On The Cover

Ch. Poricia's Stuart Little Of Razdaz, RM36787701, DOB 05/12/2002.

This is my dog William's dad.

At 19 years old he looks great and reminds me of William. Pat Hall sent me this picture recently while Stewart was visiting her. Sadly he passed away on July 24, 2021 shortly after this picture was taken.

Stuart Little, Rest in Peace.

President's Message

Susan Thrasher, AMTC President

Nothing submitted

Words of Thanks and Gratitude Are Not Enough – Kathy Nissen, AMTC Sec'y

Now, most of you that know me, know it's a VERY RARE occasion when someone can catch me speechless and off guard but I tell you

this...While engrossed in listening to the awards being announced for the many wonderful accomplishments for those in this wonderful breed at the Annual banquet, you could have knocked me off my chair with a feather when my name was called to receive the Outstanding Sportsmanship Award!! What an honor!!! I absolutely had NO clue whatsoever! There are so many of you out there that do so much more than I, but to be bestowed this honor was so overwhelming and something I will never forget and will always treasure! I do what I do regarding this breed and the AMTC because I love, cherish and believe in both with all of my heart. To just say 'thank you' is not near enough so I hope you all can believe that your faith in me means a great deal and more than any of you realize and I thank each and every one of you! ❤️ 😊

Notes from the Editor

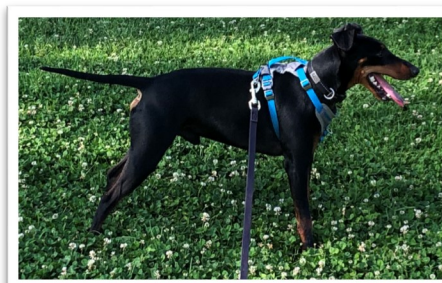

I want to thank AMTC member Sherrill Printemps for Dolce's Story. It provided the theme for this edition which is Taking a Look at Manchester Terriers, Miniature Pinschers, Doberman and German Pinschers. They have a number of things in common.

There are also tributes to fanciers; Barbara Bryan, Dwight Varner and Hector Baptista who have recently passed-away.

New member applicant Mollie Kavrell, has written a short article on her experience in Juniors and life with dogs. Thank you Mollie!

Something new: Shout outs and brags for new breeders! If you know of other first time breeders let give them a shout out as well!

Sam Hessel

Our club needs more Mentors – you may qualify and not know it! Please contact your District Governor or Jo Ann Emrick, MANTERRJ@aol.com to learn more.

Newsletter contributions

All members are invited to contribute to the Newsletter, it is only as good as you make it!

Volunteers wanted: Our club can always use additional volunteers to help on committees and / or events. Please contact Your District Governor or Kathy Nissen to volunteer.

Webmaster Comments

Jo Biasi is the Webmaster for our website. Please send any suggestions & / or additions to her at cybernewt2@gmail.com.

There is a members' only section where AMTC documents and the AMTC online Newsletters can be accessed. Contact your District Governor if you do not have log-in information.

AMTC Website: www.americanmanchester.org

When I was young, I read Readers' Digest avidly and especially looked forward to "The Most Unforgettable Character I've Ever Met". I wondered if in my life I would ever come across such a person. Today, I am writing about THAT person; Barbara Bryan.

The Manchester Terrier world quietly skipped a beat on March 27th with the loss of a great heart Barbara Bryan. To say she was a passionate Manchester Terrier lover is an understatement. Barbara was a complete fan. She was a lifelong student of the breed, yes BOTH varie-

ties. She and her husband kept a modest home with a big yard as a haven for the Manchester Terrier family. The house was meticulously kept. Except for one room, the dogs had free range, and although Barbara's choice of floor covering was wall to wall white carpet and white tile, the floors were spotless, not even a stray black Manchester hair could be found.

Barbara was worldly, educated, and intelligent. She was a natural blond and would sometimes use the stigma that goes along with that to her advantage, but don't be fooled. Barbara was outgoing and friendly, she loved all dogs but it was

Barbara Bryan—Continued

obvious that she was an ambassador of the Manchester Terrier. She had an innate purpose to promote these black and tans. She couldn't bear that these little dogs seemed to not get their due in the World of Dogs where they historically played such an important role somewhat forgotten.

Barbara was strong minded and strong willed. Just like a Manchester Terrier. She had the perfect disposition to keep this breed and everyone thrived. Barbara was unusual, almost purposefully eccentric, dramatic in her way. She chose to smoke cigarettes at the end of a holder, but Barbara was very real, and of course misjudged. In later years she made an overnight decision to

stop smoking and she did, just as she had made the overnight decision to stop drinking which was before I came to know her. Barbara knew people continued to talk about that yet she did not let that bother her. She was too interested in enjoying life and enjoying her little dogs.

Barbara owned and selectively bred Manchester Terriers using her last name as a kennel prefix.

Some people would say that Barbara was picky. I say no, Barbara was particular. She dressed impeccably whether she was showing her dogs or watching her dogs be shown. She would sew pockets into beautiful but otherwise impractical suits and of course always wore fash-

ionable but sensible shoes. Barbara was even more particular about her dogs. Only the best would be shown. Every detail was to be tended to, every hair in place. Barbara emphasized the mental and physical condition of her dogs. She made sure I knew and would carry out everything that needed to be done to maintain this over long careers. It annoyed some people that Barbara would let her little dogs react to the presence of big dogs. She firmly believed (and I agree) that these dogs should feel like they have some chance of defending themselves if only for

the reality that they may only deter the big dog long enough to be saved by their owner. Barbara was particular and it brought out the show photographers' best game. They know she would not tolerate a shadow behind her dog or obscurity by dark background.

Barbara's prized possession was Ch. Bryan's Up And At It Zitsa. Zitsa was not a fluke. She came out of a well planned and well researched breeding. There was a beautiful brother and two beautiful sisters that made their presence

US BIS winner—Bryan's Zip A De Do Da (Zip)

Barbara Bryan—Continued

known earlier and then there was this little eight pounder. Of course we knew that long in the past it was not unusual to see 5 pound dogs at specialties, but at this point Zitsa would be the smallest Toy Manchester Terrier that would be seen in the show ring. She was a mighty mite and wanted to show up her littermates as soon as we would decide to add her to the entry. With a keen expression and big heart Zitsa made her debut at 8 mos of age by winning BOV and Toy Group First. Then Zitsa would take on the world. Her formidable record spanned several years.

Each year she came out stronger, each year she wanted to go, each year she ate her dinner every evening, she bathed in the sun, she carried a full coat, and had a full set of big white teeth! And Zitsa's intense stare could make the biggest dog look away.

The details of Zitsa's quality were apparent, including her thumbprints. I remember one time a judge actually rubbed at them and looked up at me. I quietly said, "rub as you may, she got those from her mother and father". Barbara of course loved that.

Bryan's Up and At it Zitsa
Harry Bennett, Jeanne Dalesky Trophy Presenter

Zitsa also enjoyed some time off in the middle of her campaign for motherhood. She produced an extraordinary boy Ch. Bryan's Zip A Dee Doo Dah. Barbara was able to experience a thrill of a lifetime showing Zippy to a Best In Show herself Barbara told me that her only regret was that she didn't start showing the Manchesters at a younger age. Still, she spent decades and made more of an impact in that time and touched more lives, dogs as well as human, than she would take credit for. Thank you for asking me to share this with you.

Sincerely,

Harry Bennett

Another good producer was a bitch, St. Lazar Bryan's Zazz, RB012253, wh. 8/27/1985 dam of Bryan's Big Time Zelda, granddam of Zitsa, great granddam of Zip Zitsa, RM07267802, wh. 1/16/1993 produced Bryan's Zip-A-De-Do-Da, RM19109401, wh. 10/22/1996 when bred to Renreh Verbatim

Barbara Bryan—Continued

Harry phoned me some time ago to let me know of Barbara's passing.

Barbara and I were very close friends for quite a few years.

Her breeding of Zitza to Ch. Ren-reh Verbatin in 1996 resulted in Zip, a dog I owned with Barbara who became a Multi Toy Group and Best in show winner. He was campaigned with Harry Bennet handling, but he actually won a Best in Show with Barbara, herself, handling. Barbara was a staunch Manchester supporter. She truly loved our breed. I will certainly miss her. - Rodney Herner

I have recently been informed of the passing of longtime AMTC member, Barbara Bryan. Barbara became a member of the AMTC in 1984 and bred and showed Toy Manchester Terriers under the prefix "Bryan's". The AMTC expresses our sincerest condolences to the family of and those close to Barbara.
- Kathy Nissen, AMTC Sec.

Dwight Varner

March 13, 1941 ~ June 29, 2021

Dwight Varner 80, of Sterling, Illinois passed away the morning of June 29, 2021

Dwight was preceded in death by his mother Doris Ballard; his children, David Varner and Gweyn Varner, his brothers-in-law, Glen Wiemken and De-wayn Wiemken.

He is survived by his loving wife Janet; his brothers-in-law, Jim Wiemken (Jan) and Don Wiemken; his cousin Patricia Pitts of Sterling, and several nieces and nephews.

Dwight and Janet met as high school sweethearts at the age of 17 and married, sharing a very fulfilling life together.

Their 62nd Wedding Anniversary was celebrated this June of 2021.

In their early years, Dwight was drafted into the Army. What Dwight thought would be a tour in Nam changed quickly when he arrived in Germany to find his orders had been changed. He would now be stationed in Germany for a year. Jan stayed behind and worked for G. E.

Dwight's involvement in dogs started when he and Jan acquired their first Irish Setter Field Dog in 1969 that Dwight also attained a Companion Dog title on.

In 1970 they purchased their first conformation dog; Irish Setter "Tyrone Farm O'Shawnesy."

It wasn't until March of 1978 they purchased their first Manchester Terrier from Charlie and Judy Deets. This dog was shown to American and Canadian Champion, AJ's Straja Am., Can., Bda., CD, ROM.

January, 1979 their second Manchester Terrier came into their life and became Am., Can., Ch. AJ's Cheena Am., Can., CD, ROM, HOF.

Members of AMTC since 1979, Dwight served the club well on the Board of Directors and was a member of the Ethics Committee.

So many credits to the Canty prefix, breeding both varieties for decades with well over 70 Champions in the USA and Canada with many Hall of Fame inductees and Register of Merit dogs producing at least 4 Champion offspring to their credit.

Dwight Varner- Continued

Another of their many love affairs included their love of motorcycles. Dwight riding his fully dressed Harley Davidson and Jan by Dwight's side, riding her motorcycle.

If ever there was a truer American Patriot it was Dwight Varner.

Dwight participated twice in the Memorial Day weekend "Ride to Freedom" also known as "Roaring Thunder." A ride to the Vietnam Memorial Wall in Washington D. C.

Each year since May 1988 tens of thousands of motorcyclists from all over the country would make this ride to honor all Veterans who served

and remind Americans of the POW and those MIA.

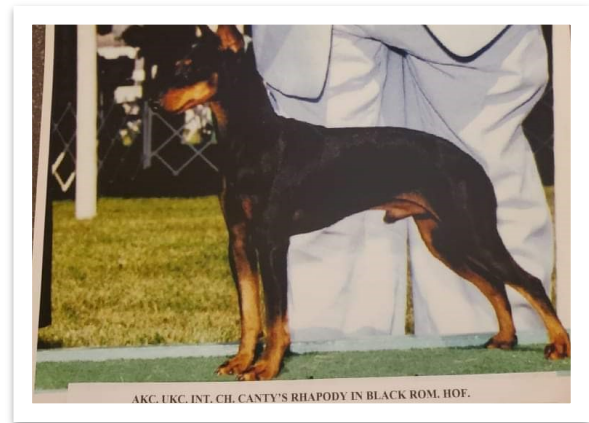

On behalf of the American Manchester Terrier Club; we salute you as we say our final goodbyes, thanking you for your service to our country.

God's Speed Dwight, Rest in Eternal Peace.

Canty's Cricket

Champion Canty's Cricket

The first Standard Manchester Terrier to gain the UD title. (Utility Dog).

Bred by Dwight and Jan Varner of Canty Kennels fame and owner-handled by Jean Schmidt, depicted. His total points as of December 1991 were 1145.

Here are most of Cricket's titles:

- International Championship,
- Bermuda CH. and CDX, and CD.
- Canadian CH. and CDX, Chilean CH. and CDX,
- Costa Rican CH.
- Columbian CH. and CD. Dom. CH. and CDX,
- Guatemalan CH. and CDX,
- Mexican CH. and CDX,
- Puerto Rican CH. CDX,
- Peruvian CH.,
- Venezuela CH. CD.,
- South American Champion, Las American CH. 86, 87, 88 & 89.
- World show 87 & 88.
- SKC CH. Int. T. T.
- Pointed in France, Italy, Monaco.

*The American Kennel Club does not recognize any titles unless they are AKC. So, not recognized as World Champion.

Member Profile - Janet and Dwight Varner

This is a reprint from the February 2016 AMTC Newsletter

Member Profile

Editor's note – It occurred to me, that largely because of geography, many of our members have not ever met each other. Or they may have heard a name, but have no idea what that person looks like or anything about them. I'd like to profile at least one member each time – and would especially like to feature those of you that have been with the club or our breed for a long time. Please feel free to submit a story and pictures please if there is someone you'd like to feature. Things to ask: Where did you get your first Manchester from? Why and how old were you? Why did you start showing or competing if you do? Why do you do keep what you do?

**This quarter's feature is
the delightful Janet and Dwight Varner, Canty Kennels, Morrison, Illinois.**

2009

Member Profile - Janet and Dwight Varner—Continued

“We bought our first AKC registered dog in 1969 which was a field Irish Setter, which my husband trained to a C.D. We bought our first show dog in April of 1970, a male Irish Setter, Tyrone Farm O’Shawnesy. We bred our first litter in April of 1971.

My first Manchester was AJ’s Styraja (aka Star) who became American and Canadian Champion AJ’s Straja Am., Can. & Bd (Bermuda) C.D. Rom. I got her in March of 1978. In January of 1979, I got my second Manchester AJ’s Cheena so we would have a point when we went to a show. Cheena was my first Hall of Fame Manchester – Am. And Can. Ch. AJ’s Cheena A. & Can. C.D. Rom. HOF.

I bred my first litter in August of 1980 of one pup, Am. & Can. C.D. Tartan of Canty A. & Can. C.D. We

have bred over seventy (Editor’s note - yes that is 7 – 0) Champions. Of the 70, there were 17 Toys and 26 Standards that we owner handled to their Championships.

I only have one Grand Champion, Gch. Canty’s Zivan Cu-Tu of Fantasy, as I don’t show that much anymore. We live in Northwestern Illinois. I have been in six or so kennel clubs, but am only active in 3 now. I am President and Obedience Chair of the Clinton Iowa Kennel Club. I am Conformation Chair of the Illowa Kennel Club (a UKC Club). I have been a member of the AMTC for thirty six years”.

Editor’s note – Janet also won the AMTC Good Sportsmanship award in 2013. She and Dwight have mentored many current and past members

"What Do We Do With The Old Ones?"

Ch. Poricias Stuart Little Of Razdaz

AKC Gazette 1980_03
Manchester Terrier Column

He's old. He has aged that minute right before your eyes. Or so it seems. He is 12 years now, the age at which a slow decline begins for the average Manchester Terrier.

Because all dogs adapt to a fairly consistent routine whether as kennel dogs or house-pets, loss of hearing and dimming eyesight do not pose as immediate difficulties. Dogs can compensate very well if provided a secure environment. An owner may not notice when a dog's hearing begins to fail; at one time or another we have all had to call a dog more than once before it responded.

Pride of the Aged

Regardless of a dog's old-age failings, he/she is

apt to be very clever masking them. Pride and dignity? Of course; even with animals. Getting up in the morning may become quite a chore as arthritis sets in, but he/she is apt to prolong stretching time, getting him/herself together to avoid embarrassment.

What can we do to ease the aging process for that champion which, in his day, gave you so many exciting moments? Or the pet which seldom leaves your side? Proper diet and warmth.

Warm surroundings, especially sleeping quarters, offer the same benefit, to dogs as to arthritic humans. Most Manchesters, if given the opportunity, will cover themselves with a blanket. This is the type warmth the old-timers need, draft-free.

Special Diet

As for diet, the main consideration is to lessen the work of the kidneys and heart. It might seem foolish to put a dog on a kidney diet when no problem seemingly exists, but allaying problems is the answer to a healthier long-lived animal. Although a veterinarian speaking at a seminar commented that older dogs would be better off eating stale doughnuts instead of regular dog food, we would wish better things for our aging dogs. Special prescription diets can be purchased of course, but why not make your own? You will need a 12 oz. box of brown rice. 12 slices of dry bread, a 12 oz. carton of non-fat cottage cheese, and four hard-boiled eggs. Break the bread into bite-sized pieces, add the hard-boiled eggs (chopped into small pieces) and cottage cheese. Before adding the cooked rice, allow to cool to a lukewarm temperature. Mix well. Put the meal-sized portions into small plastic bags and place in

(Continued on page 22)

"What Do We Do With The Old Ones?" - Continued

your freezer. The above recipe is enough to feed a 10-lb dog twice a day for one week.

Remove from freezer as needed; add a vitamin supplement and calcium. Should you forget to take a package from the freezer in time to thaw before serving, simply place in your toaster oven (*microwave*), low setting, for 15 to 20 minutes (*maybe less in a microwave*). Even when properly thawed, warming slightly is appreciated by the dog. – Ida Mae Jordan

"What Do We Do With The Old Ones?"

AKC Gazette 1980_03
Manchester Terrier Column

And for those who have accumulated numbers of dogs through the years. Mary Cryer of Boca Raton, Florida has written a poem. "What Do We Do With The Old Ones?"

What do we do with the old ones?

The ones that are past it, their glories gone by,
The ones that don't win, however you try,
The ones that did win, but later turned shy,
The first one you bought that has a light eye?
They're eating their heads off; the food bills are high.

What do we do with the old ones?

Find them good homes is the answer, it's clear.
But the only good home that mine want is right here.

Their own special sofa covered with hairs.
They all cut their teeth on the dining room chairs.

The safe and familiar path of their days.
The garden, the outings, their own funny ways
That only I know... and even their food
If not given by me wouldn't taste quite as good.
Soooo...I'm knee-deep in old ones

Who're no good at all;

Who need to be brushed, to be walked, to be fed.

Who want only me to put them to bed.

So I'm stuck with them all for the rest of their days

But I have to confess, that if we had to part,
I should miss them so much

It would just break my heart!

Dolce's Story

Submitted by Member Sherrill Printemps

Dolce is a MinPin, who lives and travels with a Manchester....and who is referred to as our wannabe Manchester.

April 29, 2020 A Story about a little dog, my bond with a little dog, and divine intervention

This is a story about a little dog, a bond with a little dog, and divine intervention. This dog is not a Manchester Terrier, but interestingly enough, a MinPin... a breed often confused with the Manchester.

Eleven years ago I was gifted with a "rescue" dog who's owners were afraid they would lose her as she was an escape artist. She kept getting out of the smallest holes in the fencing of their new house in the mountains. I was thrilled as I had dog sat with her and fallen in love. MinPin's have a joy for life, every moment is a party and they are the host. Everyone who has met her loves her and could see the love and bond we had. She is also bonded with my Manchester, Justice.

This month I was asked to house/dog sit for Diana and Mike Texter at their Yuma, AZ "winter" home. They kindly invited Dolce to come along. Their Toy Manchesters are so loving and everybody gets along, so they got along with the little 7 pound interloper.

The first week went smoothly, but during the second week I ran out to the store the night before Mike and Dianna were to return, and I left a gate open. The next morning I heard a loud noise and when I went to see, the three toys were being shuffled back into the yard by a kind neighbor who was going out for her morning walk. When she clanged the gate shut, Dolce

was frightened and took off running down the road. I just saw the rear of her as she went around the corner, my yelling for her fell on deaf ears as she was now scared. Praise God that Dianna's dogs were safely back inside.

So began a three day vigil of going out looking for my dog, calling her name, walking the streets. I was advised to leave her bedding out by the gate which I did. The heartache each morning of not seeing her little face cuddled in that bed was doing me

in. Mike and Dianna made up signs to hang around the neighborhood, and notices with a picture of Dolce for me to put in mailboxes. This is the time of year that people are leaving their winter home and heading to cooler summer homes, so many homes were empty. Mike and Dianna also went out several times a day looking and calling for her.

This neighborhood was incredible in helping look for Dolce. People walk in the morning and evening, and one time when I handed a flyer to a couple on a walk, they got a call from some-

one telling them to look for a little 7 pound brown dog! In addition, every time I went out looking I ran into my angel.....a man named Paul who was out looking also. This man did not know me, yet spent three days out looking for my lost dog!

She had not been seen since 10 am on Friday, the day of her disappearance. No sightings! As hard as I tried, this really made me lose hope that someone had found her as I felt with all of the neighborhood participation and helping me look for her chances were she had been taken by a snake, hawk, etc. or succumbed to the heat.

Mike and Dianna's home is at the entrance to a residential complex, at the opposite end it opens into the desert. Every time I went out looking and calling for her, I ended my search at the desert end.....for some reason I was constantly drawn to that area. On Saturday night, I had a melt down in this area, right by a dirt road that went up into the mountains. I did a lot of crying and praying in that spot. As you can imagine, the guilt I was feeling was numbing. This little 7 pound dog who loved me so much was out in the desert fighting dehydration and predators because of me.

On Sunday morning I finished my search at the desert spot, and decided to go down the dirt

road I had sat in front of the prior night. A man was going for a walk, and I gave him a flyer with a picture.....he said he walked in the desert twice a day and would be watchful for any signs of her.

Back at the house, I was close to giving up. The phone rang, and it was Paul.....he said I think I have found your dog. He tried to tell me where he was going to get her, and it was too complicated so he said just wait there for me. The

longest twenty minutes of my life.

Paul showed up with my little girl in a cat carrier! When I saw that little face, the joy and happiness and thankfulness I felt was unreal. It was ugly crying. I wish I had a picture of the look on Paul's face, and then on Dianna and Mike's! Tears of joy!

After I spent some time with Dolce, gave her food and water, loved on her.....all she wanted was to sleep. Paul had given me the address and phone number of the woman who had my dog. I went in search of her house so I could thank her.

Her house was up the dirt road I had sat in front of crying and praying the night before. It was way up this road, probably a mile into the desert. The woman told me this story:

Dolce ran off at 7 am Friday morning. Last sighting was 10 am. On Friday night, she got a

Dolce's Story—Continued

call from her neighbor.....these are five acre parcels in rough desert.....rocky, mountainous, etc. The neighbor was not in residence, and said her web cam showed a little dog on her porch. Do you know anything about a lost dog. The woman did not, she lives there year round, and had not been down into the neighborhood where Mike had placed the signs. On Saturday night, at 10 pm she took her dog out for the last potty break before bed, and Dolce was sitting on her porch. Not even afraid of the 85 pound dog that came out the front door.....she clearly knew she needed help and allowed the woman to pick her up, take her inside.....feed her and let drink her weight in water! This kind woman then made a cushy bed for her in her bathroom, and never heard a peep from her all night.

The next morning she called her friend in the neighborhood and told her she had found a small dog on her porch the night before. Her friend said "oh, my friend Paul has been looking for a

little brown dog all weekend"!!!

This little dog was smart enough to find shelter.....and then to move on when no one came to her rescue at the first house. Her feet were torn, her joints were swollen, she was tired and dehydrated.....but thank God she did not stay out in the desert where she was easy prey for hawks, rattlesnakes, coyote, etc.

I feel like the bond I have this dog, God telling me where to look for her, prayer chains and wonderful people who take time out of their busy lives to look for a little lost dog resulted in a happy ending to a story that could have been a nightmare.

And I just want to say Praise God and thank you to all involved.....

MIN PIN COLUMN 1939_12 and 1940_01 AKC GAZETTE

IT is with considerable pleasure that I turn over our column to Miss Hertha von der Kammer, co-founder and a life member of the Miniature Pincher club of America, for her promised history of our breed. As the article is rather long, it has been decided to it in two installments. The Club hopes that you will enjoy the articles, and will thank Miss von der Kammer for her kindness in making her interesting transcript and in giving it to us for publication in the Gazette. And now for the first installment. Here it is:

Our Miniature Pinscher is not the only breed where the true history is veiled in darkness. It is my desire to lift this veil enough to leave little to the imagination as to the ancestry of the Miniature Pinscher. Many similar attempts have been made in the past, but no one has yet been able to ascertain unchallengeable facts. After searching through more than a hundred books in quest of this information, it was found that their history was of such extensive nature that full justice could not be done in the short time allotted. That the Miniature Pinscher is related to both the Doberman and the Manchester needs no confirmation. Both trace their ancestry back to the Manchester terrier, which has imparted to both these descendants many of its main characteristics. While the Doberman Pinscher was not known as such before 1865, which fact is well proven, the Miniature Pinscher was well established around 1850.

The Doberman Pinscher was named in honor of a Herr Dobermann, who lived in Germany from 1834 to 1894. With a friend, Herr Stegmann, they chose the most powerful shepherd dogs and

crus* bred those with types they thought best suitable for this purpose. Exactly how many different breeds were used to develop the Doberman cannot be definitely stated, but the German Shepherd and the Rottweiler were included.

A Herr Goller bred this combination to the Manchester terrier of England, and the first so-called black-and-tan Doberman was evolved in 1865. In 1899, the Doberman Pinscher Club was founded in Apolda, Germany; and since then the Doberman, as an established breed, has made rapid progress, both in Germany and the United States.

So far, the relationship of the Doberman to the Manchester terrier is concluded and I am now leading to the fact where the Manchester terrier played its part in the evolution of the Miniature Pinscher.

E. C. Ash, in his "Dogs and Their History," mentions that perhaps the earliest recognizable black-and-tan terrier appears in the "Hours of the Virgin," an illuminated manuscript of about 1500. Between 1600 and 1700 such terriers were occasionally mentioned, and we have descriptions, the most interesting perhaps, that some of these terriers were long legged and some had short and crooked legs and that the crooked legged ones were smooth coated and the straight and long legged terriers had coats of shaggy hair. The black-and-tans were known, later, as the English Terrier.

As time went on, little public interest centered on the various crosses. In this making of new breeds, the black-and-tan terriers were often entirely replaced by the new types, but 'here and there the old world terrier continued its life.

In 1800, the black-and-tan terriers were divided into the old types, yet bred in purity, and various black-and-tan terriers descended from the crosses in the making of new breeds. Many of these dogs were most attractive and their often delightful appearance caused them to be kept and much admired.

Around 1800, we find the black-and-tan terrier a well built, smooth coated dog, not the old type of black-and-tans, but a good fox terrier except in color. Among such bred dogs, not infrequently a litter of smooth haired, white puppies were found, and in the next forty years we have more than one allusion to the "white black-and-tans."

It was in 1819 that "Billy" appeared. When this hero of black-and-tan history won a rat-killing match against a bitch, the property of a Quaker named Bowring, it was the first we hear of him. In 1821, on May 13, the owner of the rat-pit wagered a silver dollar that the dog would not kill 100 rats in 12 min. — The challenge was accepted. He killed five score rats supplied to him in one minute less than the stated time. In 1825, on July 7, the rat-pit was crowded. Boxes had the special price of five shillings each, and the pit was sold at three shillings a seat. The dog, then weighing 27 pounds, killed 100 rats at the rate of one rat in four seconds. Show bills later inform us that a young red bitch, "got by Billy" would be exhibited. He is portrayed in a color print of 1827 as a white terrier with dark patches on the face and on the side of the head. He has no appearance of a Manchester Terrier at all, but of a useful working fox terrier.

By the year 1849, interest centered in a smaller

dog, and dogs below seven pounds in weight were in great demand and would sell at remunerative prices for as much as five or ten guineas each. The breed, indeed, had divided in two kinds. There were the lightweight dogs, the forerunner of the present-day toy; and larger dogs.

In 1771, Whitacker in his history of the "Manchester" had described "their little terriers," a breed with crooked legs and shaggy hair. But if it was the same breed it had changed for now, in the year 1859, Stonehenge describes the Manchester Terrier to be smooth haired with long tapering noses, narrow flat skull, eyes small and bright, chest rather deep than wide.

The color was now important. Black-and-tans the "only true color," writes Stonehenge; adding "but many are white, slightly marked with black, and also sometimes but very rarely, blue."

Eight years later, once more Mr. Walsh dealt with the breed. We still find white mentioned. "White or black-and-tans are the best colors for all terriers." By 1878, no other color but black-and-tan or red was allowed, and the least speck of white "was fatal in the show-ring."

Around 1878, a black-and-tan would be weighing anything from six to 20 pounds and some well-known dogs weighed as much as 24 pounds. At this time, once more the breed was altered and crossed with small greyhounds. This crossing had its disadvantages for many dogs had terrier bodies and greyhound heads. The breed spread from Manchester all over the country, now, more than ever, a fancier's dog. Then, once more, the type altered. The black-and-tans, however, retained much of the quality of the Italian greyhound, and

is a very beautiful little dog indeed. The plain black-and-tan lost ground, and only a few bred and kept them. The toy retained gracefulness, so important in a dog to be owned by ladies of fashion. The weight of the toy was constantly reduced. From 10 pound dogs, a time came when many were seven and eight pounds. "Still smaller dogs were bred until they varied from four to five pounds," (Ash). The head of the dog illustrated by Mr. Ash resembles the elongated head of the miniature pinscher of today's standard. It also bears the same style of ear crop as used in the present day, wherever it is legal. An illustration in 1859 of Lady, a bitch stated to have been bred by Frank Redmond's Tarter out of Vic, a Manchester-bred bitch, formerly the property of the Hon. Egremont Lascelles, is symbolical of the Miniature Pinscher of today. That is all that I can carry of Miss von der Rammer's interesting article. In next month's Gazette I will finish it

YOU may remember that in the last issue of the old year, I turned over our column to Miss Hertha von der Kammer, co-founder and life member of our club, so that she might publish the history that she had written on the Miniature Pinscher. As the history was too long for one issue of the Gazette, Miss von der Kammer divided it into two parts, and this month I have the pleasure of giving our readers the second installment of the story. Here it is:

In the history of the Manchester Terrier that was published in last month's Gazette we have a well established record for this breed, and it is my opinion that both the Dobermann Pinscher and the Miniature Pinscher are descendants of the

Manchester Terrier, but the Miniature Pinscher is a refinement of the Manchester Terrier prior to 1878 whereas the Dobermann Pinscher is a cross between that of the original Manchester Terrier prior to that time and the Rottweiler and the German Shepherd, and the similarity of the Miniature Pinscher—as we know it today—to the Dobermann Pinscher can be very easily recognized.

However, it seems that our breed is more like the Manchester Terrier prior to 1878, at which time, according to Mr. Ash, "then once more the breed altered" and the black-and-tans retained much of the quality of the Italian Greyhound while the plain black-and-tan lost ground and, incidentally, it was through my grand-parents, who were dog fanciers at that time in Germany, that the first information as to the history of the Miniature Pinscher was learned.

According to them, for about 20 years prior to the year 1870, there existed two types, the larger called Rehpinscher of about 20 pounds and the Zwergreh Pinscher up to 5 pounds. Zwerg-Reh-Pinscher in English means dwarf-deer terrier. Both kinds were being used extensively for exterminating rats and mice.

In 1895, the Pinscher-Schnazerklub, which was founded in Germany, sponsored the development of the breed, and gave to the fancy its first standard. In 1902, the International Zivcrhundklub (Schosshundklub) was founded in Germany. Miniature, or toy dogs, were then regarded as only being a "permitted stepchild." Men would not have anything to do with a dwarf or miniature of any breed. They were only regarded as lady's pets.

Herr Woerz in his book "Der Luxushund" in 1909 refers to the Miniature Pinscher as the "Glatthaariger Deutscher Zwergpinscher"—in English : Smooth-haired German-Pinscher—40 to 50 cm. in height at the shoulder and maximum in weight 20 pounds, and the Glatthaariger Deutscher Zwerg pinscher"—no height given—weight from 2-5 pounds.

These Zwerg—or dwarf pinscher— were of an extraordinary diminutiveness, rickety in body and with the typical apple-head often resulting in a cleft palate and incomplete closing of the sutures of the skull and submerging all the typical terrier type features of the original Miniature Pinscher.

At the shows, these incomplete creatures were shown resting on cushions and wrapped up in flannels. They did not secure much recognition. However, since about 1925 this type was abolished, and a more sturdy type of Miniature Pinscher came in vogue.

Since then, the breed has had little change and the weight has remained about the same, from 5-10 pounds. However, the smaller the miniatures are, the greater their value, as long as they remain normal and healthy.

While there are opinions that aiming to produce as small a specimen as possible has been detrimental to the breed, my personal experience has been that the smaller type, about 4-8 pounds, is the more desired pinscher, and if scientifically bred the sturdiness of the breed will not be lost. I have produced many 4-6 pound dogs which were as perfect and sound as the larger type, not having lost any of the specifications of the standard. The miniature pinscher when intelligently bred

are easy whelpers.

Despite the fact that toy breeds in general have not received the recognition one might desire, I venture the opinion that our little breed will remain ever popular and kept increasing every year.

From the meager data obtainable it is my opinion that the Miniature Pinscher of today is more of the roughed type descendant of the Manchester Terrier without the influence of the Italian Greyhound ; while the Toy Manchester Terrier, as we have him today, is more of the racy type. Therefore, we might refer to the Toy Manchester Terrier as the English and to the Miniature Pinscher as the German descendant of the Manchester Terrier, for Miniature Pinschers are not bred in England, but they have made good progress in the United States and in the Scandinavian countries. At some future time, when more information can be gathered on the subject, I again will report my finding and refer especially to the color of the Miniature Pinscher which is in much greater variety than that of the Manchester Terrier or the Doberman Pinscher. All who have read this series by Miss von der Kammer undoubtedly will look forward with interest to anything that she might write on the color of our dogs.

Min Pin Column 1948_09

HOW MANY TIMES have you walked down the street with your newest champion-in-the-making on a leash, or sat in a show building and had some interested bystander ask: "Is that a Chihuahua?"

If the current prospect be black and tan, the question is usually varied by the query "Is that a Toy Black and Tan?" The first inclination I have, no matter how many times this occurs, is to answer

sharply “NO.” However, I realize that there is a similarity in the breeds, while the origin of all three is definitely obscured by time.

Some of us believe that the Chihuahua, a native American, was brought over with the conquerors of the Incas; so if this were true we could safely say that probably all three stem from the same English Terrier. The definite breeds we have today developed through the infusion of different blood. My better judgment and common sense tells me that I should prepare an answer for these questions, so that my explanation will leave the person better informed not only about our own breed, but also about the others that are so often confused with ours.

I became so interested while making this comparison that I thought perhaps others would be benefited by this too. a) Miniature Pinscher; b) Chihuahua; c) Toy Manchester Terrier.

Color: a) Six allowable colors or color combinations; b) Any color; c) One color only.

Weight: a) 6-10 pounds; b) 1-6 pounds; c) Limit 12 pounds.

Ears: a) Set high, trimmed, upstanding; b) Upstanding, held at 45° angle when in repose; c) Well up on skull, held close together, thin.

Eyes: a) Full, set wide apart, fitted well into the sockets; b) Full, set wide apart; c) Set close together, oblong, slanting upwards.

Skull: a) Appears fiat; b) Well rounded; c) Almost flat.

Muzzle: a) Tapering, strong; b) Moderately short, slightly pointed; c) Tapering, well filled under eyes.

Body: a) Wedge shaped, square, h-1; b) Longer than high; c) Moderately short.

Chest: a) Full; b) Full; c) Narrow.

Back: a) Level; b) Level; c) Sloping at the loin.

Tail: a) Broad, cropped 1-2 inches in length, held erect; b) Long, carried cycle either up or out; c) Short, tapering, set on end of arch in back, level with shoulders.

What characteristics can we stress that set the breeds apart, which when once called to our attention will make a lasting impression?

Eyes—Carefully recheck those descriptions. Did you know that all dogs’ eyes were shaped the same; that the kind of eyelids, and the set of the eyes in the skull are the factors that bring about the difference in eye appeal?

The set of the shoulders and the set of the tail are characteristics in which all three vary, yet each plays an important part in the general appearance of the breed.

Topline—The Toy Manchester Terrier has a very definite contour.

I hope these comparisons will prove of value, and not appear too bookish or stuffy. I assure you that my information comes from acquaintance as well as study; for I own a Toy Manchester Terrier champion whose wins make her rate with the best. I count as my friends Attas’ Chipola and Hound Shello. Need I say more? No, except that good dogs like great men do not have their place of birth restricted to one locality. Check the records.—Mrs. D. E. VanBuskirk, Secretary, Box 122, Bellaire, Tex

Editors Note: in 1940’s and 1950’s the Toyman ranked in the top 30 of all dog breeds. This is likely why there were 3 books published in the 1950’s

NEW BREEDER BRAGS

Its not everyday that we have a new breeder of Manchester Terriers, especially Standards! In the Last 4four (4) months we have had two (2)!

A huge shout out to AMTC Members: Scott and Jamie Becker for their first breeding of Stewie (GCHB Jazzman Tonight's the Night HOF) and Frida (GCH Medley's Frida Kahlo, BCAT) they produced a fine litter of 5 puppies.

A specially thanks goes out to Sherrill Printemps for a **HUGE** assist before, during and after the whelping, as she actually stayed with us for a week. And thanks to Tammi Myers, Jessica Stover, Elaine Perry, Shelli Betencourt, and others who have helped out with advice and guidance.

Looks like Frida is being a great first time mom!

See the next page for a pedigree of this litter.

Mollie Kavrell

I began showing dogs in 2002 at the age of 12. Coming from a family that was not involved in the sport of dogs I had to make my own connections. I grew up in San Rafael, CA right around the corner from where they held the Sir Francis Drake Kennel Club Dog Show. Every year I attended this show to marvel at the beautiful purebreds and to hope and dream that one day I would have my own dog to show.

Spring of 2002 I researched local breeders through the AKC and found a Standard Poodle breeder very close to me. I reached out to her to offer any help I could in exchange for an introduction into the world of purebred dogs. Florence Graham of Graphic Standard Poodles took me under her wing as I began by leash breaking her pup-

pies for her. Eventually I began working for her handler, Ted Hicks. Florence saw how much I loved the shows and she eventually gave me a beautiful chocolate bitch named Sienna.

I was never extremely prosperous in the juniors ring as it applied to ribbons. But I believe what I learned at that young age was much more valuable than any points or ribbons. I was responsible for the health and well being of Sienna which included preparing her meals, keeping her fit (both physically and mentally) and of course A LOT of grooming.

Being a Junior as well as working for a handler taught me to work hard, put in my all, and appreciate the small wins. My crazy poodle puppy was a great learning experience, as she was young and

Juniors—Continued

inexperienced just like me. When she held her stack in the ring the first few times, after months of work, I left feeling as though I had won, even when I was out of the ribbons. I learned to always congratulate the winners, which has carried over into my life outside of dog shows.

Fast forward almost 20 years, I have had a few of my own show dogs, but was searching for the breed that really fit my life. I loved my Dobermans and Beagles, but they don't hold a candle to the Manchesters. Ch Medley's You Can't Always Get What You Want, AKA Joey is my heart dog. I waited over a year to get a bitch from Tammi Myers, when the litter finally came it was ALL boys, hence the name. We have had a great time in the ring, taking Winners Dog at the National and finishing a few days before his first birthday. Joey has begun his training to do Barn Hunt and will be starting agility training soon as well. Tammi Myers has taken me under her wing and has proven herself to be an amazing mentor. We plan to add more

Manchesters of both varieties to our pack going forward.

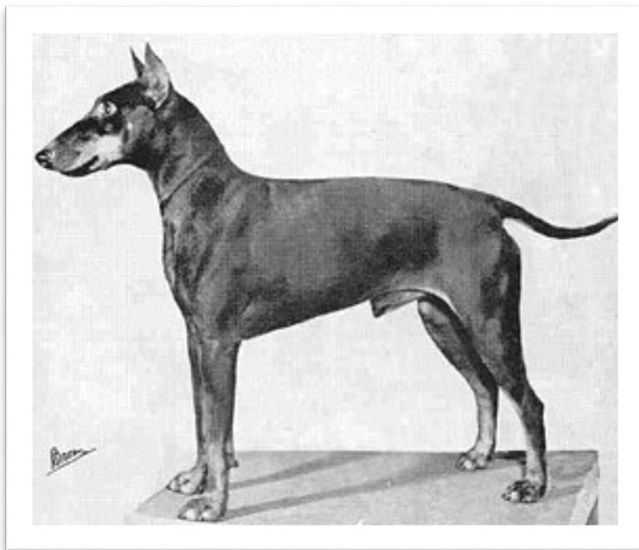

Doberman Fun Facts

- The Manchester Terrier is often said to resemble the Dobermann in miniature, however the truth is, it is the other way round. The Dobermanns creator, Herr Louis Dobermann, used Manchester Terriers to create his breed.
- After Dobermann's death, attention began to be paid to the breed's appearance as much as its working ability. Around the turn of the 20th Century, crosses were made to two English breeds – the black-and-tan Manchester Terrier and the Greyhound – giving the breed some of its streamlined fluidity.
- The Doberman Pinscher Club of America was founded in 1921 by Gov. George Earle III, who was also a breeder and member and President of the Manchester Terrier Club of America, a founding member of the American Toy Manchester Terrier Club and American Manchester Terrier Club of America. His Kennel Name was Red Roof Kennels.
- AMTC member Pamela DeHetre (Pamelot) was also a past president of the Doberman Pinscher Club of America and is credited with the idea and gaining approval to get the Dobequest Pedigree database developed and running. Circa 2003.

- The Dobermann Pinscher is a combination of several breeds including the Beauceron, German Pinscher, Rottweiler and Weimaraner. The single exception is the documented crossing with the Greyhound and Manchester Terrier. It is also widely believed that the old German Shepherd was the single largest contributor to the Dobermann breed. Philip Greunig's *The Dobermann Pinscher* (1939) describes the breed's early development by Otto Goeller, who helped to establish the breed. The American Kennel Club believes the breeds utilized to develop the Dobermann Pinscher may have included the old short-haired shepherd, Rottweiler, Black and Tan Terrier and the German Pinscher.

Excluding Fun Facts, Information on the following pages was collected from each dog's breed standard and the AKC website comparison dog feature.

<- Red Roof Raillery, Manchester Terrier

DOBERMAN PINSCHER

Activity Level	Needs Lots of Activity
Appearance	The appearance is that of a dog of medium size, with a body that is square. Compactly built, muscular and powerful, for great endurance and speed. Elegant in appearance, of proud carriage, reflecting great nobility and temperament. Energetic, watchful, determined, alert, fearless, loyal and obedient.
Barking	Medium
Characteristics	Good with Children? <i>Yes</i> Good with other dogs? <i>With Supervision</i>
Coat Length	Smooth
Color(s)	Black, red, blue, fawn (Isabella)
Ears	Ears normally cropped and carried erect. The upper attachment of the ear, when held erect, is on a level with the top of the skull.
Eyes	Eyes almond shaped, moderately deep set, with vigorous, energetic expression. Iris, of uniform color, ranging from medium to darkest brown in black dogs; in reds, blues, and fawns the color of the iris blends with that of the markings, the darkest shade being preferable in every case.
Grooming	Occasional Bath/Brush
Group	Working Group
Life Expectancy	10-12 years
Personality	Alert, fearless, loyal
Relationships to other breeds	Related to the Manchester Terrier, Rottweiler (Old Butcher dog), old German Shepherd, Greyhound, Beauceron, Weimaraner and others
Shedding	Occasional
Size	Large Height 26-28 inches (male), 24-26 inches (female) Weight 75-100 pounds (male), 60-90 pounds (female)
Tail	Tail docked at approximately second joint, appears to be a continuation of the spine, and is carried only slightly above the horizontal when the dog is alert.
Temperament	Energetic, watchful, determined alert, fearless, loyal and obedient.
Trainability	Eager to Please

German Pinscher Fun Facts

- German Pinscher Following both World Wars, the breed was nearly lost. There were no litters registered in West Germany from 1949 to 1958. Werner Jung is credited with single-handedly saving the breed from extinction by smuggling a black and red bitch out of East Germany and breeding her with four oversized Miniature Pinscher males and one Miniature Pinscher Female to reestablish the breed. Most if not all German Pinschers today are descendants of these dogs.
- The German Pinscher originated in southern Germany and was first entered into German records in 1885 as a smooth coated Pinscher. The Pinscher was one of the foundation breeds in the origins of the Doberman Pinscher and the Miniature Pinscher. The Wire-Haired Pinscher and Smooth-Haired Pinscher were originally one breed with two coat varieties. The breeds were officially divided in the early 1900's with the wire hair pinscher being renamed the "Schnauzer" while the smooth haired variety remained the "Pinscher". These medium-sized dogs were bred from early European herding and guardian breeds and were not related to the terrier breeds developed in Britain.
- In the late 1970's and early 1980's, German Pinschers began to be imported into the United States and bred in small numbers. Early US breeders imported from Germany, England, Sweden, France, Finland and Czechoslovakia. The German Pinscher population has been growing slowly but steadily in the United States since the breed was accepted into the American Kennel Club in 2003.
- The sleek, no-frills German Pinscher is among Germany's oldest breeds and the prototype of other pinscher breeds. This energetic, super-intelligent dog was at first used as a rat catcher but can be trained for all types of canine work.
- I'm bigger than a Min Pin and smaller than a Doberman, so stop asking which one I am. In

fact, I'm more closely related to the Standard Schnauzer than either of those breeds.

- No, I'm not a Doberman Pinscher or a Miniature Pinscher (Min Pin), I am my own breed! And an old one, at that. In fact, as a German Pinscher, I'm part of the origins of several newer breeds, like the Affenpinscher, all schnauzers and, of course, the Doberman Pinscher and Miniature Pinscher.
- Pinschers were used as guardians for coaches. They also lived in homesteads where they were used to kill vermin, a job they did by instinct, as such behavior did not need to be trained into the breed. Even today you can observe German Pinschers searching for and finding rats in open areas and in homes.

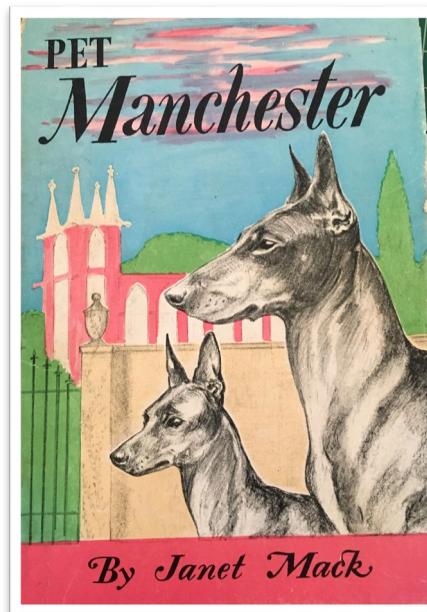

GERMAN PINSCHER

Activity Level	Needs Lots of Activity
Appearance	The German Pinscher is a medium size, short coated dog, elegant in appearance with a strong square build and moderate body structure, muscular and powerful for endurance and agility. Energetic, watchful, alert, agile, fearless, determined, intelligent and loyal, the German Pinscher has the prerequisites to be an excellent watchdog and companion.
Barking	When Necessary
Characteristics	Good with Children? <i>Better with Supervision</i> Good with other dogs? <i>With Supervision</i>
Coat Length	Smooth
Color(s)	Isabella (fawn), to red in various shades to stag red (red with intermingling of black hairs), black and blues with red/tan markings. In the reds, a rich vibrant medium to dark shade is preferred. In bi-colored dogs, sharply marked dark and rich red/tan markings are desirable.
Ears	Ears- set high, symmetrical, and carried erect when cropped. If uncropped, they are V-shaped with a folding pleat, or small standing ears carried evenly upright. Skull- flat, un wrinkled from occiput to stop when in repose.
Eyes	Eyes-medium size, dark, oval in shape without the appearance of bulging. The eyelid should be tight and the eyeball non-protruding.
Grooming	Occasional Bath/Brush
Group	Working Group
Life Expectancy	12-14 years
Personality	Intelligent, courageous, vivacious
Relationships to other breeds	Related to the Miniature Pinscher and Doberman and other German breeds
Shedding	Occasional
Size	Medium Height 17-20 inches Weight 25-45 pounds
Tail	Tail- moderately set and carried above the horizontal. Customarily docked between the second and third joints.
Temperament	Has highly developed senses, intelligence, and aptitude for training, fearlessness, and endurance. He is alert, vigilant, deliberate and watchful of strangers. He has fearless courage and tenacity if threatened. A very vivacious dog, but not an excessive barker. He should not show viciousness by unwarranted or unprovoked attacks.
Trainability	Agreeable

Manchester Terrier Fun Facts

- Other names: Toy Manchester Terriers were commonly referred to as Rat Terriers.
- People who own a Manchester Terrier may be asked if it's a Miniature Dobermann. It's an easy mistake to make at first glance, as this unusual little Terrier does somewhat resemble the Dobermann breed, but that's where the similarities end.
- Manchester Terriers are said to be the descendants of the old English Black-and-Tan Terrier. Unlike most Terrier breeds, the Manchester is a city dog. Shipping docks around Liverpool and Manchester were alive with rats due to poor sanitation in the 1800s, so there was plenty of work for this quick-witted and nimble Terrier.
- When the Kennel Club opened its stud books in 1873, the Manchester Terrier was still known as the English Black-and-Tan Terrier. At the time, the distinguished dog judge and writer Hugh Dalziel described the Manchester as the most elegant and graceful of all Terriers.
- Mrs. Margret Bagshaw (Canyon Crest) knew AKC Judge William Kendrick (Queensbury Kennel) and was introduced to the Manchester Terrier by Mr. Kendrick. Some of their foundation stock came from the Queensbury Kennel
- Mrs. Margaret Bagshaw was a Judge of Great Danes, Miniature Pinschers, and Standard and Toy Manchester Terriers in 1946.

MANCHESTER TERRIER

Activity Level	Regular Exercise
Appearance	A small, black, short-coated dog with distinctive rich mahogany markings and a taper style tail. In structure, the Manchester presents a sleek, sturdy, yet elegant look, and has a wedge-shaped, long and clean head with a keen, bright, alert expression. The smooth, compact, muscular body expresses great power and agility, enabling the Manchester to kill vermin and course small game. Except for size and ear options, there are no differences between the Standard and Toy varieties of the Manchester Terrier. The Toy is a diminutive version of the Standard variety.
Barking	Medium
Characteristics	Good with Children? <i>Better with Supervision</i> Good with other dogs? <i>With Supervision</i>
Coat Length	Smooth
Color(s)	The coat color should be jet black and rich mahogany tan, which should not run or blend into each other, but abruptly form clear, well defined lines of color
Ears	Correct ears for the Standard variety are either the naturally erect ear, the cropped ear, or the button ear. The only correct ear for the Toy variety is the naturally erect ear.
Eyes	Nearly black, almond shaped eyes are small, bright, and sparkling. They are set moderately close together, slanting upwards on the outside. The eyes neither protrude nor sink in the skull.
Grooming	Weekly Brushing
Group	Standard Variety: Terrier Group Toy Variety: Toy Group
Life Expectancy	15-17 years
Personality	Standard Variety: Spirited, bright, keenly observant Toy Variety: Agile, spirited, intelligent
Relationships to other breeds	Black and Tan Terrier, Whippet
Shedding	Occasional
Size	Standard Variety: Small Height 15-16 inches Weight 12-22 pounds Toy Variety: XSmall Height 10-12 inches Weight under 12 pounds
Tail	The taper style tail is moderately short reaching no further than the hock joint. It is set on at the end of the croup being thicker where it joins the body. The tail tapers to a point carried no higher than the back.
Temperament	The Manchester Terrier is neither aggressive nor shy. He is keenly observant, devoted, but discerning. Not being a sparring breed, the Manchester is generally friendly with other dogs.
Trainability	Easy Training

Miniature Pinscher Fun Facts

- Mr. and Mrs. William Bagshaw who owned Canyon Crest Kennels were breeders of both Miniature Pinschers and Manchester Terriers.
- In 1941 Ch. King Eric v. Konigsbach made history as Westminster's first Miniature Pinscher group winner, their owners were the Mr. and Mrs. Bagshaw of Canyon Crest Kennels
- In 1953 Janet Mack reported in the AKC gazette that a new club had been formed called "Eastern Toy Manchester and Miniature Pinscher Club," The main purpose of the club is to promote show activities.
- In 1954 Mrs. Margaret Bagshaw was elected as a Director to the Miniature Pinscher Club of California
- Mrs. Margaret R. Bagshaw of Canyon Crest was the Author of *Pet Miniature Pinscher*, part of the same series of books as *Pet Manchester* written by Janet Mack.
- Pamela Dehetre was a handler, breeder and judge of Manchesters, Miniature Pinschers and Doberman Pinschers. She wrote a guest column for the MPCA in the 2003_09 AKC Gazette on her judging perspective from judging at their national in 2003. As a handler she has handled Min Pins since the late 60's.
- The Min Pin when introduced was placed in the Misc. category, then moved to the Terrier Group and then moved to the Toy Group a year later.

Margaret (Meg) Bagshaw with Miniature Pinschers
Circa 1940's ~1950's

Why is it called a "Pinscher"

Some confusion surrounds the origins of the name "Pinscher" The extract translation from German is "to pinsch," and this is followed by the same interpretation. If you understand that terrier—or "ratter," which the Pinscher was in his barn days—kills its prey by pinching the spinal cord at the back of the neck, the meaning of this term becomes clearer. This is done very swiftly, and the neck is broken. Most terriers breeds are required to have complete incisors in their dentition because those teeth are used to "pinch" and kill their prey. - Jackie Hungerland, *Miniature Pinscher: Reigning King of Toys*

MINIATURE PINSCHER

Activity Level	Regular Exercise
Appearance	The Miniature Pinscher is structurally a well balanced, sturdy, compact, short-coupled, smooth-coated dog. He naturally is well groomed, proud, vigorous and alert. Characteristic traits are his hackney-like action, fearless animation, complete self-possession, and his spirited presence.
Barking	Likes to be Vocal
Characteristics	Good with Children? <i>Better with Older Children</i> Good with other dogs? <i>With Supervision</i>
Coat Length	Smooth
Color(s)	Solid clear red. Stag red (red with intermingling of black hairs). Black with sharply defined rust-red markings
Ears	Ears set high, standing erect from base to tip. May be cropped or uncropped.
Eyes	Eyes full, slightly oval, clear, bright and dark even to a true black, including eye rims, with the exception of chocolates, whose eye rims should be self-colored.
Grooming	Occasional Bath/Brush
Group	Toy Group
Life Expectancy	12-16 years
Personality	Proud, fearless, fun-loving
Relationships to other breeds	Dachshund and Italian Greyhound, perhaps German Pinscher
Shedding	Occasional
Size	XSmall Height 10-12.5 inches Weight 8-10 pounds
Tail	Tail set high, held erect, docked in proportion to size of dog.
Temperament	Fearless animation, complete self-possession, and spirited presence.
Trainability	Independent

How hot is too hot?

°C	 °F				 KEY	OTHER FACTORS
15°	60°	1	1	1	1. No evidence of risk: Have fun outside!	+1 If obese

In memory of a dear friend

Jo Ann Emrick

esteem by his peers and students alike.

Artist, Illustrator, teacher and dog enthusiast, Hector's work was easily recognizable. Especially his Surreal caricatures.

The attention he paid to detail in each piece was exceptional.

Doing a commission, large or small, Hector's close friend Stephen Stricter commented "it was as if he could read your mind." Hector's imagination ran deep and his compassion for his friends ran even deeper.

We will miss you my friend. God's Speed

Jo Ann

Hector Baptista

February 24, 1970 ~ June 30, 2021

Hector Baptista, 51, of Lima, Peru passed away on June 30, 2021 of dreaded Covid.

Born in San Cristobal, Venezuela, Hector was the oldest of four children. He is survived by two sisters, Carmen Baptista and Carolina Baptista, a brother Jorge Baptista, his loving mother Maria Moya and father Hector Baptista. Also, a young niece that Hector absolutely adored.

Both family and worldly friends mourn and grieve Hector's loss tremendously.

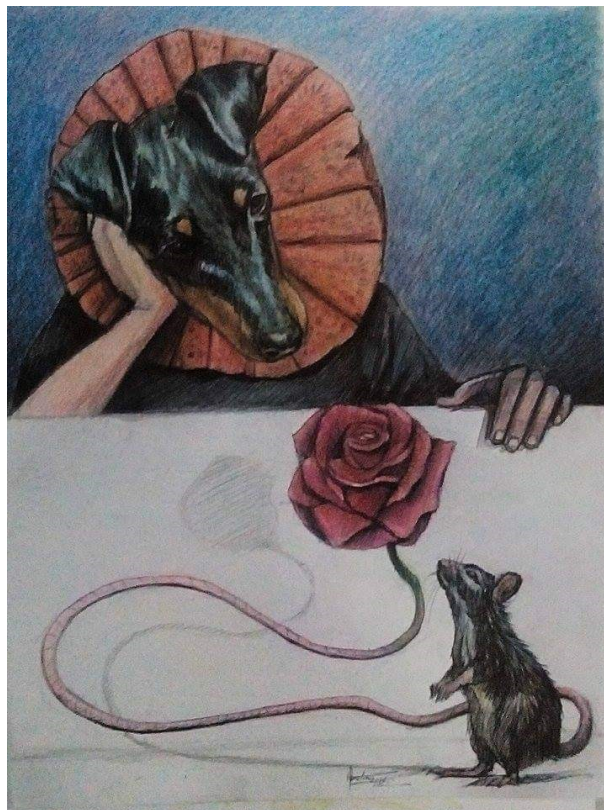

To know him was to love him; Hector's untimely death is heartbreaking for many of us.

Hector studied Art at the Universidad De Los Andes in Venezuela with rave reviews from his instructors.

He worked as a Professor of Art, teaching for the same college and was embraced and held in high

In memory of a dear friend

Twenty Basic Breeding Principles

by Raymond H. Oppenheimer For many years Raymond H. Oppenheimer was a breed columnist in the English Dog World newspaper. His books McGiffin and Co and After Bar Sinister are breed classics. (as published in the Pinscher Patter, Sept 2004)

There are a vast number of different breeding methods, some good, some bad. I should never presume to try to tell fanciers what is the right method because there is no such thing. Outstanding success can be achieved and has been achieved in a variety of different ways, so all I am going to do is to make some suggestions which I think helpful and to warn against certain pitfalls which trap too many of the unwary.

1. Don't make use of indiscriminate outcrosses. A judicious outcross can be of great value, an injudicious one can produce an aggregation of every imaginable fault in the breed.
2. Don't line breed just for the sake of line breeding. Line breeding with complementary types can bring great rewards; with unsuitable ones it will lead to immediate disaster.
3. Don't take advice from people who have always been unsuccessful breeders. If their opinions were worth having they would have proved it by their success.
4. Don't believe the popular cliché about the brother or sister of the great champion being just as good to breed from. For every one that is, hundreds are not. It depends on the animal concerned.
5. Don't credit your own dogs with virtues they don't possess. Self-deceit is a stepping-stone to failure.
6. Don't breed from mediocrities; the absence of a fault does not in any way signify the presence of its corresponding virtue
7. Don't try to line breed two dogs at the same time; you will end by line breeding to neither.
8. Don't assess the worth of a stud dog by his inferior progeny. All stud dogs sire rubbish at times; what matters are how good their best efforts are.
9. Don't allow personal feelings to influence your choice of a stud dog. The right dog for your bitch is the right dog whoever owns it.
10. Don't allow admiration of a stud dog to blind you to his faults. If you do you will soon be the victim of autointoxication.
11. Don't mate together animals which share the same faults. You are asking for trouble if you do.
12. Don't forget that it is the whole dog that counts. If you forget one virtue while searching for another you pay for it.
13. Don't search for the perfect dog as a mate for your bitch. The perfect dog (or bitch) doesn't exist, never has or never will!
14. Don't be frightened of breeding from animal that have obvious faults so long as they have compensating virtues. A lack of virtue is far the greatest fault of all.
15. Don't mate together non-complementary types. An ability to recognize type at a glance is a breeder's greatest gift; ask the successful breeders to explain this subject - there is no other way of learning. (I would define non-complementary types as ones which have the same faults and lack the same virtues.)
16. Don't forget the necessity to preserve head quality. It will vanish like a dream if you do.
17. Don't forget that substance plus quality should be one of your aims. Any fool can breed one without the other!
18. Don't forget that a great head plus soundness should be one of your aims. Many people can never breed either!
19. 19. Don't ever try to decry a great Bull terrier. A thing of beauty is not only a joy forever but also a great pride and pleasure to all true lovers of the breed.
20. Don't be satisfied with anything but the best. The second best is never good enough

Reports from the Secretary: Annual Membership Meeting Minutes

Kathy Nissen, Secretary

AMERICAN MANCHESTER TERRIER CLUB 2021 ANNUAL MEMBERSHIP MEETING MINUTES

The meeting was held in the Great Lakes Ballroom of the host hotel (Delta Hotels by Marriott Kalamazoo Conference Center). Prior to beginning the formal meeting, those in attendance were asked to sign in at the board members' table and to review the annual reports and other information provided in handouts previously placed on their tables.

President, Susan Thrasher, called the 2021 Annual Meeting to order at 7:15 p.m. EDT. Officers and board members in attendance: President, Susan Thrasher; 1st VP, Christina Caridis; Secretary, Kathy Nissen; Treasurer, Dianna Texter; Board members: Annette Bujold, Patrick Mackesey, Ellen Murtagh. Absent: Roberta Berman and Jean Good.

Members in attendance: Marit Alsagar, Mark Alsagar, Judi Fleischaker, Michelle Barlak, Renae Blankenship, Judy Deets, Lisa Flannery, Robin Gates, Julie Hartigan, Jerri Hobbs, David and Carolyn Horowitz, Rachel Jonas, Beverly Leidner, Katherine Levario, Barbie Munafo, Tammi Myers, Kat Patrick, Sherrill Printemps, Laura Rice, Richard and Cheryl Roach, Teena Uyeno, Jan Varner, John and Beverly Vics, Diane Wydick, Marla Zoz. Juniors: Taylor Blankenship, Julie Longshore and Olivia Uyeno. Guests in attendance: Jan Hendrix, Crystal and Isabelle Jorgensen, Sarah Longshore, Mollie Kavrell, Vicky Shelton.

A quorum of AMTC members in good standing was in attendance to conduct club business.

With no annual meeting held in 2020 due to covid cancellation of our national, the 2019 annual meeting minutes were read. Motion to approve

by Robin Gates, 2nd by Jan Varner. All in favor. Motion carried.

Treasurer, Dianna Texter, provided additional information regarding PayPal transactions noting the AMTC website now has a "store" for paying dues, breeder listings, yearly subscriptions for hard copy newsletters; making donations to various District Specialties and/or to a District; National Trophy fund, General Fund, Junior, Health, Rescue, General Fund, etc. This resulted due to previous issues taking place with PayPal fees not being included in payments and payments not being earmarked for a specific area. Now all fees are calculated in to whatever area your payments are designated.

Dianna also noted promotional club T shirts (\$20) and hoodies (\$41) were available for purchase, as well as, breed variety face masks (\$15).

Carolyn Horowitz and Christina Caridis were thanked by Dianna for donating funds for the balance of the cost for National class trophies.

OLD BUSINESS: (tabled in 2019 and brought forward)

Robin Gates tabled discussion regarding Juniors Showmanship Competitions during our 2019 annual meeting. This issue was reconsidered from Old Business and after discussion with those present, Judi Fleishaker made a motion there shall be a Concurrent Juniors Showmanship Competition with all 7 classes at all AMTC National Specialties that are held as a Designated Specialty. Cheryl Roach 2nd. All in Favor. Motion carried.

MTOY- Robin Gates provided a summary of procedure for MTOY for those exhibitors participating.

Reports from the Secretary: Annual Membership Meeting Minutes - Continued

NEW BUSINESS:

Review Code of Ethics – President, Susan Thrasher, reminded members upon applying for membership in the AMTC, our Code of Ethics was included for review and signature and all members prior to being approved had signed and dated same indicating their agreement to adhere to the COE. This is the club's guidelines for being a responsible member of the club and in caring for our dogs, breeding, selling, and while exhibiting being professional and a good sportsman. Carolyn Horowitz made note the Ethics Committee was removed from our previous version of our Standing Rules when the committee sitting in 2007 through 2009 drafted the 2009 revision. Concerns as raised by Carolyn Horowitz noted at that time of committee discussions when then member and By Laws/SR Revision Committee member, Peter Rank, attorney, mentioned there may be a liability for the club if penalties may be considered too severe and outside of the guidelines noted in our Bylaws under "Discipline". Kathy Nissen made note there is a difference between an Ethics Complaint which are when actions by members take place are considered to be a possible violation of our Code of Ethics and a Charge in which a member may prefer charges against a member for alleged misconduct prejudicial to the best interests of the club or the breed which may or may not be founded and require an official hearing. Carolyn Horowitz made a motion the board review the purpose and feasibility of the Ethics Committee. 2nd by Beverly Vics. All in favor. Motion carried.

Concurrent Specialties - Dianna Texter and Teena Uyeno spoke of the Concurrent Specialties held in Chino, CA which were held on private grounds, incurred no judges' nor ring stewards' expenses, trophies were provided, and the show superintendent utilized by the Districts, provided their "Dog Show in a Box" package. There were nice entry counts in attendance at both Specialties. With so

many big shows being cancelled due to Covid, the AKC has increased the number of Specialties allowed held by Parent Clubs to more than two per District. Following discussion, Carolyn Horowitz made a motion to create a webinar pertaining to hosting Concurrent Specialties with Judi Fleischaker 2nd. All in favor, Motion carried.

AKC PAC – Political Action Committee – President, Susan Thrasher, read information from the AKC's Political Action Committee which consisted of requesting National Breed Clubs holding their National event, consider donating funds from revenue generated from reserved RV and/or vehicle parking spaces, premium ringside seating and/or grooming spaces. The funds cannot come from the AKC or club treasuries; however, the AKC can accept funds raised by a club from its members. The floor was opened for questions and/or comments...none received.

Good Dogs Parent Club Program - (now known as Good Dog's Grant Program) – Kathy Nissen, Christina Caridis and Dianna Texter presented information to the membership in attendance regarding possibly joining this program. A handout prior to the start of the meeting, was available to the members for review. Following discussion of what Good Dogs has available for breeders regarding benefits for the club, a motion to join the organization was made by Carolyn Horowitz. 2nd by Teena Uyeno. All in favor. Motion carried. Following the motion, members were informed they may also join as an individual as several club members have already done.

OFA/CHIC Survey Result - Health Chairperson, Michelle Barlak, presented the results of a previous survey pertaining to those health tests recommended by the OFA for our breed. Upon request by Michelle, the OFA has recently agreed this testing can now be variety specific. After compiling the results of these surveys, Michelle noted

Reports from the Secretary: Annual Membership Meeting Minutes - Continued

there were changes made and approved by the AMTC Board of Directors, as to what was felt should be required and optional per variety and all are now noted on the OFA website at OFA.org

AKC Parent Club Semen Bank Toolkit— Health Chairperson, Michele Barlak also gave a detailed presentation regarding the AKC's Semen Bank Toolkit. Following her presentation, there was discussion as to possible benefits and drawbacks and it was decided a committee would be formed to research how it may benefit the breed. Several members eagerly volunteered to serve on this proposed committee: Robin Gates, Rachel Jonas, Tammi Meyers, Teena Uyeno with Judi Fleischaker as a consultant. All were asked to let Michelle Barlak know via email of their interest in serving on the committee.

Prior to adjournment of the meeting, Robin Gates spoke about our 2022 National to be held in Houston during the Reliant World Series of Dog Shows cluster in July. Robin noted the cluster pays for the Superintendent costs and judges' costs if we select from their panel or we can recommend judges for the panel if able to judge multiple breeds. The show site offers a meeting room after 3 p.m. each day for parent club member meeting and possibly a board meeting with prior requests made. This brought on discussion pertaining to our Judges Selection Process. Carolyn Horowitz and Tammi Myers suggested a new process be looked in to for a better way of selecting judges. The board will look into this and report back to the membership in the future.

No further business.

Motion to adjourn made by Beverly Leidner. 2nd by Kathy Nissen. All in favor. Meeting adjourned at 8:38 p.m. EDT.

Respectfully,
Kathy Nissen, AMTC Secretary

Toria Royalty in the Making DOB: 02/07/2007

...Before I close, I should like to quote from a letter I recently received. Please read it carefully. Was it written about your district and about you? "... The Toy Manchester breeders of this section of the country have, in recognition of the quickening of the tempo of interest on the part of the public in these little dogs, been producing not only better dogs, but as well, have taken a lively interest in the showing of their the marked good-sportsmanship of the owners is largely responsible for the success we are having. Seldom does the loser fail to shake the hand of, and congratulate the winner, while both are still in the ring, and this the public always applauds..." **Dixie Dempsey, AKC Gazette July 1947.**

Kathy Nissen

AMTC April 28, 2021 Board Meeting Minutes

The April 28, 2021 teleconference board meeting began at 7:40 p.m. CDT, with an informational presentation by Michelle Barlak, Health Committee Chairperson, in regard to results of two recent surveys provided the membership pertaining to possible revisions to OFA/CHIC required and optional testing for both varieties of the Manchester Terrier and the second survey, AKC Semen Bank Tool Kit. Currently, all OFA tests listed are recommended for both varieties, however, prior to the surveys, several members had previously asked if the varieties could be separated since some test areas are more prevalent in one variety than the other. Michelle noted the OFA agreed to separate the varieties. The board was in agreement revisions to required and optional testing per variety were needed and discussed what were felt to be the most important health testing areas for each variety. Dianna Texter made a motion to accept four (4) required OFA test revisions with five (5) optional tests for the Standard variety as discussed by the board. 2nd by Roberta Berman. All in favor, motion carried. Ellen Murtagh made a motion to accept five (5) required OFA test revisions with three (3) optional tests for the Toy variety as discussed by the board. 2nd by Annette Bujold. All in favor. Motion

carried. Michelle will contact the OFA with the board's recommended changes and also request the Toy variety be allowed five (5) required instead of four(4). Michelle will inform the board upon notification by OFA of approval of the board's recommended revisions.

The second survey sent to the membership pertained to the AKC Semen Bank Tool Kit. Following Michelle's presentation of the surveys results, the board was in agreement more input from the membership is needed before any decision should be considered. Michelle will present more information regarding both surveys' results at the upcoming annual meeting. Following Michelle's presentation of these surveys' results, the board thanked Michelle for her surveys, research, dedication to the health of our breed, and for an excellent presentation of information.

Following Michelle Barlak's presentation, President, Susan Thrasher, called the meeting to order at 8:42 p.m. CDT. in order to attend to items on the agenda.

Roll call: All officers and board members were present.

President's Report: Nothing new to report.

Secretary's Report: Secretary, Kathy Nissen, informed the board the 2021 AMTC Directory/2022 Conformation and Sweepstakes Judges' Ballot were mailed out and ballots were already being returned. Also noted, reports have been requested from committee chairpersons and District Gov-

Reports from the Secretary—Continued

errors for inclusion in the annual handout at the AGM.

Treasurer's Report: Treasurer, Dianna Texter, provided the current bank statements to the board via email and informed the board all current expenses have been paid and the recent agility trial chaired and organized by Karen Langlois made the club approximately \$4,500.00. A current financial report will be provided to the membership via the club website and at the AGM.

Old Business:

2021 National Event: Everything is on track, trophies are done.

2022 National Update: Chairperson, Robin Gates, unveiled the logo for the 2022 National on the club Facebook group. The logo was created by Jessica Lyn Stover. During discussion of this event, Dianna Texter asked if it might be possible to hold a CAER Clinic as other clubs have done during their shows. Christina Caridis offered to contact Robin to see if this might be possible and will report back to the board when the information is received.

AMTC Member Survey: Christina Caridis asked the board for approval to post the recent survey pertaining to what members would like to have offered at future national events on the Manchester Terrier Fans group. The same survey would be utilized with a different link to the survey. The board was in agreement to post the survey.

Archives: Christina noted she has old newsletters

from August 1996 through 2014 scanned and suggested these be uploaded to the AMTC website so members are able to view them. The board was in agreement pending what would be involved in doing so.

Virtual Attendance for 2021 Annual Meeting: At this time, this option will not be available for those members unable to attend in person. More information and options will be researched for possible virtual attendance in the future, however, the board noted while members might be able to attend virtually, their online attendance would not count for the quorum, to be able to participate in official discussions that would require a vote nor be able to vote on club matters that may take place at annual meetings.

New Business:

Upcoming Annual Board and Membership

Meetings: Secretary, Kathy Nissen, requested the board members provide any items for the annual board and general meeting agendas as soon as possible.

Honorary Members: Christina Caridis previously sent the board several AMTC members' names whom she felt were deserving of becoming Honorary members of the AMTC. Due to procedure and time constraints for presenting these members at the 2021 annual meeting, discussion was put on hold until a future board meeting for presentation at our 2022 annual meeting.

Outstanding Sportsmanship Award: Christina Caridis nominated a club member she felt should

Reports from the Secretary—Continued

be awarded this honor. 2nd V.P., Roberta Berman, requested a letter of recommendation be submitted to her nominating the member.

Good Dog's Club Grant Program: The Good Dog Program offers parent club's a grant of up to \$2,000 to utilize for such things as supporting breed related health, education, club and event promotion, and many other options. More information regarding this program will be presented at the 2021 annual meeting.

No further business, motion to adjourn made by Ellen Murtagh, 2nd by Patrick Mackesey. All in favor. Meeting adjourned at 9:08 p.m. CDT.

Respectfully,
Kathy Nissen
AMTC Sec'y

June 23, 2021 AMTC Board Meeting Minutes

The AMTC Board of Directors met via teleconference June 23, 2021 with President, Susan Thrasher calling the meeting to order at 7:35 p.m. CDT.

Roll Call: Pres. Susan Thrasher; 1st VP, Christina Caridis; 2nd VP, Roberta Berman; Secretary, Kathy Nissen. Board members: Annette Bujold, Jean Good, Patrick Mackesey and Ellen Murtagh. Absent: Dianna Texter.

A quorum was in attendance to conduct business.

Officers Reports:

President, Susan Thrasher, expressed her thanks to those attending the 2021 National in Kalamazoo, MI and to those assisting with organizing and assisting with all of the wonderful events.

1st VP, Christina Caridis, reported on the upcoming 2022 National to be held in Houston next July. Robin Gates, chairperson, is negotiating with the host hotel regarding the number of dogs per room. More information will be presented at a later date. Also noted, Robin informed Christina the Cluster has designated Wednesday for Specialty events. This may be subject to change as time gets closer. Robin will keep the board informed on a regular basis.

2023 National Update: Nothing new to report at this time.

Secretary's Report: Kathy requested board informal pre-approval of the 2021 Annual Board and General meeting minutes for publication of the Annual meeting minutes publication in the August issue of the newsletter. Motion to approve Annual meeting minutes as drafted for publication in the August newsletter made by Annette Bujold. 2nd by Jean Good. All in favor, motion carried.

Old Business:

License plate fund raiser – nothing new to report.

Cloud or other type of storage for AMTC Archives – Christina researched several venues and noted Microsoft 365 and Google Drive could be options. Microsoft 365 would cost \$99.00/year with a limit of 6 users able to access each with 1T of storage, Google Drive would be \$6.00/month with no limit on user access and each receiving 30GB of storage. Pros and cons for both. Christina asked to table this item until such time as she has the size of the Archives digitally determined. The

board concurred.

Breeder Education Committee – Kathy noted she will gather information from the AKC as a refresher regarding the formation of this committee and report back to the board.

New Business:

Ethics Committee - This committee's purpose and feasibility is being revisited due to concerns expressed by Carolyn Horowitz at the 2021 Annual meeting. Patrick Mackesey and Christina Caridis provided more clarification as to potential concerns. The board decided more discussion was necessary and will bring it forward to the July board meeting.

Good Dog Grant Program (formerly known as Good Dog Parent Club Program) During the 2021 Annual meeting, members were provided information regarding this organization and their dedication to breeders, enthusiasts and Parent Clubs. By unanimous vote of the members in good standing, all agreed we should join this organization. A grant of up to \$2,000 is available to Parent Clubs for, but not limited to, assisting with costs of National Specialties and other events, subsidizing health testing for club members, creating breed specific educational videos and much more. Following board discussion of where best to apply this grant, if received, it was agreed the health and well-being of our breed would benefit the most. Kathy will contact Health chairperson, Michelle Barlak, for her input and suggestions and report back to the board.

District 2 Specialty in Orlando Dec. 17, 2021- Motion to approve this specialty with Wendy Schober, Dist. 2 Governor as show chair, made by Christina Caridis, 2nd by Roberta Berman. Motion carried. Also noted: the paperwork for this specialty needs sent in by July 1, 2021.

District 2 Specialty – Kalamazoo, MI – Due to circumstances beyond her control, Dist. 2 Governor, Wendy Schober, was unable to attend her district's specialty held during the week of National events. Arrangements were made ahead of time for trophies from the cancelled 2020 Dist. 2 Specialty in Lexington, KY to be used for this Specialty. Also noted: Christina sent a Thank You card and gift of a trophy plate to the judge for judging this event.

2023 National Specialty Update - With this National still two years out, the board concurred a report should be sent soon, by the chairperson informing of possible locations, date, etc., as well as periodic progress reports. Wendy Schober will be chairing this event. As noted in our Standing Rules, proposals for National Specialty events shall be submitted in writing at least two years in advance of the National Specialty, however, Christina brought up the possibility of amending this to 18 months as an absolute deadline in cases where no report or proposal has been submitted by the District Governor 18 months to the first of the year of their district's rotation. Christina proposed a motion to this effect, however, the board will discuss this further at the July board meeting.

AMTC Survey Committee Report – tabled until July board meeting.

Judges Selection Procedure/Process – Kathy noted some members do not comprehend the actual process for Judges Selection for our National events and explained the process to the board as noted in the SR/Guideline/Policies/Procedures (page 101). The board agreed this procedure is in need of restructuring and discussed members having input as to how our National judges are selected. Kathy suggested sending an email to the membership asking for input, suggestions and proposals. The board was in agreement with this

Reports from the Secretary—Continued

suggestion and Kathy will draft an email to the membership.

Addition of Past National Winners' Photos/

Results - Club member, Shelley Cafferty, contacted Secretary, Kathy Nissen about the possibility of having the results and photos of past, recent and current years National winners on our club website. Kathy informed the board this was done years ago when the site was hosted by GeoCities (server no longer in existence) and possibly a server utilized after GeoCities. There used to be several years of winners' photos with identification of dog/exhibitor on the older website. The board thought this was an excellent idea and Christina agreed to gather information for this year's National and go through the Archives to search for past events' photos/information. The board realizes this will be a time consuming project, however, once completed; it will be a wonderful addition to the website.

No further business.

Motion to adjourn made by Patrick Mackesey, 2nd by Ellen Murtagh.

All in favor, motion carried. Meeting adjourned at 8:46 p.m. CDT.

Respectfully,
Kathy Nissen
AMTC Sec'y

The Influence of the Manchester Terrier on the Dobermann

By AVI MARSHAK, ISRAEL
(Chairman of the Israel Dobermann Club, DFCI
Judge)

Whenever one reads about the origin of the Dobermann one finds that several breeds took part in the “creation” of our distinguished breed. I myself was struck by the resemblance in appearance of the Manchester Terrier and the Dobermann. I decided to find out about this breed and its influence on our breed.

Phillip Gruening in his book *The Dobermann Pinscher* mentioned names of two Dobermanns that carried Manchester blood “Prinz v Ilm-Athen and Fedor v Aharth”. William Sidney Schmidt in his book *The Dobermann Pinscher* also mentioned names of Dobermanns that carried Manchester Blood “Sieger Sturfried v Ilm-Athen (one on Prinz’s most notable sons), and Tell v Kirchwazke.

Prinz’s dam, Lady v Ilm-Athen was part Manchester Terrier. Prinz became one of the great sires of the breed, almost all of progeny being black with clear dark markings, and in the field of colour his dominance was profound.

According to Goeller (one of the first Dobermann breeders) the Manchester Terrier was not brought to Thuringia before 1890, at which time the new breed was introduced. However it is a positively proven fact that at a later date the blood of the Manchester Terrier was used.

According to Gruening, at the turn of the century we recorded cross breeding with the Manchester Terrier six years later with the Greyhound and again with the Manchester.

Let us check carefully the origin and character of the Manchester Terrier. Generations ago, even before the days of the shows there was in England, Black and Tan Terriers not as elegant as the today dog, but course in type and with smutty tan markings. These dogs were used for killing rats, a popular sport in those days.

It is difficult to trace back to the origin of the Black and Tan Terrier but it is believed that the Whippet, Greyhound and Italian Greyhound were involved in the creation of this breed. At first this breed was known as the Black and Tan Terrier and in 1923 when the club was formed the name was changed to Manchester Terrier.

The Manchester Terrier is a very alert dog, aloof, very quick, fearless and sometime stubborn. He can run very fast and has the ability to change direction almost like “turning on a sixpence” when in full chase. It is obvious that this breed contributed to its alertness, its fast movement and its ability to turn on the spot while chasing, furthermore its quick teeth (the Manchester used to kill rats by grabbing their shoulders with his teeth and breaking their backs with a sudden upward toss). The blood of the Greyhound breed developed the high speed in the Dobermann. Furthermore, it is believed that this breed was used in order to improve the coat and colour of the Dobermann. The Early Dobermann had a thick, wooly undercoat which disappeared thanks to the cross breeding with the Manchester Terrier.

I began as a Junior handler in 2002 showing Standard Poodles. I worked as an assistant for professional handlers, eventually moving out of poodles and working for an all-breed handler. Lindsay Judson and I, two best friends, bonded over our love of Dobermans, and after being in Dobermans for 5 years, we decided to add another breed to our lives. After waiting 2 years for the right puppy, we purchased our first Manchester from Tammi Meyers of Medley Manchesters. Joey, Medley's You Can't Always Get What You Want was the perfect addition to our home, and we are currently waiting on the next Standard Manchester to join our pack.

"We are both very excited to be involved in a breed like Manchesters and we both believe it's imperative to be as involved with the parent club as possible, so as to do our part to preserve the breed" Lindsay and I plan to begin breeding Standard Manchesters under the mentorship of Tammi Meyers with the addition of our next bitch and eventually would love to add toys into our home as well.

Tamara Myers June 25, 2021

MEMORANDUM

To: The Board and Membership of the AMTC

From: Tamara Myers

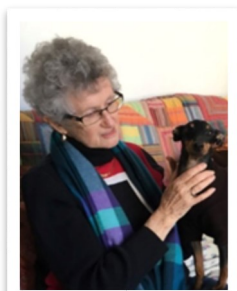

Re: Sponsor Letter for Mollie Kavrell and Lindsay Judson

This letter is to send my whole hearted approval for Mollie and Lindsay to become members in the AMTC. I have known Mollie and Lindsay for over 8 years in the Doberman Pinscher breed, as owners, trainers and competitors. They are always kind and courteous to exhibitors and visitors alike. They are always willing to help clubs with set up, clean up and in doing anything that needs to be done to help make things run smoothly. They are excellent and responsible owners, and their dogs are well taken care of, well adjusted and well socialized. They will be an asset to the club and the breed.

Sincerely, Tammi, Tamara Myers | Medley Manchesters

Committee Reports

AKC Delegate's Report

It was June, and yet again the AKC Delegate's meeting was a Zoom thing. (I HATE Zoom things!)

Be that as it may, I was all prepared to attend, but my computer wasn't. I don't know if

it was my internet connection, Spectrum, the computer or my technological incompetence, but I couldn't log on to the dreaded Zoom meeting, or any of the related Zoom meetings. I was decimated (not).

I am sorry to tell you all that I have nothing to report, BUT our meeting in September will be in person, and I will be there. I shall do my happy dance then.

Roberta Berman

Your technological incompetent

Archives

2021 AMTC Archive Inventory as Received from Virginia Antia via Wendy Schober

The archives arrived at my father's residence at 1555 Sullivan Ave., Daly City, CA 94015 on Thursday, March 12, 2021. It was delivered by FedEx Freight on one pallet and shrink wrapped securely, and in fair condition. There was some evidence of condensation on the shrink wrap. There were 27 boxes delivered. All items were removed from the shrink wrap and pallet. They were placed in a secure building on my father's property for staging of complete inventory and digitization.

Along with the 11 boxes labeled AKC Gazettes, some labeled "Book" are 4 boxes labeled Newsletters counted with the 3 boxes of Cata-

logs and Premium Lists, 2 boxes labeled financials. One box labeled Trophy, Hospitality. One box labeled stud books. One unlabeled Macy's Box. One box labeled "Books". Some artwork protected by cardboard wrapping and 3 Hall of Fame Plaques, one of which is a blank board.

Box Labeled:

"**Stud Books**": contained AKC Stud Books from 1986. Note: October not included (Source Box 1) Manchester section digitized

"**Minutes, Newsletter, Misc., Pictures, Misc**": (Source Box 2)

It is my intention to digitize as much

of the archives as possible so the history can be easily accessible to any member in good standing. Much, much gratitude to Wendy, her husband and Marla Gangler for readying the Archives for transport. The AMTC truly will benefit from your dedication and time. As you can imagine this is a work in progress. Before real cataloging can begin the everything must be physically organized. While things are separated in boxes and labeled, each box must be sifted through. All the files, every page. As of July 26th, I have 4 boxes to empty.

Respectfully submitted,

Christina Caridis
AMTC Archivist

Breed Standard Committee Report

Jo Ann Emrick

Fellow AMTC Members,

On behalf of the Breed Standard Committee, I would like to express my thankfulness to each of you that voted in the recent ballot.

Also, to each of you that chose not to vote because you are not breeders or the vote did not affect personally, I thank you!

It is heartwarming to know you were not directed by someone to vote one way or another. I highly commend you for refraining from voting in this particular situation.

Some of you may have seen on Social Media or Take The Lead Newsletter the article Mari-Beth O'Neill wrote on "Judging The Manchester Terrier." A well written, excellent article that supports our newly revised (effective October 6, 2021) Breed Standard well.

Judges Education will incorporate this into our educational handout materials for our Seminar Presentations and will add this to our Judges Education section of the AMTC Website.

We are fast at work on revamping our Power Point Program and materials.

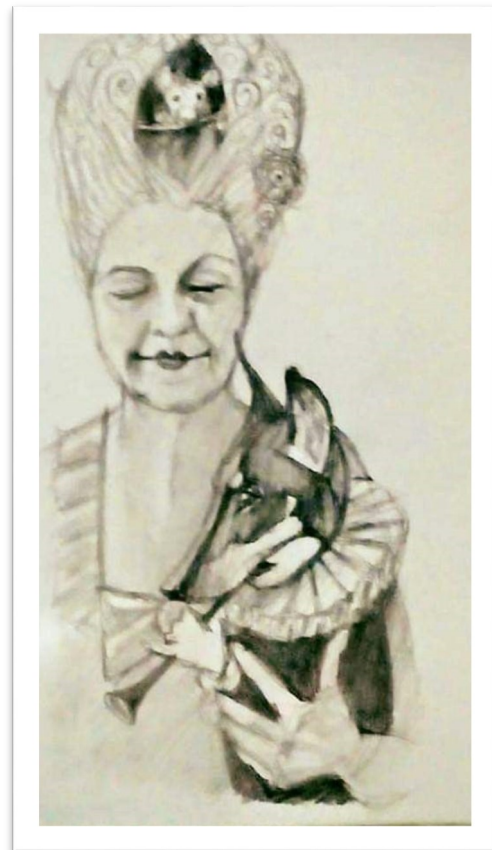

By the time you actually read this, I will have already requested photos of your Manchester Terrier's to support the Power Point Program.

Your cooperation will be greatly appreciated.

Best Wishes to all,
Jo Ann Emrick~"Wilane"
AMTC Breed Standard
Committee Chair

Breeder/Owners Bob & Barbara Wood and Jo Ann
Emrick

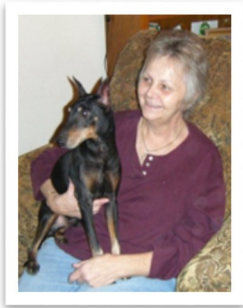

Our hearts are broken.

In Dusty's short life, to date he has sired 5 American
Champions. His legacy will live on.

Judges Education Committee Report

Jo Ann Emrick, Judges Education Committee Chair

AMTC FELLOW MEMBERS,

First and foremost I would like to CONGRATULATE Mrs. Carolyn Horowitz on applying for and becoming permit status Judge for Manchester Terriers. Our first AKC Breeder/

Judge in many years. I am so happy and excited for Carolyn!

AKC Canine College Course is up and running again! We have worked with AKC Canine College for a variety of things over the years. Presently we are working with the Multimedia Manager towards an Illustrated Breed Standard for AKC Judges Education.

Several filming's of movement, especially on specific dogs that I knew could move and wanted them redone. Reshooting was successful in both varieties.

This has definitely been a process with the pandemic. The video taping segment was shut down and many employees were furloughed.

Here is our current list of action items needed to finish production:

- Finish Photo Selections (is almost completed!)
- Film Hands On Exam
- Film an additional judge or breed expert interview

The crew will be filming in Orlando this December.

This is where I'm hoping to take advantage of this great opportunity to capture the Hands on Exam and the Breed Expert Interview and additional interviews/footage desired.

Previously, I had this all set up with Dana Cline,

Bonnie Linnell Clarke and Mari-Beth O'Neill; then Covid 19 hit. Everything came to a halt.

December brings us back to Orlando, Florida for the Herding and Toy Breed Seminars sponsored by AKC/DJAA Advanced Judges Institute.

Michelle Barlak will be presenting our Manchester Terrier Seminar. This will be our first presentation with our newly revised Breed Standard in place, effective October 6, 2021.

As always, we will need ringside mentors and dogs for the hands on portion of the seminar. If you can do either or both please let Michelle or me know at your earliest convenience.

With the Delta variant running rampant in the United States presently, I don't know what restrictions or precautions will be in effect. I will be sure to make an announcement when I have further information.

Scales have certainly been a big controversy.

A brief recap going back to November, 2019 when Tim Thomas first made contact with me about the scales.

Tim Thomas, VP of Dog Show Judges has been in contact with me regarding scales.

We discussed the issue of the scale not being produced by the Superintendent when requested by a judge National week in Boise.

Tim is going to follow up with the events department to ensure it was properly addressed with the Superintendent.

Now is our opportunity to speak up.

(Continued on page 72)

Judges Education Committee Report-Continued

Are there any additional concerns related to scales, i.e. surface size, type, etc. that should be addressed? Tim wants to be sure he is thorough with his review.

Please state answers here. I will forward all concerns.

Time is of the essence. Answer soon, please!

This topic was being discussed within the AKC Dog Show rules committee.

There will also be a discussion at the Delegates Meeting in Orlando.

*Oh comments were forwarded to Tim I immediately.

Fast forward

Rod Herner had put me in touch with Cindy Stansell, AKC Judge and Breeder of Frenchies, another weighed breed.

We advocated together.

Here we are now, finally, up to date on the Guidelines for APPROVED Scales at AKC CONFORMATION DOG SHOWS. Effective January 2022.

AKC Conformation Judges Updates AA

applications **received after September 30, 2021** must comply with the standard criteria of the *Judging Approval Process*.

- The Board at its April 2021 meeting reviewed enhanced Guidelines for approved scales at AKC conformation events drafted by AKC Staff. The purpose of the revised guidelines for scales is to instill greater confidence in the equipment used to determine eligibility associated with weight for both the judge and exhibitor. A highlight of the revised scale guidelines is the establishment of minimum platform sizes. All-breed dog shows and any conformation event where Dachshunds, Standard Manchester Terriers or French Bulldogs may compete will be required to have a scale whose platform is a minimum of 160 sq. inches in area (i.e. 16" x 10") and conformation events limited to Toy breeds will be required to have a scale whose platform is a minimum of 108 sq. inches in area (i.e. 12" x 9").

The **Guidelines for Approved Scales at AKC Conformation Dog Shows** has been sent to all licensed superintendents and included in the Events Department communications to licensed and member clubs with a compliance date of January 1, 2022. It will also be posted on the AKC website and included in the next revision of the *AKC Show Manual*.

Judges Education Committee Report-Continued

Also, to bring you up to date on VERBAL PROTESTS which are THE RULES FOR AKC CONFORMATION JUDGES effective July 14, 2021 JUDGES have been updated as follows: (See insert to the right—>)

PLEASE, make note; for our next Newsletter in November, a complete article on rules related to weighing will be addressed.

Yours truly in Manchester Terriers,

Jo Ann Emrick
AMTC Judge's Education Coordinator

Effective July 14, 2021

This insert is issued as a supplement to *Rules Policies and Guidelines for Conformation Dog Show Judges* amended to October 2019 and approved by the AKC Board July 13, 2021.

Replace the existing section on **Verbal Protests** (page 26) with the following:

[R] Verbal Protests Any person who is handling a competing dog in the ring in any conformation competition may then verbally protest to the judge before every dog in the class has been individually examined and individually gaited. (Chapter 15, Section 2, **Rules**)

Protests may be made alleging a dog being shown in the competition has a condition which makes it ineligible to compete (Chapter 11, Section 8, or Chapter 11, Section 8-C, **Rules**), a condition requiring disqualification under the standard for the breed or excusal for condition of class. (Chapter 14, Sections 3, 4, 6 or 6A **Rules**)

When a verbal protest is made, examine the dog protested. If, in your opinion the dog does not possess the disqualifying fault or is compliant with the condition of class protested, advise the exhibitor who made the protest and mark your judge's book, "**Verbal protest, (stating the reason for protest), not sustained.**" If the dog has the disqualifying condition or does not meet the conditions of class, disqualify or excuse the dog as applicable and mark your book "**Verbal protest, (stating the reason for the protest), disqualified (or excused).**" Protests regarding **conditions of class** are to be marked "**Verbal protest, (reason for protest), not sustained**" or "**Verbal protest, (reason for protest), excused.**"

Treasurer's Report

Dianna Texter, Treasurer

07-20-21 Report from the Treasurer

Good Afternoon! Below is a recap of our current financial state following the nationals!

A huge thank you and job well done to Judi Fleischaker, Christina Caridis, Carolyn & David Horowitz, Katherine Levario, Robin Gates, Jerri Hobbs, Julie Hartigan and Jeremy McClister who all pitched in either for the nationals, the banquet, the district specialties, hospitality or in some way to make this all possible.

Thank you to Tammi Myers for Mc'ing the auction for us and to the Pat Dresser Family for the awesome donations which helped make this event a huge success. I am sure there are many whom I have forgotten it seems like such a blur it all went by so fast. Please note we are still waiting on a few expenses so the financial numbers are not an exact final- but are current thru

everything received as of today.

I look forward to hearing the awesome stories and accomplishments and seeing all the photos in the newsletter. Thank you to all for your generosity.

If anyone has any questions- don't hesitate to ask. Have a great rest of the summer.

Please note my new email address:

District 2

Wendy Schober, Governor, District 2

Hi, District 2 would like to send out a Congratulations and a “Thank you”, for entering and showing at our Specialty during Nationals and the All Breed show in Kalamazoo, MI. Congratulations to the District 2 Specialty Winners at the Holland Michigan KC in Kalamazoo, MI. If I am missing anyone, I apologize, I was not there so I obtained the results for a 3rd party.

 AOM- CH Medley’s I Want It All Von Aksu, Owner: Tamara Meyers/Lle Aksu

Also I would like to congratulate our Westminster Winners and entrants for making it there. It was a beautiful show sight. I do have to give a special shout out to my Lil’Man for his AOM. Receiving any award from Westminster was truly an honor.  Also, Congratulations to District 2’s Susan Thibodeaux, on her BOB AND BOS with both her Toy Fox Terriers. (I know not Manchester’s, but I have to recognize this huge accomplishment none the less)

We have begun preparations for District 2’s Specialty during Royal Canin in Orlando. We will be having a Supported entry on Thursday Dec. 16 and our Specialty Friday Dec. 17. This year we will be including Juniors and 4-6 puppy in the Specialty, as well as, recognizing our performance Manchester’s. There will also be a reduced entry fee for the 4-6 puppy, so bring the puppies with you on the trip to Orlando! We will share as more develops in our planning.

Special Congratulations to Carolyn Horowitz on becoming our newest Breed judge! She truly brings much breed knowledge and experience to the judge’s field, let’s hope other judges may learn from her as well.

Hope everyone’s summer is going well.

Jeremy McClister, Governor, District 3

Another National in the books. It was great to see so many lovely dogs and friends that we have not been able to see is so long. Congratulations to all the winners. It was almost like being back to normal again at the show. I think our breed is going strong and we have so many talented young juniors out in the rings now. Gives all of us hope for the sport and our breed to continue. Hope to see you all around the ring again soon.

Jeremy

District 4

Robin Gates, Governor, District 4

You know when you are so tired, your tired is tired...that is me. There is so much going on with District 4 and at the same time a lot going on with me. My 80 year old mother, Barbara Gates, had a knee replacement in late June. I am her primary caregiver and still working full time. Even with all of this going on, District 4 has moved forward on several events.

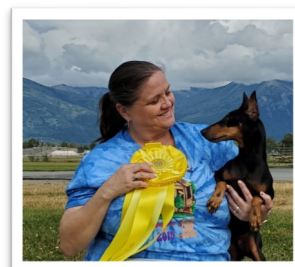

I was able to create a District 4 private group on Facebook. Although, it is not a primary method of communication, it is a place we can post updates, events, and stories. I will always use the newsletter and email as our primary communication source since not everyone is on Facebook.

In August, the AKC traveling Meet the Breed event will be in two District 4 cities, San Diego Aug 14-15 and Dallas Aug 21-22. Teena Uyeno will be spearheading the San Diego event and I

will be in charge of the Dallas event. We need people and dogs of both varieties to be available at both events for several hours a day to visit with the public. Please reach out to us ASAP if you and your dogs can attend. We will need a list of participants in advance.

In October, New Mexico will have dozens of shows and events throughout the month. This is a great opportunity for many events within just a few hours of each other during a beautiful time of year.

In November, the groovy Woofstock show will be held in Vallejo, CA November 4-7, 2021. The District 4 Specialty will be alongside District 5 and the Gold Coast Manchester Terrier Club. I am excited to be the show chairman for the

District 4 specialty and will be judging sweepstakes for the District 5. I have wonderful trophies that we picked last year and just carried over to this year. I will welcome any and all help to set up trophies and tables on our show day. Please reach out to me and I will also be reaching out as well.

In December, District 2 Governor Wendy Schober is now the show chairman for their District Specialty in Orlando December 12, 2021. I am thrilled to see this specialty continue in her capable hands and am happy to pass the torch to her after being chairman for 2 years.

In January 2022, the District 4 Designated Specialty will be held on Saturday, January 8, with the District 5 Specialty on Sunday the 9th in conjunction with the Kennel Club of Palm Springs shows. The shows are held at the divine Empire Polo Grounds in Indio, CA. We are so excited to have long time breeder and now judge, Mrs. Carolyn Horowitz, as our specialty judge.

Thank you to everyone that got their vote in when we had to make an expedited decision on our judge. I look forward to all of the District 4 members volunteering to set up the trophy tables, rosettes, put together a raffle, donate items, and come on over to the west coast side of our district!!

July 2022 is the AMTC National Week at the Houston World Series of Dog Shows in Houston, TX. I will send out the sign up sheets to our District and other Districts so we can have lots of participants and volunteers. We are excited to show all of our Manchester lovers the Texas hospitality!!

Everyone tired yet?

Additionally, our district also continues to welcome new members and increasing the number of new people to the Manchester breed.

District 5 Governor Report August 2021

Dear AMTC Membership;

Hopefully this quarterly report finds you all well. It always amazes me how quickly the year flies by once July hits. Since the May issue we had a wonderful, and very successful National Specialty. It would be remiss of me not to extend my sincere gratitude to the Dresser Family for the remarkable treasures donated to the auction. Of which, a couple of these beloved treasures made it home with me — a framed charcoal drawing of CH Salutaire's Sweet Talkin' Man "Johnny" and a glasswork framed photo of CH Dress Circle Heart O' Spades DNA are both displayed in my home among so many other Manchester Terrier works. My sincere gratitude to Dr. Judi, Dr. Mark, Marit and their family for providing everything needed to host such a lovely National. District 5 offered a Supported Entry on Memorial Day, May 31, 2021 in conjunction with the National weekend. In July, District 5 had a nice entry of Toys and Standards at the Western Washington Clubster in Puyallup, Washing. Please find a winners report from the Support Entry and brags following this article.

Recently, District 5 has decided to offer a Specialty in conjunction with the Specialty offered by District 4 in Indio, California. Mrs. Bergit Coady-Kabel is our judge for our show and Dr. Judi Fleischaker will judge sweeps on Sunday, January 9, 2022.

Other District 5 updates: Lisa Nonog is considering hosting a Specialty at the Enumclaw, WA shows next year. Please extend any help you can provide. It is a pleasure to announce we have a new Sunshine Chair. Michelle Jausoro has accepted this very special position for our district. Thank you so much Michelle for offering to help our district extend heartfelt salutations to our members.

Thank you everyone for all your support, advice and ideas. Keep them coming.

Respectfully,
Christina Caridis
District 5 Governor

Owen picked up 2 majors and 10 points his first weekend out at the tender age of 6 months and 9 days at the Western Washington Summer Cluster in Puyallup, Washington.

District 1 Specialty, Best of Winners, 5 point win for Medley's Poetic Justice at the Grand Rapids Kennel Club Show, by Judge Timothy Catterson. Handler/Co-owner: Tamara Myers, Breeder: Christina Caridis

BRAGS

CH Bayside's Radiant One ATT

Puppy Sweepstakes: Best of Opposite Sex to Best of Breed

Judge: Ms. Michelle Barlak

Breeder-Owner Handler: Mrs. Dianna Texter

Dianna reports Phoebe finished her championship with a major with a Winners Bitch award in Puyallup, Washington. Phoebe also picked up the ATT — AKC's new Temperament Title.

Group winning new Champion, CH Spirit's Truly Outrageous co-bred/owned and handled by Amie McLaughlin. Awarded Winners Bitch from Mr. Nathaniel Horn at Western Washington Cluster

What is the AKC Temperament Test?

(from the AKC website)

The AKC Temperament Test (ATT) was developed to bring focus and provide a meaningful evaluation to assess the temperament of our canine companions.

The ATT tests how a dog reacts to a variety of stimuli. Desirable traits are that the dog will be emotionally stable, inquisitive, cooperative, appropriately social for its breed, biddable and demonstrates the ability to recover from a startling situation in a reasonable amount of time.

Undesirable traits are fear, shyness, lack of cooperation and an inability to recover from unfamiliar or unexpected situations. Examples of undesirable behaviors include being afraid of friendly strangers or unfamiliar stimuli, obsessive barking, and aggression.

In the ATT, dogs are tested in 6 categories of stimuli that include:

1. Social
2. Auditory
3. Visual
4. Tactile
5. Proprioceptive (motion)
6. Unexpected stimulus

Earn an ATT Title:

If a dog passes the ATT on two occasions, under two different evaluators, the owner may apply for the AKC Temperament Test (ATT) suffix title. The ATT Title Application along with the passing Evaluator Score Sheets from two different tests and the required title application fee must be submitted to AKC. Upon verification, the ATT title will be applied to the dog's record and will appear on the dog's AKC title record. The title certificate will be mailed to the dog's primary owner of record.

All dogs entered in tests should already have either an AKC or FSS registration number or a Canine Partners Listing number or Purebred Alternative Listing Number.

Hosting and Event:

Any licensed AKC club can apply to host an AKC Temperament Test. An approved AKC ATT Evaluator will need to be assigned. Clubs can host 2 tests in one day and there is no mileage or distance conflicts. ATTs can be held in conjunction with other AKC events or as a stand alone event.

The Manchester Terrier's Temperament is (Summary): Keenly observant, devoted, but discerning. generally friendly with other dogs. Not aggressive or shy.

How the PPCP Program Works

- **Members of Purina Pro Club must declare participation in the Purina Parent Club Partnership (PPCP) program and designate their national parent club. The parent club also must be enrolled in the PPCP program.**
- **Pro Club members earn Purina Points by purchasing qualifying Purina pet foods and submitting proof of purchase.**
- **Purina donates 10 percent of qualifying points earned by Pro Club members who participate in the PPCP program. An annual distribution is made by Purina, with half of the distribution going to the designated breed club and the other half to the club's Donor Advised Fund at the AKC Canine Health Foundation to support canine health research.**
- **To begin earning Purina Points for your breed club, log on to your account at purinaproclub.com and make sure your profile shows you are participating in PPCP. If you are not yet a member, you also can join Pro Club at that website. For information about using Donor Advised Funds at the AKC Canine Health Foundation, call 888-6829696 or contact chfgrants@akcchf.org.**

AKC Stud Book Certification

AKC STUD BOOK CERTIFICATION AND ACKNOWLEDGMENT – PARENT CLUB MEMBER

By signing this AKC Stud Book Certification and Acknowledgment – Parent Club Member (“Certification”), I certify that the information provided by me in this Certification is true and accurate. I certify that I am a member in good standing of the _____ club, an AKC national parent club; and that I am in good standing with the American Kennel Club. I have requested from my club access to the _____ breed portion of the American Kennel Club Stud Book Register (“AKC Stud Book”) for a period of _____ month(s), and in any event not for a period of time to exceed one year. If thereafter I desire to continue to receive the AKC Stud Book, I agree to make another request and execute and deliver another Certification in the form then provided by AKC before receiving the AKC Stud Book. As a condition of use of the AKC Stud Book, I certify that I will use the AKC Stud Book for noncommercial research or scholarship purposes only; that I will not make or allow to be made any commercial, for profit, business or marketing use of the AKC Stud Book or any information from the AKC Stud Book; and that I will not, and will not allow others to, sell, trade, share, distribute, make available, make copies of, or publish in any form whatsoever specifically including, but not limited to, any electronic, email or “online” form, the AKC Stud Book or any information from the AKC Stud Book without the prior, written consent of AKC. I acknowledge that AKC is the owner of the AKC Stud Book and that I claim no rights in and to the AKC Stud Book or to any information contained therein. I further agree to credit AKC on works using the AKC Stud Book pursuant to the terms of this Certification in the following format: “Source: The American Kennel Club. Used with permission.”

I understand that AKC makes no express or implied warranties or representations with respect to the AKC Stud Book. The information is provided “AS IS,” with no warranties of any kind, express or implied. In addition, I understand that AKC makes no representation that the electronic transmission of the AKC Stud Book will be uninterrupted or error-free, and AKC will not be liable for the consequences of any interruptions or errors.

I understand and agree that AKC shall not be liable for indirect, special or consequential damages, or any loss of revenue, profits or data arising in connection with this Certification or the AKC Stud Book. I agree to indemnify the AKC, its officers, directors and employees for any loss, damage, claim or expense arising out of or related to my breach of the provisions of this Certification.

I understand that my breach of this Certification shall result in immediate and irreparable damage to AKC. I also understand that money damages may not be an adequate remedy for such breach. Accordingly, in such event, I agree that

AKC shall be entitled to injunctive relief to enforce or prevent any violation or threatened violation of this Certification. I agree that such remedy shall be in addition to and not exclusive of any other remedy available to AKC at law or in equity.

I understand and agree that any cause of action, controversy or claim arising out of or related to this Certification or as to the construction, interpretation and effect of this Certification shall be settled by arbitration pursuant to the applicable rules of the American Arbitration Association, except that equitable relief may be sought from any court of competent jurisdiction. The place of arbitration shall be New York, New York. The laws of the State of New York, without regard to provisions regarding conflicts of law, shall apply.

I understand and agree that once submitted, this Certification becomes the property of AKC. I further understand and agree that my receipt of the AKC Stud Book is not guaranteed, may be revoked at any time if given, and is subject to AKC's sole discretion. I understand and agree that any error, omission or misrepresentation of this Certification may result in the cancellation of access to the AKC Stud Book, and/or the loss of AKC privileges. I further state that I have read and understand the contents of this Certification and have been, or have had the opportunity to be and have elected not to be, advised by counsel.

All items must be received before any consideration will be given to your application.

Action by Board of Directors: _____ Date: _____ Rev. 09/19

American Manchester Terrier Club Code of Ethics

Membership in the American Manchester Terrier Club (AMTC) is a privilege. In return for acceptance into the AMTC, I promise to abide by the following Code of Ethics and to submit to the enforcement of this Code by the AMTC Board of Directors.

GENERAL

I pledge as an owner of Manchester Terriers to be responsible for the dogs in my care. My responsibilities include providing proper shelter which is clean, dry and warm; appropriate veterinary care and inoculations; emergency veterinary care when needed; quality food and water; adherence to local and state animal control and licensing laws.

BREEDING

I pledge:

1. To accept and uphold the Standard of the Manchester Terrier as developed by the AMTC and approved by the AKC.
2. To breed only physically and mentally sound Manchester Terriers in order to maintain or improve the qualities of the breed as set forth in the Standard. I will not participate in the indiscriminate breeding of studs or bitches with no regard to quality.
3. To screen or obtain proof of screening of breeding stock for communicable diseases, hereditary faults or defects, either active or dormant. Questionable animals will not be used in my breeding program.
4. To forego breeding unless financially capable and willing to responsibly and caringly maintain whelped puppies until placed in their new homes.
5. To maintain complete and accurate breeding records in accordance with AKC regulations.

SELLING

I pledge:

1. To in no way misrepresent any Manchester Terrier for sale.
2. To provide all buyers with:
 - A. AKC individual registration application or certificate properly filled out by seller.
 - B. Minimum three-generation pedigree.
 - C. Record of inoculations, worming, etc.
 - D. Provide instructions for feeding and care.
 - E. Be available for guidance and questions.
3. **Not** to sell, give, trade, abandon or in any manner transfer litters or individual Manchester Terriers to pet dealers, pet wholesalers, auctions, laboratories, raffles, pet stores, puppy mills, animal shelters, or any source for resale. I will not knowingly transfer ownership or provide stud service to anyone who intends to breed Manchester Terriers for any of the above listed purposes.
4. To take back any Manchester Terrier I bred if the current owner of the dog can no longer keep him or her. I will evaluate the dog as to whether or not s/he is suitable for placing in a new home. In the very unfortunate circumstance that the dog is not suitable, I will either keep the dog myself or provide proper veterinary euthanasia. In the rare event that I cannot take back a dog due to current personal circumstances, I will place the dog in AMTC rescue. I, the breeder, will reimburse any and all reasonable expenses incurred on behalf of a dog in this unusual situation to AMTC rescue.

EXHIBITING

I pledge:

1. To serve as an example of good sportsmanship in any aspect of the sport of dogs, assisting and befriending newcomers to the best of my ability.
2. To show only those Manchester Terriers which deserve to be champions in light of the Standard and which are in proper condition.
3. Not to kennel pack for points in conformation or to engage in any other unfair practices in competition.

PENALTIES

I acknowledge and accept for disciplinary purposes a sliding scale of penalties based upon the seriousness of the deviation from this Code of Ethics. The Board of Directors will apply penalties equally to any and all offenders after a proper review of the evidence. Penalties include but are not limited to: reprimand from the Board; temporary suspension from AMTC membership; permanent suspension from AMTC membership; reporting offenders to the AKC; withholding AMTC awards. I have read and I promise to abide by the above Code of Ethics as set forth by the AMTC.
