporting offenders to the AKC; withholding AMTC awards. I have read and I promise to abide by the above Code of Ethics as set forth by the AMTC.
